# 7th Annual Environmental Poster Contest Winners

The 7th Annual Environmental Poster Contest was again sponsored by the Mayor's Environmental and Transportation Commission.

The theme was "How the Environment Impacts My Life in Hasbrouck Heights" or "What We Can Do to Help The Environment." Students in Grades Kindergarten through Fifth from Euclid School, Lincoln School and Corpus Christi School were invited to submit an entry. Each entry was judged on originality, artistic merit and portrayal of the chosen theme.

There were 24 awards given. Entrants received either First Place, Second Place, Third Place or Honorable Mention. All winners, along with their parents and/or guardians, attended the May 10, 2011 Mayor and Council meeting. Each child received a Certificate of Achievement.

Contest Chair Mayor Rose Heck and John Kosakowski visited each school. Mr. Kosakowski, owner of **Bill O'Shea's Florist**, presented a begonia plant to each child. He explained to the children that the plants could be kept on window sills or planted in gardens.

### Blooming Flowers

For truly magnificent blooms, all flower species which thrive in alkaline soil (*geranium, begonia, hydrangea*) benefit greatly from an occasional watering with a weak baking soda solution. Sweeten tomatoes by lowering their acidity by sprinkling baking soda lightly on the soil around the plants. This will also discourage pests. ###

# Kids and Money

Children who learn to save at an early age have a great advantage. Families can enjoy the process and financial benefits of having money-savvy kids.

### Where to Find a Bank Account for Kids

Bank accounts for kids aren't exactly profitable, so some of the bottom-line oriented institutions won't even offer them. The first choice would be to look into smaller institutions like community banks and credit unions.

### Location

Is the bank convenient for you to get to? If your children embrace the idea of their own savings accounts, they may want to make frequent trips to the bank. Consider a neighborhood bank, one on a common route that you travel, or inside your local supermarket to keep the trips from turning into a hassle.

### Fees and Requirements

### Apollo 15 Mission Presentation

On Friday, July 29, 2011, at 7 p.m., at the Aviation Hall of Fame and Museum of NJ, noted space-flight historian and educator, Joe Lennox, will be presenting a multimedia look back on the Apollo 15 mission to the Moon on the occasion of the flight's 40th anniversary.

It was the ninth manned mission of the Apollo space program and the fourth to land on the moon.

The Museum is located at 400 Fred Wehran Drive, Teterboro Airport. Admission is \$7 for adults and \$5 for children and seniors. For more information call 201-299-6344. ###

have monthly maintenance fees or minimum balance requirements. In addition, make sure there is no limit on the number of small deposits.

Also, watch out for banks that charge fees for inactive accounts and read all the small print before opening the account.

### How it Works

When you open a bank account for kids, the child should get some fun things or toys to make it interesting for him/her.

What is more important, bank accounts for children typically have lower minimums to open. New parents are stretched enough as it is, and the idea is just to have an account open.

As the years go on, the institution might celebrate the child's birthday by sending out a certificate as a present. The certificate can be redeemed for various things. Another way to

support children's saving is to offer free coin counting.

The kids love to come to the bank with their piggy banks and add to their savings. Many institutions offer kids club accounts in passbook forms.

The little customers can hold on to their books and see their savings grow. Other banks allow children to go behind the counter and see the safe. The extra services are very valuable teaching tools.

Over the years, hopefully the child has learned something about saving and watched the money grow.

Also, the child has presumably been to the institution a few times and understands what goes on there – money goes in and comes out, as needed.

Of course, the institution benefits by having an existing relationship that will hopefully turn into a long-time account holder. ###

# Blake Freschi HH Police "Chief for a Day"

On Friday, June 3, 2011, First Grader Blake Freschi was Hasbrouck Heights' "Chief for a Day" in the inaugural county-wide program sponsored by the Bergen County Chiefs Association and Bergen County Sheriff's Office.

About 17 local law enforcement agencies participated in this inspirational program designed to brighten the lives of local children with chronic health conditions, and provide them and their families with a close-up, behind-the-scenes look at the inner workings of law enforcement. This year's "Chiefs" ranged in age from 5 to 13 years old.

Blake received his own uniform before being sworn in as "Chief for the Day" by Mayor Rose Heck, followed by a meeting with Borough Administrator Michael Kronyak.

The "Chiefs" toured their local police departments in the morning, and were then

transported in a patrol car to the Bergen County Justice Center where they participated in a group ceremony.

At 11:30 a.m., a special motorcade left the Justice Center for Lodi Memorial Park where the new "Chiefs" enjoyed lunch and a variety of demonstrations by law enforcement agencies including NJ State Police NORTHSTAR Helicopter, K-9, mounted squad and specialty teams. The day concluded with each "Chief" receiving a plaque and certificate commemorating the experience.

(The other sponsoring police departments from our area: East Rutherford, Edgewater, Elmwood Park, Englewood Cliffs, Garfield, Hasbrouck Heights, Hackensack, Lodi, Maywood, Park Ridge, Ramsey, Saddle Brook, Teaneck, Wallington, Washington Township, Woodcliff Lake and Westwood.) # Fatal Vision ... Behind Drunken Eyes

On Thursday, May 12, 2011, 11th and 12th Graders from the Hasbrouck Heights Jr.-Sr. High School experienced "driving under the influence" with special goggles that simulate the effects of .17 to .20 blood alcohol level (the equivalent of 10 drinks an hour).

Students drove golf carts through a pylon coned course first as an orientation drive through, then again with special goggles that simulated the visual impairment caused by alcohol or other drugs. There were two types of "Fatal Vi-

sion" goggles used -- daytime and nighttime.

Viewing through the goggle is rather clear, but confusing to the mind. The wearer experienced a loss of equilibrium which is one of the effects of intoxication.

Both the driver wearing the goggles, and those students who observed this unique experience, saw the dramatic effects of impaired driving.

According to Chief Michael Colaneri, the purpose of

the exercise is to create DWI awareness with the 12th Graders before their prom and graduation, and to the 11th Graders who will soon be driving.

"Accidents are the leading cause of death for teenagers," stated D.A.R.E. Officer Det. Sgt. Joseph Rinke.

The golf carts were supplied by Bergen County and transported by Lenox Towing.

This was the 11th year the HHPD has conducted the "Fatal Vision" exercise. ###

## Wine & Other Delights

The Friends of The Hasbrouck Heights Free Public Library, in partnership with the Chamber of Commerce, sponsored Wine & Other Delights on Thursday, June 2, 2011 at Il Villaggio.

This event helped raise funds to support and maintain cutting edge technologies at The Library and Chamber sponsored year round community outreach projects.

A wonderful time was had by all. Award-winning humor columnist Bill Ervolino kept everyone laughing in their seats. Special music was provided by DJ William Silva. Additional funds were raised through the raffling off of beautifully decorated baskets of donated goods and a 50/50 drawing. *Photo provided by The Hasbrouck Heights Free Public Library.* ###

## Moonachie Ecumenical Memorial Service Honors Veterans

On May 22, 2011, at 7 p.m., the First Presbyterian Church of Moonachie hosted a Community Memorial Service in honor of Veterans and emergency workers, especially those who have given their lives in service to the country and the community.

This service was originally hosted by the VFW and the American Legion for 30 years, but as their membership aged, the First Presbyterian offered to continue the tradition so that the services would continue.

About 100 attended this year, to include members of the Carlstadt VFW and American Legion as well as the Posts from Little Ferry and the Veterans from Moonachie and the surrounding areas.

Just prior to the service, combined Veterans organizations, Moonachie Fire Department/Ladies' Auxiliary, and Moonachie First Aid and Res-

cue Squad, led a processional into the Church.

# Solimo Retires

On June 14, 2011, the Moonachie Board of Education recognized Mark T. Solimo's 11 years of dedicated service to the Moonachie School District during their board meeting.

The plaque read, "As the district's only school celebrates its one hundredth year and your distinguished tenure as Superintendent/Principal draws to a close, the Moonachie School District acknowledges your many years of service, honors the contributions you made

that have enriched the lives and learning experiences of students who passed through the doors of the Robert L. Craig School under your watch and recognizes the legacy of leadership and enduring presence that will impact generations of students to come."

"You embraced your role as the district's chief administrator and with single minded determination and strength of purpose, created a learning environment that recognized,

supported and nurtured the best in all students as they embarked on an educational path and a journey of self-discovery -- the bounds of which were limitless."

"An advocate for personal responsibility, yet mindful of individual circumstance, you tempered discipline with compassion and demonstrated that character was as important as achievement."

"With grace and poise you welcomed each and every challenge, never losing sight of your commitment to students, staff and the community and

never sacrificing your beliefs for principles."

"When needed changes encountered resistance, your courage, conviction and guiding hand steered the district through sometimes rough waters and set the course for calmer seas -- balancing the demands of the future with the traditions of the past. In doing so, you ushered in a twenty-first century model of education while preserving a years gone by feeling of a small town community school."

"While you held others to a high standards of perfor-

mance, you did so knowing that you expected even more from yourself."

"Your respect for others and appreciation of their talent and expertise were absolute, and your willingness to take risks and undertake what sometimes could only be imagined were inspiring to those whose freedom to explore was always encouraged. Good natured and good-humored, you were approachable to all with quiet strength and self assurance you led by example and always with your integrity and dignity intact." ###

ful spring day, the First Monday Club held their annual picnic at Woodland Park.

forward to the meetings because they want to, rather than have to. The club welcomes new members. Anyone interested is welcome to attend the next picnic meeting on Septem-

ber 12 at Woodland Park.

The club makes a donation to the Hackensack University Medical Center Tomorrows Children's Fund in the name of deceased members. ###

## HH Garden Club Beautifying The Boulevard

Beautiful flowering planters have adorned The Boulevard for the past five years.

On Saturday, May 21, 2011, at the Plant Road DPW yard, the Hasbrouck Heights Garden Club, with assistance from Hasbrouck Heights Girl Scout Troop 438, and the Hasbrouck Heights DPW, prepared 60 fiberglass planters with mulch, soil and plantings. Each planter has 13 different types of plants.

Plants include: Canna, Lantana, Coleus, "El Brighto," Coleus, "Gay's Delight" Pillar Geraniums, Ipomoea, "Chillin Lemonade," accented with brightly colored Petunias.

On Sunday morning, May 22, the planters were put into position along The Boulevard

by the DPW. The DPW has agreed to water the plants during the season. It takes the DPW about 10 man-hours per week to water these planters.

Through the summer, students from the Hasbrouck Heights Jr. High Beta Club will adopt and tend the planters for community service credit. The club advisor is Kirstin Krysz.

According to Ann Lustberg of the HH Garden Club, "The Boulevard in Bloom beautification project adds visual interest and aesthetics to The Boulevard streetscape from May until September."

After the summer, the DPW will collect the flower pots and store them for the

winter.

The estimated annual cost for this program is \$3,000 and is funded by donations. Work is done by Garden Club volunteers.

Sponsor recognition is located on the first floor of the Municipal Complex.

The Hasbrouck Heights Chamber of Commerce, in cooperation with the HH Garden Club, invites businesses and residents to sponsor a flower pot with planting to be placed along The Boulevard by donating to this on-going program.

Cost is \$50 to replenish the planting of an existing pot. Call Maria at 201-288-3111 or Ann at 201-288-3956 for more information. ###

About 200 residents and local civic groups got down and dirty with the 12th Annual Keep Wood-Ridge Beautiful Committee on Sunday, June 5, 2011.

The purpose of this event was to raise awareness of our environment and the impact of litter.

The event cost about \$1,500 which included printing the T-shirts, buying flowers, etc., and came from a \$10,400 grant.

The 2011 "Keep Wood-Ridge Beautiful" T-Shirts were designed through an art contest with winners each receiving \$50 from Borough Council members. Winners were: middle school student, Stephanie O'Byrne and high school student, Carol Villavicencio.

Donning the event T-shirts, volunteers assembled at the Senior Center then were divided into small groups to clean up Hackensack Street, Valley Boulevard and the ramps on Moonachie Avenue/Rt. 17, while flowers were freshly planted at The Library, Civic Center, Senior Center, Triangle Park and Veterans Park.

The Bergen County Department of Health loaned cleaning utensils and AAA of North Jersey loaned safety vests. The W-R Police Department Auxiliary, Fire/EMS Department, and W-R DPW assisted the volunteers.

Volunteers included Council members, Boy Scouts and Girl Scouts, members of the

Knights of Columbus Saint Anthony Council, who adopted a highway, WRHS students, Teterboro Airport, and individual families. The Police Department Auxiliary, Fire/EMS and DPW crews assisted.

Program Chair, Ezio Altamura, said, "I encourage all

residents and business owners to do their part to 'Keep Wood-Ridge Beautiful' all year

round by picking up litter and recycling. Set an example for all to follow." ###

## Full Buck Moon

The July full moon appears on Friday, July 15, 2011, at 02:39. It is called the "Full Buck Moon."

According to the Farmer's Almanac, July is normally the month when the new antlers of buck deer push out of their foreheads in coatings of velvety fur.

It is also often called the "Full Thunder Moon," for the reason that thunderstorms are most frequent during this time. Another name for July's moon is the "Full Hay Moon."

The Native American Indians of the northern and eastern United States kept track of the seasons by giving a name to each recurring full moon. European settlers followed the custom. ###

## Real Estate Insight

By Mary Ellen Courtney

### Averting Foreclosure Peril with Short Sales

While our real estate articles are targeted to southern Bergen County, NJ home buyers & sellers, the national epidemic of rising pre-foreclosures - those missing mortgage payments - pushes us to address the many (*the very many, believe me!*) distressed homeowners in our area. To tell them that help is available; but that it requires action!

*[And they shouldn't assume that bad credit precludes assistance because it doesn't].*

What options are available to a homeowner in trouble?

Well, he can sit back and simply wait for the bank to take his house away or he can initiate proactive searches for an answer that will assist in preventing foreclosure. Possible solutions might include: refinance, sell & bring cash to closing, loan modification and....short sale.

A short sale is a situation in which the seller (a) owes more money on the loan than the sale of the property will likely produce on the market and (b) is unable or unwilling to bring money to closing.

The homeowner in distress who chooses to do nothing will end up in foreclosure - never the preferred or recommended solution because of its extensive implications for the homeowner, his neighbors and the surrounding community. Maybe fewer in number in our area than elsewhere, but distressed properties will be part of the real estate landscape for the next several years. We are

seeing more and more houses "underwater" but we're also seeing that the majority of these distressed properties will end up as short sales and not foreclosures.

How does a short sale work? The homeowner in pre-foreclosure needs to find a Realtor who specializes in such transactions.

Because the market is flooded with vulnerable homeowners, it is important to choose a reputable and skilled real estate professional. The agent will assist in approaching the bank or lender with the proper information to request a short sale.

If it is granted, a large portion of the owner's debt can be forgiven. In essence, short sales save the bank a long and drawn out foreclosure process and all the expenses that go with it. Banks and other lenders are likely stuck with several foreclosures and simply want to recover the majority of their funds. In other words, the amount any one owner owes on his home becomes negotiable.

A good Realtor can save

the homeowner's credit rating. He can help assemble documentation on financial status and so provide proof to the bank of the owner's inability to pay on the mortgage. He can assist with composing a hardship letter and will further interact with the bank towards freeing the homeowner from his unmanageable mortgage.

Pre-foreclosure is a stressful time. But distressed homeowners should know that millions of other people across the street and across the country are in the same situation. The most important thing is to be proactive towards avoiding the mark of foreclosure on financial records for many years to come. Guidance from a trusted, knowledgeable real estate agent can, in such situations, be a salvation.

Real Living Gateway Realtors is not associated with the government, and our service is not approved by the government or your lender. Even if you accept this offer and use our service, your lender may not agree to change your loan. If you stop paying your mortgage, you could lose your home and damage your credit.

### Trapped in a Mortgage You Can No Longer Afford to Pay?

There is no upside to foreclosure. It should be avoided at all costs! If you're facing foreclosure and can't modify your mortgage, a Short Sale is a much better alternative. With extensive Short Sale experience, Real Living Gateway Realtors will take care of the entire Short Sale process for you.

- There will be none of the long-term negative ramifications of a foreclosure.

- There will be no commission expense to you.

Call Monina Alessio, Director/Gateway Short Sale Department for more information and a free, no-obligation consultation at 201-288-0004 Ext 522. ###

# Reflections

## Change

Rev. Joseph Pickard, Vicar  
Church of St. John the Divine of Hasbrouck Heights

One hundred and seven-teen years have passed since the founding of Hasbrouck Heights.

There have been an incalculable number of changes in life, and in the world around us, and in our community. Change is a life-giving, inevitable, part of being alive.

We are born; we grow; be-come who we are; and we die. Fatalistic as this might sound, we are not without hope; nor are we without opportunities and possibilities. Our existence, our awareness of being, our interactions with one another, form the interconnectedness of all our lives. God is in our midst, our constant, grounding truth.

It is a quality of being hu-man that enable us to conceive of a Divine Creator - One, from which all that we know is discernable. Our knowledge and understanding continues to increase exponentially, constantly resolving problems and dilemmas surrounding living in this world. Yet behind it all is the decision to believe. Faith is stepping out of the knowable, and deciding to live in surety of God's presence.

Change, then, is depleted of its threatening power, its fearful hold. It is simply "dif-ferent" from that which was previously known. It does, however, call us to always be ready for something new -

something exciting - something challenging - an opportunity - a possibility.

Many of the worshipping congregations in the Heights were formed between 75-100 years ago. They were brought into existence by people of faith who believed in a way of life that involved regular, weekly worship gatherings, prayer as a way of life, and community centered around the centrality of God's presence.

Each of our houses of wor-ship have seen ineffable chang-es. Many have experienced disasters: roof collapses, dev-astating fires, boiler explosions. Some have changed locations in town two and three times.

All of us have altered wor-ship in some way to use con-temporary language, remolded facilities (*including indoor plumbing and electric lights!*). Many of us are experimenting with ways to include power-point presentations in sermons, cyber-links, and blogging in communicating with members. Some are looking at reformat-ting what it means to be a "con-gregation" in the world today.

One example in our midst is the ongoing dialogue be-tween St. John's Episcopal Church (*the Church with the flags on the corner of Terrace and Franklin Avenues*) and their counterpart in Maywood, St. Martin's Episcopal Church. These two congregations have

been in active relationship for the past two years - working to-gether and dialoguing, explor-ing possibilities for the future.

May 20th was St. John's 115th Annual Meeting. Ap-proximately two-thirds of those who came for dinner and the meeting were from the congre-gation in Hasbrouck Heights, and the other third were mem-bers from St. Martin's in May-wood, which is celebrating its 85th Anniversary this year. All gathered together to talk about how the rest of 2011, and beyond, looks - for everyone, together.

By the end of the evening it was obvious that where ever they are going, they are going together. The congregational journeys are being knit to-gether. It was obvious that having one Service on Sunday mornings would best meet the needs of both congregations. There was not one dissenting nod, and people were enthu-siastic about making plans for the future. The basic decision was to combine Worship for the summer months, as they have been doing over the past couple of years (*July at St. John's: Au-gust at St. Martin's*), and then continue on through the end of the year.

What does becoming one in worship provide?

- One Service whose aver-age Sunday with attendance sufficient for viability. Having a large critical mass makes for a stronger sense of the Holy Spir-it's presence. Worship becomes richer, fuller, better linking lives to one another, and forg-ing stronger bonds. Having the service in one location provides more opportunities for people to be involved without exhaust-ing one's willingness to serve.

- One Service makes it possible to combine singers' voices into a larger Choir, building repertoire, and estab-lishing greater opportunities for rehearsals and fellowship among the singers of both con-gregations.

- One Service gathers the congregations together at one place and time so families can take advantage of Church School for children. Classes can be larger and the efforts of the teachers better appreciated. Education can be provided for the whole family.

- One Service means be-ing together for Coffee Hour fellowship - a chance to get to know one another more fully. Opportunities to interact are increased; and the planning and preparations for other events involves more people, enthu-siastically.

The spontaneity emerging from people being together, mixed with the sense of min-istry from both congregations, provides energy, optimism, and hope. Seeing one another on a

regular basis makes a feeling of family lively and varried.

Everyone recognized that it will not be easy to make the transitions. Communications will be critical. Many aspects of growing together are un-folding: How might the final determination, amalgamation, unification be presented and celebrated to the surrounding communities? How can greet-ing newcomers and managing facilities be done in different and effective ways? - just to name a few.

The Prayer for the Holy

Spirit begins: "Come Holy Spirit, fill the hearts of your faithful; and kindle in us the fire of your love. Send forth your Spirit, and we shall be created; and you shall renew the face of the earth."

Change is happening. We are created in God's image; emboldened in the power of the Spirit. The possibilities are endless. And all the while, God is in our midst: forming, re-forming, creating, re-creating, inspiring, renewing, those who are willingly trust in the promise of faith. Thanks be to God! ###

## Pentecost in the Park

On Sunday, June 12, 2011, within a background of a spring breeze and the sounds of God's birds singing, about 60 parish-ioners from St. John the Divine in Hasbrouck Heights, and St. Martin's in Maywood, cel-ebrated Pentecost in the Park, in Woodland Park.

Although in casual attire, the full Service was celebrated to include music, scripture and Holy Eucharist.

During the Service, there was the lighting of seven can-dles, representing the seven seals. Readings by parishioners were given with each candle lighting.

The lighting of the candles is an ancient tradition. The "Book of Life" was sealed with seven seals. The only one who can open it is the Holy Spirit.

In many Churches, notably Catholic and Orthodox, there are seven sanctuary lights representing the seals. On Pentecost (*the coming of the Holy Spirit*) these lamps are lit in a ceremonial way.

A picnic, to include ham-burgers, hot dogs, numerous salads, and desserts, along with games and activities followed.

St. John's has been holding this Service in Woodland Park for about 15 years. ###

## Assumption Church Greets New Deacon

On May 21, 2011 at the Cathedral Basilica of the Sacred Heart in Newark, Bishop Thomas Donato ordained 35 men to the permanent diaconate. One of the men ordained was Francis (Frank) P. Materia from Wood-Ridge.

Deacon Frank celebrated his first Mass as deacon at Our Lady of the Assumption R. C. Church in Wood-Ridge on Sunday, May 22. He assisted the Church's Pastor, Fr. Brian Cullinane.

During his homily Deacon Frank gave some insight as to his calling in becoming a deacon. While in grammar school he seriously considered becoming a priest; however he did not follow through with this aspiration.

He completed his education after attending college and was married 28 years ago to his wife Kathleen. They have two children Christopher, who is studying at LaSalle University and Donna who will be starting at Fairleigh Dickinson University in September.

Being an active member of his parish was always his goal. He became a Eucharistic Minister, trained all new altar servers, served as Master of Ceremonies at all special services held at his parish and served as Grand Knight for the St. Anthony Council 11585 Knights of Columbus. Ten years ago he was approached and asked if he would consider training to become a deacon. He declined because his children were young and he wanted to spend more time raising

his family. Finally, five years ago he was again approached and this time he answered the calling.

A deacon is an ordained minister of the Church who, like the priest, assists the bishop. He is a cleric at a parish through facilities granted by the archbishop.

Among his primary duties are participation in liturgical celebrations, preaching, baptisms, weddings and funerals. Candidates must participate in a five year program to prepare them for the permanent diaconate.

The first year is set aside for the crucial discernment process and the remaining years provide classroom training in theology, Church law and history done locally at the Archdiocesan Center in Newark.

Two other active men from our area were among those who became deacons; Paul Carris, and Anthony Liguori, Jr. Deacon Paul Carris has been assigned to the Corpus Christi's Parish in Hasbrouck Heights and Deacon Anthony Liguori, Jr. has been assigned to the St. Elizabeth's Parish in Wyckoff. *Photo and story by Marie and Peter Gallo Jr. ###*

## Three Local Men Ordained Deacons

On May 21, 2011 at the Cathedral Basilica of the Sacred Heart in Newark, Bishop Thomas Donato ordained 35 men to the permanent diaconate. Three well known men from our area were among those who became deacons: Paul Carris, Anthony Liguori Jr. and Frank Materia.

Deacon Paul Carris has been assigned to the Corpus Christi Parish in Hasbrouck Heights; Deacon Anthony Liguori Jr. has been assigned to the St. Elizabeth Parish in Wyckoff; and Deacon Frank Materia has been assigned to the Assumption Church Parish in Wood-Ridge.

Deacons Paul and Frank celebrated their first Mass on Sunday, May 22; Deacon Anthony celebrated his first Mass on June 18.

A deacon is an ordained minister of the Church who, like the priest, assists the bishop. He is a cleric at a parish through facilities granted by

the archbishop. Among his primary duties are participation in liturgical celebrations, preaching, baptisms, weddings and funerals.

In the Archdiocese of Newark, there are two co-directors who prepare the men to become deacons. Father James V. Teti, S.T.L., pastor of Annunciation Parish in Paramus, is director of formation for the permanent diaconate, while Deacon John McKenna serves as director of deacon personnel. Candidates must participate in a five year program to prepare them for the permanent diaconate. The first year is set aside for the crucial discernment process and the remaining years provide classroom training done locally at the Archdiocesan Center in Newark.

The Church of Newark last ordained men to the permanent diaconate in June 2005. The number ordained then was 36. *Story by Peter Gallo Jr. ###*

## Local Knight to Lead Federation

SK Russell D. Petrocelli, a member of St. Anthony Council #11585 at Assumption Church in Wood-Ridge, has been elected President of the Bergen Federation Knights of Columbus. Elected along with him at the April 29, 2011 meeting were Vice President Dennis Weisbrod, Treasurer Robert Sarao, Secretary James Meng, Warden Silvio Sartori, Three Year Trustee Vito Mazza, Two Year Trustee Mike Maione, and One Year Trustee Bob Gambino.

The Bergen Federation was created on March 19, 1982. Its 41 member councils represent nearly 9,000 Knights from Bergen County. It is an organization that spearheads projects in Bergen County and fund-raises for worthy causes. For the past 17 years it has provided masses at the Paramus Veterans Home twice a month. For the last 6 years it has hosted a successful Pride in Our Priests Program at the Fiesta in Wood-Ridge. The annual Golf Outing and Hockey Games have raised thousands of dollars for charitable giving to causes within the county, the state, and the country. It also handles reserving rooms and running a hospitality suite at the state Knights of Columbus Convention.

President-elect Petrocelli is a school administrator in the New Milford School District. He has served as Grand Knight of the St. Anthony Council in Wood-Ridge and Faithful Navigator of the Bishop O'Connor Assembly. *Photo and story by Marie and Peter Gallo Jr. ###*

## Knights Distribute Bread

The St. Anthony Council #11585 from Wood-Ridge distributed bread to all parishioners after each Mass on Sunday, June 12, 2011. This annual event has taken place by the council on the Sunday closest to June 13th the Feast Day of St. Anthony of Padua, their patron saint.

Saint Anthony was canonized (*declared a saint*) less than one year after his death because of the many miracles attributed to him. He is perhaps one of the more loved and admired saints in the Catholic Church.

Saint Anthony, a Franciscan friar, was a remarkable theologian and preacher. He became the first theology teacher in the Franciscan order and is referred to as "Doctor of the Church." He is popularly known as the patron saint for lost things. Although he was born in Portugal, he did most of his work in Italy. He was only 36 years old when he died. *Story and photo by Peter Gallo Jr. ###*

**Did you know how much help and information is available to all of us here in Bergen County? I'll tell you!**

There's a lot of information swarming around us but sometimes we just don't know how to rope it in and get the answers we need.

Sometimes we also don't know exactly how to find it or even know that we can get help with something. There is a website [www.bergenhealth.org](http://www.bergenhealth.org), which is the website for the Bergen County Department of Health Services.

Now first, for those who may not have access to a computer in your homes or not know how to navigate one very well, this is where The Library comes in and all the helpful staff that are there to assist you.

In about 15 minutes online, I found information about Adult Day Care Centers and their activities, and Children's Health Programs that include ways to teach children the importance of eating a "rainbow of fruits and vegetables" so as to lead them into a healthy future.

Another item of interest is to teach proper washing of hands in order not to spread the flu, etc. Also a subsidized pharmaceutical program for those on psychotropic medications that can't afford their drug costs.

There's the animal shelter, so you can adopt a furry friend, tips on safer eating practices, tanning bed safety, addiction services, emergency plan and preparedness, and a list of county jobs that are open, just to name a few.

Now this site also links you to many other sources. I was able to get onto the website of UMDNJ to find a dietician, the effects of junk food, and ways to keep youth mentally healthy and drug free. There is also a link to The Bergen County Library.

Did you know that there is a Medical Reserve Corps that people who are in the medical field or are retired from the medical field (*being disabled is not a problem*) can join and help in time of emergency?

All this and lots more is available to us in Bergen County and ways to link us to the rest of the state. So if you have a little time, check it out! I'm sure everyone will benefit from a bit more information, if not for yourself, perhaps a family member or friend. Surf Bergen County this Summer!

## Filling You In

By Jeffrey E. Mason, D.M.D.

### Why Do I Need Dental X-Rays?

Radiographic, or X-ray, examinations provide your dentist with an important tool that shows the condition of your teeth, its roots, jaw placement and the overall composition of your facial bones.

X-rays can help your dentist determine the presence or degree of periodontal (gum) disease, abscesses and many abnormal growths, such as cysts and tumors.

X-rays also can show the exact location of impacted and unerupted teeth. They can pinpoint the location of cavities and other signs of disease that may not be possible to detect through a visual examination.

Your radiographic schedule is based on your dentist's assessment of your individual needs, including whether you're a new patient or a follow-up patient, adult or child. In most cases, new patients require a full set of mouth X-rays to

evaluate oral health status, including any underlying signs of gum disease, and for future comparison.

Follow-up patients may require X-rays to monitor their gum condition or their chance of tooth decay.

Today, computer assisted X-rays are taken with considerable less exposure levels than in the past with film based X-rays. The computer assisted images are not only safer but can be digitally enhanced to improve the diagnostic quality and ability of each image. Not all dental X-rays are the same. The area of the mouth which is to be examined and other pertinent protocols will determine which type of image is required. It is recommended to discuss any concerns which you have with your dentist.

## "Hot Tips" From HHFD EMS

The Hasbrouck Heights Fire Department EMS offers these suggestions regarding summer heat:

### If you must be in the heat:

- Limit your outdoor activity to morning and evening hours.

- Do not engage in strenuous activities. Cut down on exercise. If you must work/exercise, drink 2 to 4 glasses of cool fluids each hour. A sports beverage can replace the salt and minerals you lose in sweat. **Warning:** If you are on a low-salt diet, talk with your doctor before drinking a sports beverage.

- Rest often in shady areas.
- Wear lightweight clothing.

- Protect yourself from the sun by wearing a wide-brimmed hat (*keeps you cooler*), and sunglasses. Use sunscreen SPF 15 or higher (*the most effective products say "broad spectrum" or "UVA/UVB protection."*)

### Senior Care

Visit adults at risk at least

twice a day and closely watch them for signs of heat exhaustion or heat stroke.

People 65 years and older are more prone to heat stress than younger people for several reasons:

- Older adults do not adjust to sudden changes in temperature.

- They are more likely to have a chronic medical condition that upsets normal body responses to heat.

- They are more likely to take prescription medicines that impair the body's ability to regulate its temperature or that inhibit perspiration.

### Sunburn First Aid

Avoid repeated sun exposure. Apply cold compresses or immerse the sunburned area in cool water. Do not use salve, butter or ointment. Seek medical attention for a severe sunburn.

### Heat Rash First Aid

Keep the affected area dry. Dusting powder may be used to increase comfort. Avoid using ointments or creams. ###

Hasbrouck Heights Police Department passing the Special Olympics Torch to the Wood-Ridge Police Department during the Torch Run along The Boulevard.

# HHPD & WRPD Advance "Flame of Hope"

On June 10, 2011, about 9:48 a.m., the Hasbrouck Heights Police Department accepted the "Special Olympics Torch" from the Lodi Police Department at Williams and Oak Grove.

Led by Wood-Ridge Motor Officer Bob Jones, several members of the HHPD carried the "Flame of Hope" along The Boulevard, past The Circle, with students from Lincoln, Corpus Christi and Euclid Schools cheering them on.

The "Torch" was presented to the Wood-Ridge Police Department at the border at about 10:30 a.m., where WRPD officers took the "Flame of Hope" to the Carlstadt border.

The HHPD and WRPD were part of the 28th Annual Torch Run which traveled 900 miles, originating in about 26 separate points statewide, and ran through more than 300 communities, with some 3,000 officers from all branches of law enforcement participating. For the first time in Bergen County, civilians were allowed to participate.

*Additionally, Carlstadt, East Rutherford, Lodi, Little*

*Ferry, South Hackensack Police Departments also participated in this year's Torch Run.*

The final leg runs into Lion's Stadium at The College of New Jersey and lights the cauldron for the Opening Ceremony of the Special Olympics New Jersey Summer Games held June 10-12.

About 2,300 NJ athletes competed in aquatics, boccie, gymnastics, power lifting, softball, tennis and track and field.

There are more than 160 local Special Olympics competitions in NJ, plus four statewide competitions.

More than 22,000 Special Olympics athletes train and compete throughout New Jersey, and three million are involved in competitions all over the world.

The Torch Run for Special Olympics New Jersey is a campaign by the law enforcement community to raise money for the Special Olympics Movement, which serves the state's athletes.

Last year, the torch run raised more than \$2.6 million for the NJ Special Olympics, and fund raising efforts by

law enforcement netted \$3.6 million.

Each officer is required to raise \$100 to participate in the run. This is the 26th year that both the HHPD and WRPD have participated in this run.

The first New Jersey Torch Run went through eight towns covering 43 miles and raised \$7,000. Today, more than \$3.6 million is raised annually through local and statewide events.

Special Olympics New Jersey provides free year-round sports training and athletic competition in 24 sports for more than 22,000 children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate

in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

Contributions may be sent to: HHPD, 248 Hamilton Avenue, Hasbrouck Heights, NJ 07604 or the WRPD, 85 Humboldt Street, Wood-Ridge, NJ 07075. Please mark Special

# W-R Emergency Personnel Tour Wesmont

On June 9, 2011, members of the Wood-Ridge Fire Department, Police Chief and Borough officials were briefed by Mike Miller of Avalon Bay Communities regarding the status of the Wesmont Station project. This was their first on-site meeting.

Somerset Development/ Wesmont has planned developing the 28 acre community in

phases. Somerset has completed the infrastructure of Phase 1, to include site work, utilities, roads, curbs, sewers, etc. which began in October 2010. Somerset has assigned Avalon to develop 7 acres, which will include four buildings and a five story parking garage.

Vertical construction has begun on buildings numbered 3 and 6 which will include 216

residential units and 20,000 sq. ft. of retail space. A pre-cast five story garage will be assembled starting in mid-July and completed in August. *(Construction on smaller buildings numbered 4 and 5 will begin later.)*

In March there was a crew of about 30, currently there are 60 and in July, there will be 200 on-site working six days a week.

several on-site construction workers are firefighters and EMS.

Wood-Ridge emergency personnel questioned several issues, followed by a general discussion of possible emergency incident scenarios.

During construction, road access for police and emergency vehicles are at several locations *(both front and rear of the site.)* On-site roadways are kept clear, with few exceptions.

tional and building #3 will have a fire pump. All buildings will have sprinklers and fire walls.

The garage height of about 7' 2" limits fire department equipment. In case of fire, water connections are strategically placed on each floor and the structure is designed to be self venting.

Security for the site will be heightened, not only to prevent theft, but because of the increase of combustible materials on site.

## The Energy Corner

### Retention Oil Burners

- Every non-flame retention burner, and most pre-1985 first generation flame retention burners, should be replaced. Boilers or furnaces installed after 1980 will run much better with a new burner.
- If a new boiler or furnace was installed before 1970, it is better to replace the system than to just put in a new burner. New burners with their white-hot flame may "kill" the old unit quicker.
- Replacing an old inefficient boiler or furnace is one of the best investments you can make. It will pay for itself in a few years and will continue providing savings for years to come.

# Baldwin Avenue Blaze Displaces Young Family

At approximately 23:42 Wednesday, May 25, 2011, the Hasbrouck Heights Police Department received reports of a fire and smoke condition at a Baldwin Avenue home. As officers confirmed the heavy smoke condition, with a car in the driveway and neighbors reporting a pregnant woman might be inside, they forced entry to investigate, and found no one inside. Officer Paul Basset was taken to HUMC with smoke inhalation.

He was treated and released. Upon arrival, First Assistant Chief Richard Giarratana took command and Assistant Chief Pat Hayes handled operations. Second and third alarms were sounded. Heights Engine 1, first on the scene, dropped a 5 inch line at The Boulevard, drove up to the front of the structure and set up two 2 1/2" attack lines which entered the home through both the front and rear doors. Wood-Ridge Engine Company forced entry through the garage.

Heights Ladder Company arrived next, began a search and rescue operation and found the structure unoccupied. Firefighters were driven back by the extreme heat and fire. The Ladder Company cut a hole in the roof to vent the smoke and heat. Fire crews mounted a second attack on the fire. Mutual aid crews were rotated in the fight. The fire appeared to have started in the basement or back of the house, and extended to

the upper floors. It was declared under control in an hour. Firefighters checked for extensions and began overhaul. Fire departments assisting at the scene included Carlstadt, Hackensack, Little Ferry, and Wood-Ridge. Moonachie First Aid Squad set up a rehab area at the scene. One firefighter was transported to HUMC by Little Ferry Ambulance for heat exhaustion. The third alarm brought Lodi and Moonachie Fire Departments to cover Heights

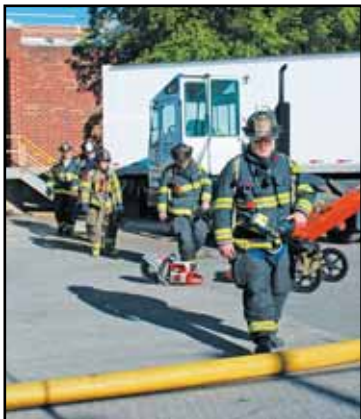

Fire Headquarters. Officials declared the home uninhabitable. The fire is under investigation, but authorities do not believe it was suspicious. At the time of the incident, the mother was in a Manhattan hospital. She had just given birth to a girl on Monday. The father arrived on the scene during fire operations. The loss of the home and belongings also included a new nursery with shower gifts and baby gear. The family is living with relatives. ###

## Carlstadt Dedicates New Ambulance

On June 5, 2011, the Carlstadt Volunteer Ambulance Corps dedicated their new ambulance at their headquarters on Hackensack Street. The new unit is a 2011 E Series Horton Ambulance. It replaced their 1996 PL Custom ambulance. This rig was dedicated to Bob Fesco Sr., who served on every rig committee. The committee for this rig included: John Riordan, Greg Schmidt, Joe Biggy and Henry Collette. Photo by Dennis Kronyak Sr. ###

## Sara Lee Roaster Fire

On June 2, 2011, the Moonachie Fire Department was called to Sara Lee. A roaster overheated causing a fire. The fire was contained in the duct work. The Department made sure there were no extensions and let the fire burn itself out. The incident was resolved in about 40 minutes. Wood-Ridge Fire Department was called as the F.A.S.T Team. The Moonachie EMS Squad was also on the scene. No injuries were reported. ###

## Happy Ending

On May 23, 2011, the Hasbrouck Heights Police were called to Depken Field for possible ducks trapped in a storm drain. Officer John Behr responded and confirmed that four baby ducks were trapped in the drain. Bergen County Animal Control responded along with the HHFD. The drain was removed and four baby ducks were safely rescued and reunited with their mother. Story and photos by Matthew Albanese. ###
