WRHS Spring Concert and Art Showcase

Wood-Ridge's Annual High School Spring Concert & Art Show took place on Tuesday, May 10, 2011, from 7 p.m. - 9 p.m. in the WRHS Auditorium.

Directed by Mrs. Melissa Ayvas-Manolakakis (*Choir/Chorale Director*) and Mrs. Toni Baumgartner (*Band Director*), this concert was dedi-

cated to Superintendent, Dr. Elaine Giugliano, who is retiring this year after 44 years of service to Education.

For the first time, the concert showcased slideshows of all the High School Art Classes led by Ms. Jennifer Moreno. The slides were on the side of the stage projected by an LCD projector while the High School Choir, Chorale, Concert Band and soloist performed.

They also had several students create their own hip-hop dance to the "Black Eyed Peas" version of "Time of Your Life" led by Ms. Marlena Gil. The

Choir (40 Boys & 40 Girls: SAB), Chorale (*Select Choir: 35 students SATB*) and Concert Band (25 students) performed songs from "Can't Buy Me Love" to "Superheros" and it was evident that the bar has been raised by all the groups. For example, the Select Choir (*Chorale*) sang "Elijah Rock" arranged in 8 part harmony.

This is the first time that all the Visual and Performing Arts have been represented in one showcase. Around 140 students in the High School were involved, which is nearly half of the school. Many of

the students who are artists/musicians are star athletes and are bridging the gap of the arts and athletics.

They are very proud and

looking forward to the future shows and the well roundedness of the students of Wood-Ridge High School. *Story by Melissa Manolakakis. ###*

Celebrating 40 Wonderful Years

On Friday, May 6, 2011, The Felician School for Exceptional Children celebrated their 40th Anniversary.

Sr. Mary Ramona, Director and founder, was honored with song and special cards made by the students.

All students and faculty were present when a special cake donated by the "Cake

Boss," Hoboken, NJ, was brought in. The cake was the idea for a special gift by Ms. Lisa Jacobelli as a special "thank you." It was enjoyed by all.

The Gazette Newspaper salutes Sr. Ramona for her vision and dedication. ###

Children and Saving

Children who learn to save at an early age have a great advantage. Families can enjoy the process and financial benefits of having money-savvy kids.

Where to Find a Bank Account for Kids

Bank accounts for kids aren't exactly profitable, so some of the bottom-line oriented institutions won't even offer them. The first choice would be to look into smaller institutions like community banks and credit unions.

Location

Is the bank convenient for you to get to? If your children embrace the idea of their own savings accounts, they may want to make frequent trips to the bank. Consider a neighborhood bank, one on a common route that you travel, or inside your local supermarket to keep the trips from turning into a hassle.

Fees and Requirements

Find an account that doesn't

YMCA Offers Pool Safety for Kids

The YMCA of Greater Bergen County will offer Pool Safety For Kids June 27, 28 and 29, 2011. This national YMCA pool safety education program for children ages 3 to 17 and their parents is a must for those who will be around water this summer or own a backyard pool.

Learn how to be safe in and around the water. Recognize an emergency and learn what to do. Youth ages 12-17 will learn basic CPR, first aid skills and life-saving techniques.

Classes will meet for half an hour between 3:30 and 5:30 p.m. for children ages 3 to 17.

The program fee per child is \$10, parents free and YMCA membership is not required. Children should bring a bathing suit, swim cap, towel, flip flops to wear in the pool. Parents will not be going in the pool. Register at the YMCA of Greater Bergen County, 360 Main Street, Hackensack. For more information contact Nicole Passenti, Aquatic Director at 201-487-6600 x 213 or npas-senti@ymcagbc.org ###

Summer Adventure Camp July 11-15

Bible Baptist Church will be hosting its annual Summer Adventure Camp Monday through Friday, July 11-15, 2011. For more information visit www.biblebaptist.net as well as the July issue of **The Gazette Newspaper**. ###

have monthly maintenance fees or minimum balance requirements. In addition, make sure there is no limit on the number of small deposits.

Also watch out for banks that charge fees for inactive accounts and read all the small print before opening the account.

How it Works

When you open a bank account for kids, the child should get some fun things or toys to make it interesting for him/her.

What is more important, bank accounts for children typically have lower minimums to open. New parents are stretched enough as it is, and the idea is just to have an account open.

As the years go on, the institution might celebrate the child's birthday by sending out a certificate as a present. The certificate can be redeemed for various things. Another way to

support children's saving is to offer free coin counting.

The kids love to come to the bank with their piggy banks and add to their savings. Many institutions offer kids club accounts in passbook forms.

The little customers can hold on to their books and see their savings grow. Other banks allow children to go behind the counter and see the safe. The extra services are very valuable teaching tools.

Over the years, hopefully the child has learned something about saving and watched the money grow.

Also, the child has presumably been to the institution a few times and understands what goes on there – money goes in and comes out, as needed.

Of course, the institution benefits by having an existing relationship that will hopefully turn into a long-time account holder. ###

St. John's Annual Plant Sale

St. John's 32nd Annual Plant Sale was conducted differently this year. Only pre-order sales were accepted and were picked up Friday evening in the Church basement on May 6, 2011.

Over 300 flats of bedding

plants, geraniums, along with vinca vines, tomato plants, daisies and many beautiful hanging flower baskets were offered for sale.

There was no flea market this year. ###

Hats Off To Mom!

How long has it been since you wore a hat to Church? Remember those Easter bonnets you wore as a kid?

On Sunday, May 8, 2011, it was Hats Off to Mom Day at First Reformed Church.

All the women of the

Church were encouraged to wear their most beautiful, outlandish, silly, serious hat to worship. (Don't worry ladies, Father's Day, June 19) is coming and you won't believe what the guys will be asked to do!) ###

Happy Mother's Day at IHOP

Carnations were presented to all the "Moms" who visited Hasbrouck Heights IHOP on Mother's Day. ###

Which Flowers Should We Get Mom?

The Corner Nursery in Lodi was busy on a beautiful sunny Mother's Day when dads and their children had to make some tough decisions. ###

Cub Pack Flowers for Mom

Cub Pack 17 was open for business in front of Corpus Christi Church in Hasbrouck Heights before Mother's Day with a delightful assortment of beautiful plants. ###

Mickey's Kids Foundation Donates Service Dog

On April 27, 2011, The Mickey's Kids Foundation was proud to be able to award a service dog to Danny Garofalo, an 8 year old boy who suffers from Duchenne Muscular Dystrophy. The dog will be supplied by Canine Assistance located in Alpharetta, GA. Danny will be on his way to Georgia in July

to have his dog "pick him" and receive the necessary training.

Mickey's Kids is a local foundation founded by Tom and Michele Meli. This foundation supports children's causes. Canine Assistance is Tom and Michele's charity of choice. The annual March

gala was held at Il Villaggio in Carlstadt. This event raised over \$32,000.00.

For further information on Mickey's Kids, please go to The Mickey's Kids Charitable Foundation Facebook page or visit www.canineassistance.org website.

Dog Tips
Freshen your dog's bedding by sprinkling on dry baking soda and letting it set at least 15 minutes before vacuuming it up. Clean your dog's toys safely using baking soda. For plastic toys, mix a solution and wash. Give stuffed or furry toys a dry shower by sprinkling on baking soda and allowing it to sit for 15 minutes before brushing off. ###

For race information, go to www.littleferrynj.org/4k.html or email: Moses.racedirector@gmail.com

• Lost to us on May 5, 2006, Sgt. Matthew J. Fenton was a larger than life figure to those who were blessed to know him. Fatally injured while conducting combat operations in Iraq, Sgt. Fenton's service to our Country shall not be forgotten. At his funeral, Sgt. Fenton was made an honorary Little Ferry Police Officer, the job which he was to hold upon his return to Little Ferry. ###

Relay for Life – June 11 and 12

Relay for Life is taking place in Hasbrouck Heights at Depken Field on Saturday night, June 11 to Sunday, June 12, 2011.

Relay is an overnight event because cancer never sleeps. There will be lots of entertainment and activities, as well as, the touching Survivor Lap, Luminaria Ceremony and Fight Back Ceremony throughout the event.

Event Schedule Highlights – 5:00 p.m. Registration Begins; 7:00 p.m. Opening Ceremony; 7:30 p.m. Survivor's Lap; 10:00 p.m. Luminaria Ceremony; 1:00 a.m. Fight Back Ceremony; 6:00 a.m. Closing Ceremony.

Relay starts with a "Survivors Lap" – where survivors are invited to walk around the track together and help everyone celebrate the victories that are achieved over cancer.

This is an emotional event ensuring that more lives are saved each year. Caregivers are also asked to walk around the track. They have given of their time, support and love to their family, friends, neighbors and coworkers who face cancer. There is no fee if you would like to participate in this walk.

After dark, people who have been touched by cancer and loved ones lost to the disease are remembered. This is during the "Luminaria Ceremony." Candles are lit inside bags filled with sand and a person's name, which has been touched by cancer, has been placed on it. A participant often walks a lap in silence so people can grieve and find healing. This is a time that truly highlights the importance of defeating this disease.

The "Fight Back Ceremony" is for those who are fighting cancer now or have won the fight. They have survived and will continue to fight. Everyone is able to fight back, for example, quit smoking, living healthier lives, getting an annual mammogram.

At The Relay for Life kick-off on February 9, 2011, straws were handed out to everyone. The participants were told to blow through their straw without breathing through their nose. This took place in 30 seconds. This is to show how difficult breathing can become if you continue to smoke.

At The Relay, healing can be found, through the comfort and support from others who have faced cancer or who have lost a loved one to the disease. It gets people to meet others in the community who know what they are feeling. You can gather with family, friends, colleagues to laugh, cry and create lasting memories.

Why We Relay? Relay for Life represents the hope that the people lost to cancer will never be forgotten and that those who face cancer will be supported and that one day cancer will be eliminated.

Help is still needed to recruit teams. Materials will be given to anyone who would like to become a leader. The Relay website is www.relayforlife.org where a team can be registered. *Story by Marie Gallo. ###*

TEB 5K Run July 16

The 14th Annual PSE&G Bergen County United Way Teterboro Airport 5K Run is scheduled for 8:30 a.m., on July 16, 2011, at Jet Aviation (*Moonachie Avenue*).

Last year's event attracted over 1,000 runners and this year even more are expected.

Well known as a "must-run" summer race.

The course is certified and sanctioned by USATF and is a Grand Prix Series Race.

Over \$10,000 Random Prize Giveaway, \$1,000 Super Random Grand Prize, Chrono-Track D-Tag Scoring, United Way Mini-Flyer Dashes, Food, DJ, etc.

The course is flat out and back with only five turns, two water stops and mile clocks on the runway. Run is 500 USATF-NJ NBGP points.

Registration fee is \$20 before July 11, and \$25 after July 12. Early registration is advised.

Security will be tight. Two forms of ID are required. All bags are subject to be searched. No one will be allowed entry to the airport and race staging area after 7:55 a.m.

Proceeds will benefit NJ 2-1-1; United Way's free statewide 24 hour information and referral service that connects people with social services and community programs that can help with everyday health and human service.

Race director is Mark Zenobia. Results will be at: www.compuscore.com. For more information go to: www.teterboroairport5k.org ###

Moonachie Summer Recreation 2011

The 2011 Summer Recreation Program will begin this year on Monday, June 27, 2011, and end Friday, July 29.

The program will be closed Monday, July 4. The program is open to Moonachie and out of town residents that meet the grade requirements.

The program will be divided into two groups, Pre-K/Kindergarten and First through Seventh Grade. Both programs will begin at 8:30 a.m. The Pre-K/Kindergarten program will run from 8:30 a.m. to 12:00 p.m. Monday, Tuesday, Wednesday, and Friday. They do not have activities on Thursdays. The First through Seventh Grade begins at 8:30 a.m. and runs to 2:30 p.m. daily, Monday through Friday.

Each year they try to improve on the previous year, and this year will continue that policy. They are planning several day trips and lots of daily activities to keep the children occupied and involved.

The program is held at the Robert L. Craig School in the gym and cafeteria, with outside activities on the school grounds. The program is offered with a registration fee to residents of the Borough of Moonachie. The first child is \$25, and each additional child is \$10. Proof of residency is required at registration (*example: PSE&G bill*).

Registration for out of town residents is \$75 per week or \$250 for the program. Field trips and other special activities will include a fee to cover the cost.

If you have any questions call Recreation Director, Mr. Facendola at 201-206-8774. ###

Insect Repellent

When using insect sprays, particularly those containing DEET, try spraying clothes instead of skin -- it is much safer, especially for children. A wonderful substitute for insect repellent is white vinegar. Apply it to the skin with a cotton ball, apply liberally. Bugs hate the way you taste, and the smell of the vinegar disappears once it dries. Great for kids! ###

Christian Theater Camp for Kids

The Tree of Life Christian Theater Camp for Kids is a new week-long program for children and youth entering 2nd Grade to the 11th Grade.

Sponsored by the two parishes of Redeemer in Maywood and Holy Trinity in Hasbrouck Heights, the theater camp will be hosted at Redeemer in the mornings from 9:30 a.m. to noon during the week of June 27 through July 1, 2011, with a dress rehearsal on Saturday morning at Holy Trinity in Hasbrouck Heights on July 2.

This year, the theater camp will prepare and perform "The Tale of Three Trees" composed by Allan Pote. This 18-minute musical is based on an American folk tale that tells the story of Jesus' life in a fresh and timeless way.

The music is easy and accessible, yet profound enough to appeal to performers and listeners of any age.

Camp participants will perform the musical as part of two special worship services on Sunday morning, July 3 -- 9:30 a.m. at Redeemer in Maywood and 11:00 a.m. at Holy Trinity in Hasbrouck Heights.

The camp seeks to provide a fun, caring and safe environment for students who like to sing and act and tell the story of God's love for us.

George Moser, a Church musician with over 30 years experience in training young voices, will prepare the music.

Drawing on her background in music education and theater, staging and storytelling will be coached by the Rev. Susan Nelson-Colaneri, Pastor of Redeemer and Holy Trinity.

Registration will be limited to 30 campers. There is a registration fee of \$30 per student. Registration forms can be downloaded on the website of both congregations: www.redeermaywoodnj.com or www.holytrinityhasbrouck-heights.com.

For more information, please call or email Pastor Susan at 973-980-2367 or pastorsusannj@aol.com. *Story by Pastor Susan Nelson-Colaneri.* ###

Gloria Troisi Honored

On Sunday, May 15, 2011, The Borough of Wood-Ridge, the Wood-Ridge Library Board, Wood-Ridge Library Staff, The Friends of the Wood-Ridge Library and residents of Wood-Ridge assembled to honor Gloria Troisi.

Gloria served the community for thirty-three years as a member of the Wood-Ridge Library Board. During that time she served as its president for fourteen years. This in itself was an exceptional accomplishment. However, the story does not end there.

During her tenure, Gloria saw the need for a bigger library with more services and pursued this dream.

When she expressed these dreams to the Borough, they were not accepted and she encountered much opposition. With patience, perserverance, and persistence she continued her battle.

She knew that many prominent individuals in history had run into failure on the way to success. She followed their examples "Never to give up": General Douglas MacArthur was admitted to West Point on his third try for admission; more than twenty-five publishers turned down Margaret Mitchell's classic "Gone with the Wind"; Walt Disney went bankrupt several times before he built Disneyland; Henry

Ford failed and went broke five times before he finally succeeded; and Albert Einstein's teacher described him as "mentally slow, unsociable and adrift forever in his foolish dreams."

After many years, Gloria's dream became a reality. A new addition was added on to The Library, The Library obtained computers and The Library joined BCCLS (*Bergen County Cooperative Library System*). BCCLS is an organization of public libraries in the four northeastern counties which share among them their books, audio books, CDs, DVDs and other media.

It was therefore fitting at the program honoring Gloria, that Ronald O'Grady, a member of The Library board, presented her with a plaque that will hang in the new addition, which was dedicated as the "Gloria Troisi Reading Room."

Library Director Christine Hartigan acknowledged the gratitude of the staff. Councilwoman Catherine Cassidy presented Gloria with a proclamation from the Borough. *Story and photo by Peter and Marie Gallo. ###*

Wood-Ridge Resident Linda Gallina Wins Liberty Science Center Volunteer Award

When Liberty Science Center first opened its doors in 1993, Linda Gallina was there to volunteer, adding her expertise as an educator to create outstanding guest experiences.

Since then she has continued to give her time to Liberty Science Center, donating over 1,500 volunteer hours.

In recognition of her outstanding efforts on behalf of improving science literacy in the greater New Jersey-New York area, Linda was one of three winners of the annual Patrice Connolly Memorial Volunteer Award, named posthumously for the Center's first director of volunteers. She was

selected for this honor from among 14 top nominees.

In the nomination, Linda was praised for helping guests and inspiring children through the Center's Members Nights, traveling with the Family Health and Science program to area schools as well as onsite, and now in the Young Learners Lab for children 2-5 years old.

A resident of Wood-Ridge for 15 years, Linda retired after teaching for 32 years. She holds a Bachelor's degree in education from the University of Hawaii and a Master's degree in urban education from New Jersey City University. *Story by Elizabeth Romanoux. ###*

Free Computer and Online Job Search Classes

The Lodi Memorial Library is now offering free computer and online job search classes.

Starting in June 2011, a series of four classes will be taught at The Library on Wednesday afternoons from 12:30 p.m.-4:30 p.m. by a professional computer instructor.

The classes, which are designed for beginner computer users, will cover everything most job seekers need to know, from setting up an email account online and Internet job searching, to creating cover letters and resumes in MS Word. The classes are scheduled as follows:

- June 8, 12:30 p.m.-4:30 p.m.- The Basics, Part One: Learn how to set up an email account online and create professional emails.

- June 15, 12:30 p.m.-4:30 p.m.- The Basics, Part Two: Learn how to search for jobs

on the Internet using the best job search engines and the new job-seeker website called Job & Career Accelerator.

- June 29, 12:30 p.m.-4:30 p.m.- MS Word, Part One: Learn how to create resumes and cover letters in MS Word. Students can bring their job history to use in this session.

- July 6, 12:30 p.m.-4:30 p.m.- MS Word, Part Two: Continue learning how to format professional looking resumes and cover letters in MS Word.

Students should bring a flash drive or blank CD to this session. No previous computer experience is necessary and computers will be provided.

To reserve a seat, sign up at The Lodi Memorial Library and put a \$5 deposit down for each class. Deposit money will be returned to the student upon each class attended. For more information call Christina at 973-365-4044, ext. 5. *###*

Internet Buzz Words Seminar

The Free Public Library of Hasbrouck Heights is sponsoring a seminar designed to help attendees understand just what all of the latest Internet related buzz words mean and why and how some things may benefit you.

This free seminar will be conducted by The Library's reference staff. It will be held on Monday, June 13, 2011, from 3:30 until 4:30 p.m. in The Library's conference room.

The presentation provides definitions and examples of the latest "technologies" that everyone is talking about.

Topics will include the Internet, social networking, cell phone lingo, digital cameras, and more, if time permits.

The objective of this session is to help the audience to know what some of the latest "gizmos" are. Actually learning how to use them may be the scope of future seminars. Attendees may be anyone interested in gaining a basic understanding of the most popular "gadgets, gizmos, and jargon."

This event is free and open to all. To register, please call 201-288-0488 or log on to <http://hasbrouckheights.bccls.org> and go to calendar. *###*

American Sokol Celebrates 115th Anniversary

On Sunday, May 15, 2011, American Sokol Little Ferry held their Annual Czech Pork Dinner (eat-in or take out).

The menu included roast pork, dumplings, sauerkraut, homemade cake, bread/butter, as well as choice of beverage.

On April 10, 2011, American Sokol celebrated 115 years (1896 to 2011).

Their mission is to provide fitness and and community for individuals and families through physical education, cultural and social programs.

Weekly gymnastic classes conducted for tots, children, teenagers, and adults are offered at Sokol Hall. ###

As American Sokol in Little Ferry celebrate their 115th Anniversary, it is a good time to look back on their history.

(Source: Little Ferry Chamber of Commerce website that includes this Reprint: Little Ferry 1964-70th Anniversary.)

In the fall of 1896 four men met at the residence of Frank Navara, now owned by former Mayor August Stoczek, and organized Sokol of Little Ferry.

Its first officers were Vincent Petrik, President, Joseph Kucera, Sr., Vice President, Frank Navara, Secretary, and William Zabransky, Sr., Treasurer.

A number of young Sokol came from Bohemia and charter members Thomas Tuma, William Tuma and Anton Pavlicek were instructors.

Other charter members were Frank and William Laznicka, Joseph Vedral, William Kour, Sr., John Kavrik, and Anton Budin.

By hard work they erected the first public hall in the borough. Sokol accepted all nationalities in its organization at the time, as it does today.

The little hall was the center of all activities in our borough, and its gym classes in those days were fairly large considering our small population.

Two old members organized the Sokol Fife and Drum Corps, known throughout our country from 1900 to 1917. Dramas and plays were given

in both English and Czech, and we also had a fine Sokol choir and orchestra. Sokol carried on its annual Fourth of July parade until 1918. All those days are gone.

On March 17, 1911 the old Sokol Hall was completely destroyed by fire and the present building erected.

Over 2,000 children have attended gym classes and many of these gymnasts have traveled in many sections of the United States and Czechoslovakia.

The American Sokol has organizations in twenty states of our country. It is more than a physical culture organization; it has high ideals and coincides with the constitution of our great nation.

The American Sokol in the United States was organized in 1865 in the days of Lincoln, and many of its members fought to save the Union. Up to 1935 its members wore Union Blue uniforms.

To the American Sokol our country and the constitution are

first; it teaches the philosophy of life and its first aim is to be physically fit to serve our country. Not one of our members was rejected in either World War I or II.

Sokol teaches individual responsibility and moral uplift and recognizes, as in our constitution, freedom of conscience and creed. The membership of its members in Churches is their private and personal affair. During World Wars I and II Sokol gave its auditorium for Red Cross and Liberty Bond drives, send off and welcome home celebrations and graduation exercises for our public schools.

Translated, Sokol means Falcon. The Sokol ideals were founded by Dr. M. Tyrs one hundred years ago to conform with our constitution. ###

This Farmers' Market is scheduled to host about a dozen vendors. George is back! Additionally, many new vendors include Hoboken Farms, Rebecca Amish Baked Goods, a gourmet coffee company, Cookie Man, Dr. Pickle, hand made soaps, etc.

According to Chamber President Ray Vorisek, Hasbrouck Heights businesses and community organizations are invited to set up a free table for one Tuesday afternoon during the 2011 Market. Limited positions are available. Call Ray at 201-288-5464 for more information.

During Farmers' Market days, Boulevard businesses are permitted to take advantage of "Sidewalk Sale" opportunities and set up tables in front of their stores. ###

Chic Charity Club Hosts Spring Fling

On May 11, 2011, the Chic Charity Club sponsored their inaugural "Spring Fling Event," the very first event organized by the newly formed charity based organization at the Landmark in East Rutherford, NJ. The event was deemed a complete success and proceeds directly benefited the "Valerie Fund." The "Spring Fling Event" included over 40 vendors of varying products/services primarily appealing to women and children. The event was attended by over 200 women from the surrounding communities. The attendees were able to browse products and services while socializing in the Landmark venue. Photo and story provided by Lisa Mason. ###

Heights Juniors at Jersey Shore

Members of the Junior Women's Club of Hasbrouck Heights partied at the Jersey shore. They joined Junior club members from across the state on May 13-15, 2011, for the 84th Annual Convention of the New Jersey State Federation of Women's Clubs – GFWC – Junior Membership.

The GFWC Junior Women's Club of Hasbrouck Heights was recognized with several statewide awards in Domestic Violence Awareness (1st Place), Membership (2nd Place), Leadership (2nd Place), International Outreach (3rd Place), and the UNICEF award.

Past President Cindy Capozzi was placed on the Honor Roll of the Order of the Lily in recognition of her years of service and leadership to the club. These awards highlight the outstanding work of Hasbrouck Heights Juniors in 2010 throughout our community.

Across the state of New Jersey, Juniors dedicated

(l-r) Andrea Gaffney, Kristen Schaffer, Cindy Capozzi, Cara Capasso-Murray, Mary Blanus, and Nancy Riordan.

120,978 service hours to charitable causes and raised nearly \$1.5 million dollars.

Past President Cara Capasso Murray was appointed Palisades District Advisor. This appointment recognizes Cara's leadership and dedication to not only the Hasbrouck Heights Junior Women's Club but to the entire New Jersey State Federation of Women's Clubs – Junior Membership. Cara will provide guidance to clubs across the district, including Hasbrouck Heights, and serve as a primary liaison between those clubs and the NJ State Federation Board.

Cara stated, "I am honored to have the opportunity to

represent Hasbrouck Heights and the clubs of the Palisades District at the state level. I plan to share information and ideas among clubs to build a stronger Federation."

The Hasbrouck Heights Junior Women's Club welcomes new members from Hasbrouck Heights and the surrounding towns. Any woman interested in finding out more about the Juniors is invited to come to the next meeting. The club meets on the second Thursday of every month at 8pm, except July & August, at the First Reformed Church on the corner of Washington Place and Burton Avenue. RLC Centennial Curriculum Expo

On Thursday, April 14, 2011, the Robert L. Craig School in Moonachie held its annual Curriculum Expo. Displays of work from all areas of the school were exhibited in the hallways. Work included dioramas of ecosystems, artwork from all grade levels and mousetrap cars created in the upper grade science classes. The Gifted and Talented program also held a mini-model Congress where bills were

argued in front of an audience. To celebrate the school's 100 year anniversary, pictures were gathered from community members and placed in special displays throughout the school. The Drama Club, managed by art teacher, Lee Ten Hoeve, produced a show titled "Detention's Not So Bad." Students in the Seventh Grade created a play loosely based on "The Breakfast Club" from the 1980s. *Story by Val Kenny. ###*

Family Fun Along The Boulevard at Street Fair May 15

Despite the rain, the 3rd Annual Hasbrouck Heights Street Fair was held on Sunday, May 15, 2011, from 10 a.m. to 5 p.m., on the Boulevard from Kipp Avenue to Raymond Street.

This event offered something for everyone and is a wonderful community celebration with fun for the whole family. This was one of Bergen County's first big festivals of the season with over 150 craft, antique, collectibles, and specialty vendors. Many Boulevard businesses and organizations showcased their products and services.

Included in the day's events were many free attractions and

fun-filled activities:

- A Tribute to Elvis – "One Night With You," featuring Anthony Liguori with Bill Turner and the Blue Smoke Band headlined.

- Live Music by local bands Doomsday Diaries, Hard Bargain, Christian Liguori Band and Retro Spectro.

- Free rides and amusements.

- Entertainment, including clowns, mimes, stiltwalkers and jugglers, popular costume TV/Film characters, magic show, puppet show, exhibitions by local talent, and much more!

- Facepainters, Tattoo, and Balloon Artists.

- Fun Festival Foods – popcorn, cotton candy, pucker powder, shish-kebobs, kettle korn, ice cream, plus specialty food vendors (*sausage and peppers, barbecue, gyros, pizza, hamburgers, and more*).

This FREE event was made possible to the community through the generosity of sponsors. This event was sponsored by The Mayor's Business Community Committee. ###

Commemorative Centennial Souvenir

Celebrating 100 Years of Pride

There were several truck farms in Moonachie that sold produce in the Bronx Terminal Market and 14th Street, NYC. Typical farms were 8 to 10 acres. 1942 photo is from the Dominick B. Tucci Collection.

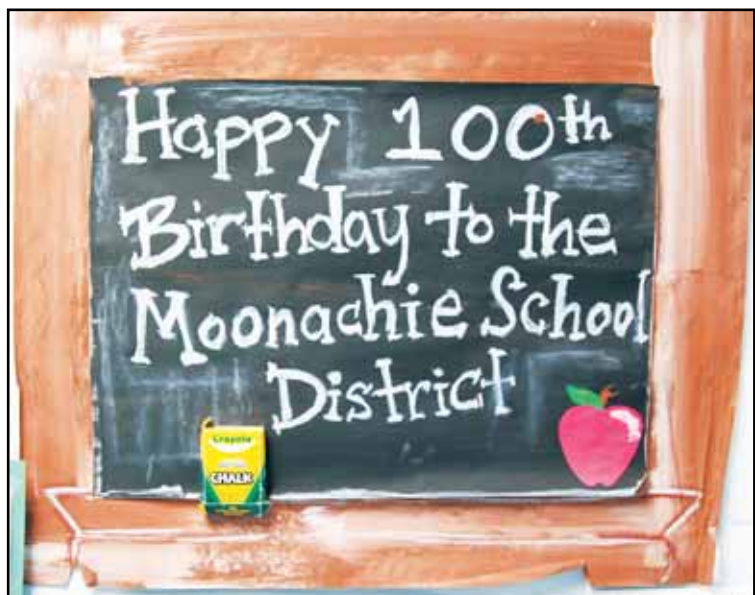

On Sunday, October 4, 2009, about 130 attended the Centennial Celebration Kick-off Brunch at The Graycliff.

On Sunday, May 18, 2010, about 200 attended "A Taste of Moonachie" at The Graycliff.

On Sunday, June 27, 2010, at Tucci Field, Moonachie held a Centennial Softball Tournament.

The RLC School Curriculum Expo celebrated the Centennial. See story on page 14 of this issue.

A Centennial Committee was formed on May 12, 2009 to make plans for the unique occasion of three combined 100 year anniversaries of The Borough, the Fire Department and the Robert L. Craig School.

It was decided to hold several events that would involve the greater community over a two year period, with the main celebration held on May 14, 2011.

The Parade

The line of march began at 3 p.m., traveled north up Moonachie Road past the Moonachie Firehouse and the reviewing stand in front of Borough Hall.

The parade turned west on Broad Street, south on Frederick Street, west on Joseph Street and south on Redneck Avenue and concluded at the Ball Fields.

The Parade of the Century was led by three Grand Marshals: Former Mayor Frederick Dressel (*Borough*), Ex. Chief, Year 1956, Dominick Tucci Jr. (*Fire Department*) and BOE Trustee Charles Pallas (*RLC*).

The current Mayor and Council and Board of Education Trustees marched, followed by the Bergen County Firefighters Pipe Band.

Moonachie Fire Department Members marched, led by their Honor Guard, and followed by the Ladies Auxiliary and a display of all fire apparatus.

Next, the members of the Moonachie EMS and Rescue Squad marched behind their Honor Guard, followed by their apparatus.

A colorful "Happy Birthday RLC" float with teachers and staff, a sports float (*provided by Lenox*) and RLC P.T.O./ Student Council float passed the reviewing stand.

A decorated Moonachie Senior Citizen bus stopped at Borough Hall where the seniors departed so they could watch the parade -- but the bus continued.

American Legion Post 310 (*Little Ferry*) float with members, passed in review.

Local Scouts marched, followed by the Yonkers Military Marching Band.

Knights of Fire Motorcycle Club sporting colorful hats,

American Cruisers Car Club and Macy's floats delighted onlookers.

FedEx Champion Driver, Dave Font, with 500,000 safe driving miles, showcased his truck.

The Little Ferry Fire Department Honor Guard, with members and equipment passed in review. LF Fire Chief Robert Cordasco paused to salute MFD Fire Chief Victor Migliorino.

A contingent of Chiefs, firefighters and apparatus from Wood-Ridge, Bogota, Carlstadt, Hasbrouck Heights, East Rutherford, South Hackensack, Rutherford, Lodi, Wallington, Secaucus, Ridgefield Park, Old Tappan, etc., followed.

Party of the Century

Following the Parade, the Redneck Avenue Ball Fields were filled with continuous music, amusements, lots of food, games, refreshments, etc., with the Fire Department hosting a "beer tent" for adults.

At dusk, a significant fireworks display was held.

Bike Decorating Contest

A Bike Decorating Contest was open to all Moonachie residents who met the age requirements. Judging took place at the Valley National Bank parking lot on May 14, 2011, and prizes were awarded.

Centennial Bake-off

A Moonachie Centennial Bake-off was held on May 14, 2011, at the Redneck Ball Fields Fieldhouse as part of the Moonachie Centennial Celebration. The contest was open to anyone who lives, works, worships in Moonachie.

There were winners in each of 7 categories: cakes, pies, muffins, cookies, bars and brownies, healthy/organic, and quick breads.

Super 50-50

A Super 50-50 drawing was held at the Centennial Celebration on May 14, 2011. There was one winner. Proceeds benefited the scholarship fund.

Centennial Commemorative Shirts

Commemorative shirts

with colorful graphics on both sides reflecting the Community's 100th Celebration of the Borough, the R.L. Craig School and the Fire Department, were available. A limited number are still available. For more information call Kevin at 201-921-9247 or Frank at 201-522-7922.

Kick-off Brunch

On Sunday, October 4, 2009, Moonachie hosted a Centennial Celebration Brunch to kick-off the many events commemorating the 100th Anniversaries of the Moonachie Borough, Fire Department and Board of Education. Over 130 family, friends and neighbors enjoyed the brunch held at The Graycliff on Moonachie Road in Moonachie. There was delicious food, Tricky Trays and a 50/50 Raffle. ###

Taste of Moonachie

To commemorate the Moonachie Centennial "100 Years of Pride," about 200 attended "The Taste of Moonachie" on May 18, 2010, at The Graycliff, from 6:30 p.m. until 8:30 p.m. Local restaurants, food production companies and spirit distributors offered samples of their cuisine and delights. ###

Centennial Sports Tournaments

Firefighters, police, first aid members, school, and community teams competed in several volleyball and softball tournaments during the Centennial year.

Photo Displays

A featured photo display in the Senior Center, by Edward Padykula Photography Collection, was given to Mayor Dressel. Photos and artifacts were collected and displayed around town.

Centennial Journal

A committee has been formed to produce a journal. They are looking for old photos, artifacts, anecdotes, clippings or references about Moonachie's history.

They are still accepting advertising. For more information contact Gail Fitzgerald at gfitzgerald@moonachie.us ###

Keep Wood-Ridge
Beautiful Day June 5

Volunteers are once again needed to help clean the shopping districts and raise awareness of the effects of litter in the community during the 12th Annual Keep Wood-Ridge Beautiful Day.

Last year, over 125 volunteers participated! Both adults and children are welcome. The Bergen County Board of Health will provide cleaning utensils, gloves, brooms and bags.

Volunteers are asked to meet at the Wood-Ridge Senior Center on June 5, 2011, at 1 p.m. Free hot dogs and other refreshments will be served after the clean up.

To sign up, call Borough Hall at 201-939-0202 extension 1, and leave your name and telephone number. Also, let them know how many adult or children's tee shirts should be ordered.

Clean-up your town and your home. For further information, contact Councilman Ezio Altamura 201-531-0259 or 201-939-0202 ext 1.

Join your friends, neighbors, and help "KEEP WOOD-RIDGE BEAUTIFUL" ###

W-R Shred-it
Event June 5

The Borough of Wood-Ridge, in conjunction with the BCUA Mobile On-site Shred Program, will be hosting a Community Paper Shredding Event on Sunday, June 5, 2011, from 9 a.m. to 1 p.m. at 495 Highland Avenue.

This free event provides Bergen County residents the opportunity to have their sensitive documents safely shredded and recycled.

No binders, plastic, metal or x-rays will be accepted. ###

It is time to say good-bye once again until September. The Boulevard in Bloom Planters have been put together by the Garden Club and the faithful DPW has once again placed them on the Boulevard. They will continue to water them throughout the next few months.

The Club is involved with Town Day, the Street Fair and the Town-wide Garage Sale.

They meet several months throughout the year on the third Thursday of the month at 6:45 p.m. at the Borough Hall located at 320 Boulevard on the second floor in the Library Meeting Room.

All are invited to attend informative meetings, so think about joining and bring a friend. Refreshments are served. See you in September! For further information please contact Judy at 201-288-2615. ###

Strawberry
Moon

The June full moon appears on Wednesday, June 15, 2011, at 16:13. It is called the "Full Strawberry Moon."

According to the Farmer's Almanac, this name was universal to every Algonquin tribe.

The name reflects the relatively short season for harvesting strawberries that comes each year during June. Other names include the "Full Hot Moon," or in Europe, the "Full Rose Moon."

The Native American Indians of the northern and eastern United States kept track of the seasons by giving a name to each recurring full moon. European settlers followed the custom. ###

Chamber/Garden Club
Boulevard Beautification
Donations Sought

Beautiful flowering planters have adorned The Boulevard for the past five years.

The Hasbrouck Heights Chamber of Commerce, in cooperation with the HH Garden Club, invited businesses and residents to sponsor a flowered planter to be placed along The Boulevard during 2011.

A donation of \$40 replenishes an existing planter with lovely flowers and greens. Your donation of any amount is welcome.

The funding has become dangerously low. Your generosity is especially appreciated this year.

The work was done by the Garden Club at the DPW on May 21st.

Once the plantings were completed, the DPW then moved the flower pots to their Boulevard location, and has

agreed to water the plants during the season. After the summer, the DPW will collect the flower pots and store them for the winter.

Call Ray at 201-288-5464 or Ann at 201-288-3956 for more information. ###

Mosquito Control

It is said the mosquitoes dislike the scent of oranges and onions -- rub over your exposed areas. Avoid wearing clothing that is damp or colored blue -- they say mosquitoes love damp or blue clothing. When you see mosquitoes on your walls and windows at night, simply suck them up with a vacuum hose. Try planting the herb tansy or basil in sunny spots near your doors. Mosquitoes are repelled by the smell. To keep mosquitoes from breeding in your rain barrel, pour a little cooking oil on the surface of the water.###

AHOF Hosts 38th Annual Induction Dinner

Four Pioneers Inducted into the NJ Aviation Hall of Fame

The Aviation Hall of Fame and Museum of NJ held their 38th Annual Hall of Fame Induction Dinner on May 11, 2011 at The Fiesta Ballroom.

Dinner chairpersons were Frederick P. Alimonti and W. Timothy McSwain.

The program began with the presentation of Colors by the Civil Air Patrol, Teterboro Squadron. The invocation was given by Pastor Timothy Barnes, Living World Church, West Milford, NJ.

The AHOF Distinguished Service Awards were presented to John Maene and Edwin Havens. The Fred L. Wehran Aviation Achievement Award was presented to Charles H. Howard.

A video representing recent Wings and Wheels Expos was presented by Fritz Rethage.

Rudy F. Steinthal (c) presenting the Distinguished Service Awards to Edwin Havens (L) and John Maene (r).

Carol Wehran Greene presenting the Fred L. Wehran Aviation Achievement Award to Charles H. Howard.

The following were honored with induction into the Aviation Hall of Fame:

Accepting this honor was Howard Levy's friend Glenn Stott.

Howard Levy

A longtime resident of Freehold, Howard Levy is arguably one of the most prolific aviation photographers in history.

Levy sold his first picture of an airplane in 1937 when he was 16. He then served as a U.S. Army Air Force photographer during World War II in Africa, the Middle East, Sicily, Italy and India.

Between the late 1930s and his death in 2010, Levy created over 245,000 images of flying vehicles of every type around the world.

He particularly sought out one-of-a-kind aircraft and the extreme rarity of some of his subject matter, along with the exceptional quality of all of his work, was probably most responsible for the Smithsonian's National Air & Space Museum posthumously acquiring his entire collection.

In addition to being a professional photo-journalist, Levy was a writer for a myriad of aviation publications such as Flying, Business and Commercial Aviation, Sport Aviation, Sport Pilot, Smithsonian Air & Space, AOPA Pilot, Private Pilot, Kit-Planes, Professional Pilot, Jane's, Air Progress and a number of European publications.

He also spent 25 years as an Assistant Editor for Look Magazine. During his 72 year career he photographed and interviewed individuals like Amelia Earhart, Howard Hughes, Igor Sikorsky, Jimmy Doolittle and Stanley Hiller.

Levy was a founding member of the American Aviation Historical Society as well as the Aviation/Space Writers Association. In 2003 he received a very well deserved Lifetime Achievement Award from the International Society for Aviation Photography.

William L. Mack

A resident of Upper Saddle River, Bill Mack's passion for aviation began with a childhood sightseeing ride aboard the original Goodyear Blimp in the 1930s and watching Pan Am Clippers at La Guardia Airport.

Mack was inducted into the Navy in 1942. He spent

time in a combat zone as a mechanic/gunner on the carrier Saratoga. After a stint as an aircraft mechanic in Okinawa, Mack entered the USN flight training program to become a Naval Aviator. Unfortunately, the war ended before he could earn his wings.

In the post-war years, Mack worked as a mechanic for American Overseas Airlines, but in 1948 he was able to join a squadron of the New York Air Guard and became an Air Force Aviator in 1952, flying F-51's.

In civilian life, Mack worked with the Federal Telephone Laboratory flying missions that eventually led to the development of Tactical Air Navigation.

During the 1950s and 1960s, he flew as a corporate pilot for Cluett Peabody, Amoco and finally National Distillers where he spent 31 years and rose to Chief Pilot.

He is perhaps best known as the commander of the record-setting Gulfstream 3 flight, which set a new Round the World speed record of 47 hours flying from Teterboro.

Though he retired in 1991, Mack is still active in aviation working on avionics designed to meter oxygen loss during aircraft depressurization.

During his career, Mack has also won awards from the FAA, NAA and NBAA and was a long time member of the Teterboro User's Group (TUG.)

Dr. Joseph E. Salvatore

A resident of Cape May, Dr. Joseph E. Salvatore is the founder and Director of the Naval Air Station Wildwood Aviation Museum.

During the 1990s, Dr. Salvatore recognized the potential of a huge World War II Navy hangar, the largest wooden structure in the state, which was still standing at Cape May Airport in Rio Grande, New Jersey.

Despite its poor condition, including 4,400 broken windows and a 150 foot hole in the roof, he visualized what would one day become one of the Garden State's premier aviation museums.

After obtaining a large grant from the federal government, and a matching grant from the New Jersey Historic Trust, Dr. Salvatore, in 1997, commenced the immense task of restoring and re-purposing a building the size of two football fields.

Today the beautifully renewed structure is on the National Register of Historic Places and contains over 26 aircraft including a TBM Avenger, F-14 Tomcat, F-15 Eagle, A-4 Skyhawk, Mig-15 and T-33 as well as helicopters such as the Bell Huey, Cobra and Sioux.

Also included in the collection are two rare "gyrocopters," the McCulloch J-2 and the Air & Space 18.

The museum also contains a large number of interactive exhibits geared towards teaching patrons about the science of flight.

Each year Naval Air Station Wildwood sponsors many events including the "Air Fest" show, fly-ins, concerts, swing dances, Veterans ceremonies, lectures and guided tours.

Today, Dr. Salvatore's

brainchild is the largest aviation museum in New Jersey.

General

Norton A. Schwartz

Born in Toms River, NJ, General Schwartz entered the United States Air Force Academy in Colorado Springs in 1969 and graduated in 1973 with a degree in political science and international affairs.

During that time he also received his wings as an Air Force pilot and was initially posted to Clark AFB in the Philippines as a C-130E Hercules aircraft commander with the 776th Tactical Airlift Squadron.

After a period of further education at Central Michigan

University and the Armed Forces Staff College, Schwartz was made commander of the 36th Tactical Airlift Squadron at McChord AFB in Washington in 1986. In 1988 he entered the National War College and graduated the following year.

Increasingly important positions followed in quick succession over the following 20 years including, among others: Director of Plans and Policy, Special Operations Command Europe; Commander, 16th Special Operations Wing; Commander, Special Operations Command, Pacific; Director of Strategic Planning, Headquarters U.S. Air Force, Washington, D.C.; Commander, Alaskan Command; and Commander of the U.S. Transportation Command.

In 2008, twelve years after he was first promoted to flag rank and three years after becoming a four-star General, Schwartz was awarded his present position as Chief of Staff of the Air Force.

General Schwartz has earned 23 awards and decorations during his USAF career including both the Air Force and Defense Distinguished Service Medals.

He is also a command pilot with over 4,400 hours in 11 different Air Force aircraft types. ###

Carlstadt Re-Dedicates Post Office to Honor Carvill and Schwarz

Officials, neighbors, Veterans and family members gathered at noon on April 27, 2011, for a ceremony unveiling the plaque dedicating the Carlstadt Post Office to fallen hometown heroes National Guard Staff Sergeant Frank T. Carvill and Marine Lance Corporal Michael A. Schwarz.

S/Sgt. Frank T. Carvill, 51, was killed in an ambush in Baghdad's Sadr City on June 4, 2004. Carvill was one of the oldest soldiers to die in Iraq, and had previously escaped both terrorist attacks on the World Trade Center.

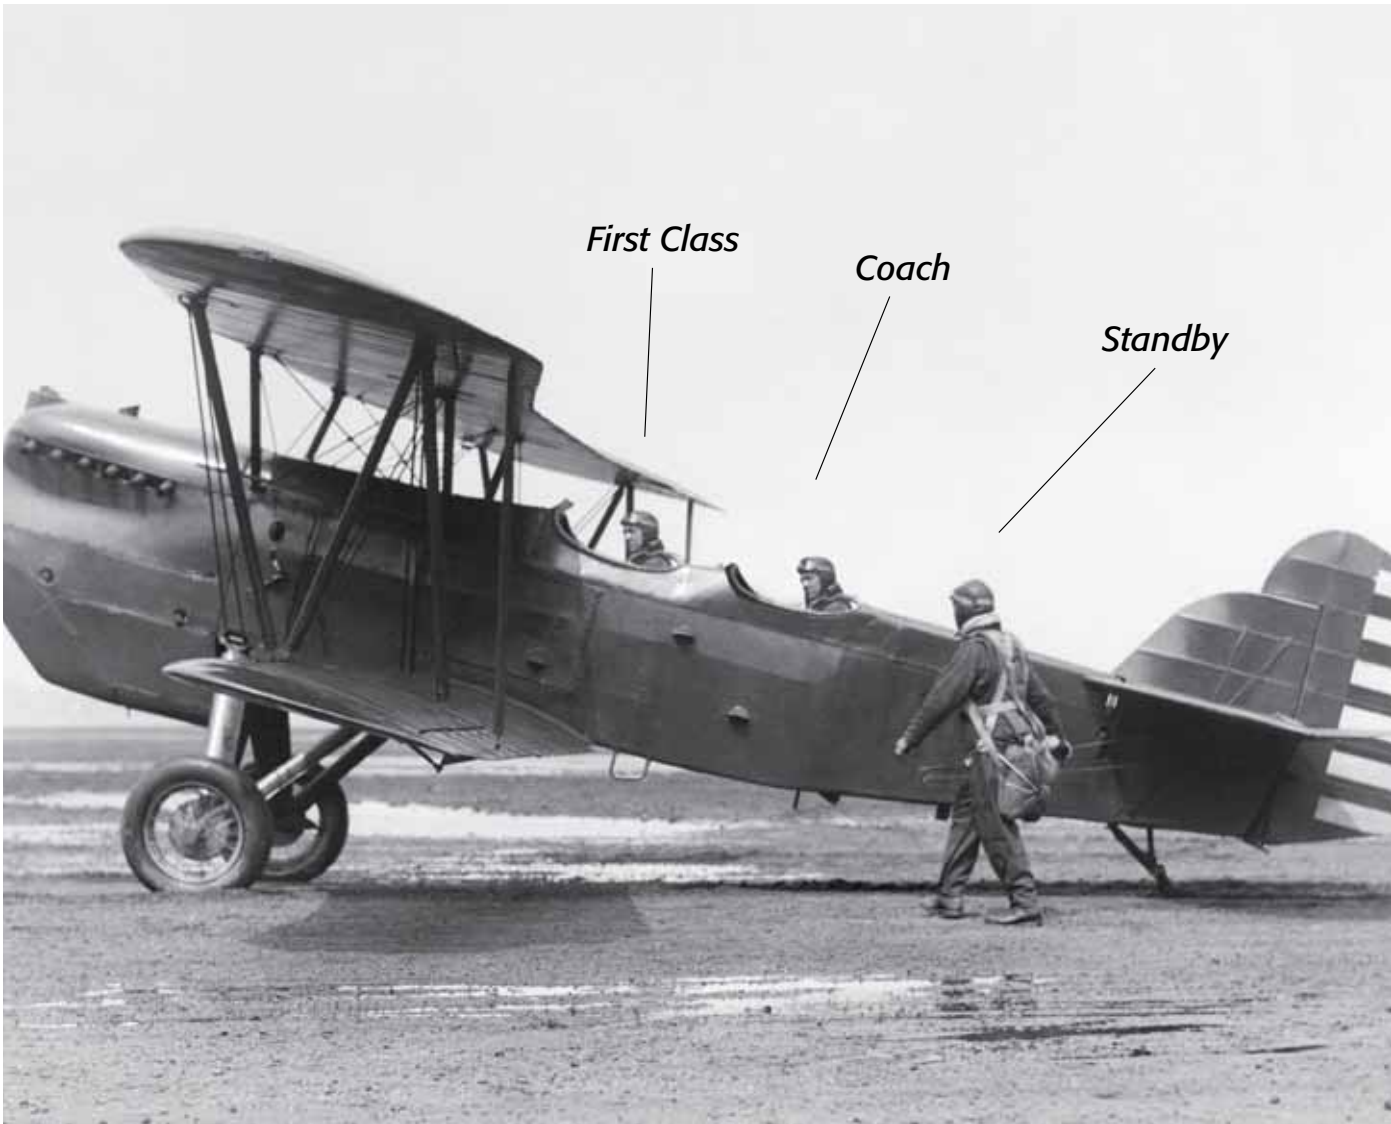

Marine L/Cpl. Michael A. Schwarz, 20, was killed by a sniper in Al Anbar province on November 26, 2006. A 2004 graduate of Becton Regional High School and a volunteer firefighter, he'd long dreamed of joining since childhood and even wore camouflage under his cap and gown at graduation.

The program began with an introduction by Connie Chirichello, USPS, followed by the Presentation of Colors by Honor Guards American Legion Post 69 and USPS Police.

The National Anthem was presented by Carlstadt School 5th, 6th and 7th Grade students, and the Pledge of Allegiance was led by Carlstadt Postmaster Michael Krysiak. Remarks were made by Priscilla Maney, USPS, and Congressman Steve Rothman (who sponsored the legislation).

The Carlstadt School Chorus sang the Star Spangled Banner, followed by remarks by Carlstadt Mayor William Roseman.

Poignant remarks were made by Mrs. Pamela Schwarz (mother), and Mrs. Peggy Carvill-Liguori (sister), followed by the Commemorative Plaque Unveiling. Closing comments were given by Postmaster Michael Krysiak. Photos by Denis Kronyak Sr. #####

The Absorption Rate: A Home Seller Reality Check

Among those plans for selling a home, most people would list cleaning, de-cluttering, re-painting; all those tasks that one can do to enhance property salability.

But one consideration – largely outside our control – outweighs all others these days and that's pricing (*with a capital P!*). To determine price, you and your trusted Realtor need to look at the housing trend for your market. That means looking at what homes like yours are selling for and how long it takes them to sell.

There's a lot of news out there on the current housing market but most of it is generalized, national or widely regional.

The easiest way to understand current and future market conditions for any specific area is to monitor the real estate absorption rate (REAR).

The REAR is the rate at which the inventory of homes for sale in a particular area is being sold. Many Realtor Comparative Market Analysis sheets count "days on the market" for this information but that figure can easily be manipulated removing and then relisting a property to "reset" the numbers.

The REAR is a better gauge of how long it will take to sell your home and how aggressive you will need to be in order to reach sale timing goal.

Mathematically, absorption rate is the measurement of current housing supply divided

by the current rate of sales, expressed in months or weeks of supply.

A simpler way to define the REAR is to say that it is the number of months that the market will need for the foreseeable future. Thus an absorption rate of 11, for example, would mean that – at our current rate of sales – we have all the homes for sale in south-central Bergen County that the market needs for the next 11 months.

It's all about supply and demand. Supply & demand is an economic model of price determination in this or any other market.

The textbook explanation dictates that in a competitive market, the unit price for a particular good will vary until it settles at a point where the quantity demanded by consumers (*at current price*) will equal the quantity supplied by producers (*at current price*) resulting in an economic equilibrium of price and quantity. In the housing market, that equilibrium of price and quantity is determined by the absorption rate.

What does it mean to the seller? Well, for us in real estate....

• A Sellers Market equals a one to four months' supply of homes.

• A Neutral Market equals a 5 to 6 months' supply of homes.

• A Buyers Market equals more than 6 months' supply of homes.

In a sellers market, the seller can set the price, do minimal staging and the house will sell.

In a neutral market, the seller will need to look at the competitors pricing and perform minimal staging.

In a buyers market, the seller will have to price aggressively, offer buyer incentives such as home warranties and perform high levels of staging and updating.

How do we calculate the absorption rate for our area? Let's look at Hasbrouck Heights. According the New Jersey MLS, there are 74 homes for sale here in town as of May 13, 2011. In the month of April, 7 got sold. So $74/7 = 10.57$ months of inventory.

Stated another way: if no other properties came into the market, it would take over 10 months to sell off all the inventory currently listed for sale in Hasbrouck Heights.

In Wood-Ridge, the rate is a little better. Fifty homes are currently on the market there; 6 sold in April. Doing the math, it would take 8+ months to eliminate all the inventory in Wood-Ridge. ###

AARP Members Informed About Skin Cancer

May 13, 2011 marked the 40th Anniversary of Ms. Nancy Ellison becoming a nurse. She is the Coordinator of Central Healthy Living at Holy Name Hospital. On this anniversary Nancy was the guest speaker of the Central Bergen Chapter #418, AARP.

She is a friend of this Chapter and has addressed them in the past on such topics as "Spring into Wellness" and "Have Fun and Get Healthy." Her topic on this occasion was "Skin Cancer – Causes, Symptoms and Types."

Before her presentation, Chapter Program Chairperson Marion Davidowicz presented a bouquet of flowers to Nancy.

Ms. Ellison then focused on the topic of the day, "Skin Cancer." Ultraviolet light exposure, most commonly from sunlight, is overwhelmingly the most frequent cause of skin cancer. Other important causes of skin cancer include the use of tanning booths, exposure to unusually high levels of x-rays, and some hereditary factors. In those cases, skin cancer is caused by abnormal genes that children inherit from their parents.

People who are at the greatest risk of getting skin cancer are those with fair skin, especially types that freckle, sunburn easily; those with light (blond or red) hair and blue or green eyes; those with numerous moles, unusual moles, or large moles that were present at birth; those who have already been treated for skin cancer; those with certain genetic disorders that deplete skin pig-

ment; those with close family members who have developed skin cancer; and those who had at least one severe sunburn early in life.

Skin cancers may have many different appearances. They can be small, shiny, waxy, scaly and rough, firm and red, crusty or bleeding, or have other features. Some of their features are skin growths that do not heal, have irregular borders, the color varies from one area to another and the diameter is usually larger than 6 mm in size (the diameter of a pencil eraser). Therefore, anything suspicious should be looked at by a physician.

The three most common types of skin cancer are basal cell carcinoma, squamous cell carcinoma, and melanoma. The most common form of skin cancer is basal cell carcinoma, a slow-forming cancer with no risk of spreading to other body parts. The second type is squamous cell carcinoma.

This slow-growing cancer, if left untreated, can spread to other parts of the body. The third, malignant melanoma, is the most dangerous. This highly fatal skin cancer, if left untreated, is known for its fast growth and ability to spread throughout the entire body.

Ms. Ellison concluded her presentation by covering some of the methods of preventing skin cancer. The best way is to minimize sun exposure. This can be accomplished by wearing protective clothing such as hats, long-sleeved shirts, long skirts, or pants; by avoiding exposure between 10 a.m. and 4 p.m., when the sun is most intense; and by using a sunscreen with an SPF of at least 30. Sunscreen should be applied at least one-half hour before sun exposure, and reapplied frequently. It should also be applied during winter months as well. Story and photo by Peter Gallo Jr. ###

Seniors Introduced to Solar Power

Members of the Leisure Club were briefed on ways to reduce the cost of heating and air-conditioning their homes by as much as 70 percent by Mr. Paul Udowychenko, President of E2ECTA, at their May 11,

2011 meeting.

Saving energy and money can be as easy as changing a light bulb. The use of CFL bulbs has become standard because they last longer and use less energy. Also upgrading furnaces and air conditioners that are more than 10 years old can also save energy and money.

The program, however, was centered on the use of solar energy to provide a home with the best savings. Solar energy is a natural source of energy that comes directly from the sun. When solar energy hits the earth it spreads over the earth's surface and provides warmth evenly. Solar power is the conversion of sunlight into electricity. By capturing this solar energy and converting it into free electricity which passes through solar panels, you gain substantial savings and a cleaner environment. Unfortunately, although solar

power has great potential it supplies less than 0.02 % of the world's total energy supply.

In conclusion, Mr. Udowychenko stressed that solar power is a great home investment. It not only will lower electric bills but also increases the value of a home. Solar panels have a 30-year life period and need little maintenance unless a panel has been physically damaged. Story by Peter Gallo Jr. ###

Reflections

A Day in the Life...

*Deacon Vincent DeFede
Corpus Christi Church of Hasbrouck Heights*

We are currently in the beautiful Season of Easter until Pentecost on June 12th. A time of the year when everything is anew and fresh; the flowers, the trees, the sun filled sky, and of course, allergies. As a body of believers, we are always called to go beyond the call of duty. The Lord expects that of us and we should too.

We are a people called to make peace and keep peace. To love God and to love our neighbor by reaching out and meeting their needs. How often are we asked by our neighbors for something, from borrowing an item, to assisting them, to running an errand and so on. How do we react? Do we jump up with open arms at the opportunity or do we frown and get annoyed.

My friends, if we are truly followers of Christ, we should make no bones about helping others, even if it is inconvenient.

Sometimes God uses situations and puts people "in our face" for a reason. The Lord wants us to experience His love for us and for us to express that love to others.

How wonderful it is for us to explore the open doors that God gives us in hoping that we will take that challenge and do His will.

You never want to be one of those people, who always wait for someone else to do it, because it does not always happen. We do not want to live like we don't care; we should refuse to let someone else do what God has called us to do.

A day in the life of a Christian should be full of life, love, prayer, sharing, giving of our time, talent, and treasure to serve others and be the eyes, hands, and feet of Jesus who told us to go out into the world and spread the good news of the gospel and to meet the bodily and spiritual needs of our neighbors.

The world today can be a very difficult place, one in which each and every one of us can make a difference, one person at a time.

A time to love, a time to forgive, a time to speak up for righteousness, a time to move on.....

Let us take a moment to reflect on our lives and ask God, am I doing your will?

He will answer you. Jesus calls us to come to the water, the water of life. Come to Him; give Him your all, for God has so much to give to those who love Him.

As we continue to enjoy springtime let us be open to whatever God puts in our path and to always go beyond the call of duty.

Be safe, be happy, and be blessed. ###

Assumption Church Honors Seven Married Couples

Annually, at this time of the year, the Assumption Church in Wood-Ridge honors its parishioners' special wedding anniversaries. Couples who are celebrating their wedding anniversaries at five year intervals are invited to participate. A special Mass was held for them on Saturday, May 14,

2011 where they renewed their marriage vows.

This year, seven couples were so honored. They were Audrey and Mark Musella - twenty years, Carol and Lucien Cauceglia - thirty years, Nancy and Mark Janeczko - thirty years, Marie and Peter Gallo - forty years, Dymrna and Peter Lambe - fifty years, Dorothy and Stanley Dobek - fifty-five years and Angie and Stanley Drozd - sixty-five years.

Two parishioners should also be recognized. They have been the chairpersons for this event for the last twenty-seven years. They are Letty Materia and Bree Meaney. *Photo and story provided by Pete and Marie Gallo. ###*

Tools Of Hope

To honor Father's Day each year, The Guild of Reformed Church Women collect money to buy Tools of Hope for Church World Services.

For \$5.00 Church World Services can buy a set of tools: hammer, saw, shovel, etc., which they give to help men who have been overcome by disaster.

The men (or women) can be here or anywhere in the world. They can use the tools to remove debris, repair homes or businesses, plant crops, etc.

The Guild would like to collect enough to pay for 100 tool kits.

Send a contribution to Guild of Reformed Church Women, Box 66, First Reformed Church, Hasbrouck Heights, NJ 07604. The need is great. Deadline is Father's Day, June 19, 2011. ###

Free Lunch

Everyone is invited to the First Presbyterian Church of Moonachie on June 4, 2011, at 11:30 a.m. for the "First Saturday Free Lunch" program.

This program is an expansion of the Church's ministry of feeding hungry bodies and hungry hearts, and continues on the first Saturday of every month. If the economy's got you down, or you want to share a meal with others, come and be a part of this celebration of the Moonachie community. There is no charge and there are no strings attached! ###

Mosquito Season is Abuzz

Standing water means you could be raising mosquitoes!

Many generations of mosquitoes can breed right in your own yard. All mosquitoes need water to complete their life cycle. Mosquitoes also are not known to travel long distances from their water source.

Some mosquitoes lay their eggs in standing water where they hatch in just a day or two. They can do this in water that has been standing for as little as four days.

Other mosquitoes may lay their eggs in old tires, tin cans, or other water-holding containers including bird baths, wading and small swimming pools, ornamental ponds, clogged gutters, flowerpots or the drip plates beneath them, cups, glasses, drink cans, etc.

The eggs may remain unhatched for weeks or even months until they are covered with water!

Yard and home checklist:

- Get rid of old tires, tin cans, buckets, drums, bottles, or any water holding containers
- Fill in or drain any low

places (puddles, ruts) in yard

- Keep drains, ditches, and culverts clean of weeds and trash so water will drain properly

- Cover trash containers to keep out rain water

- Repair leaky pipes and outdoor faucets

- Empty plastic wading pool at least once a week and store it indoors when not in use

- Make sure your backyard pool is properly cared for while on vacation

- Fill in tree rot holes and hollow stumps that hold water with sand or concrete

- Change the water in bird baths and plant pots or drip trays at least once a week

- Keep grass cut short and shrubbery well trimmed around the house so adult mosquitoes will not hide there

- Keep gutters clean and free of debris and leaves.

- Store boats covered or upside down.

Protect yourself from mosquito bites

- If possible, avoid being outdoors in the early morning

or in the evening.

- If you must go out, wear long-sleeved shirts, long pants and socks.

- The EPA and CDC advise the use of a mosquito repellent, following the instructions on the label.

- Check with your pediatrician before using a repellent on children.

- Keep windows and doors closed or covered with screens to prevent mosquitoes from entering the house.

- Repair screens on windows, doors, porches, and patios.

- Some mosquito control methods do not do a very good job. For example, bug zappers do not work well to control biting mosquitoes since they do not emit carbon dioxide.

- Various birds and bats will eat mosquitoes, but there is little evidence that this cuts down on the number of mosquitos around homes.

- Electronic mosquito repelling devices don't stop mosquitoes biting people either. ###

Filling You In

Men's Oral Health

Many men's mouths fall silent when questioned about frequency of regular dental visits.

Just being male puts one at risk for infrequent dental checkups and poor oral health, which can decrease a man's longevity, according to a recent article in AGO Impact, the monthly newsmagazine of the Academy of General Dentistry (AGO).

Higher incidences of diabetes and heart disease decrease how long a man may live, according to the American Diabetes Association and the American Heart Association. Researchers find that men with periodontal disease may be placed more at risk for complications related to diabetes and heart disease. "Men need to know that a healthy mouth leads to a healthy body," says Scott Cayouette, DMD, FAGD and AGO spokesperson.

Periodontal disease can be prevented; yet, the average man only brushes his teeth 1.9 times a day and will lose 5.4 teeth by age 72. If he smokes, he can plan on losing 12 teeth by age 72.

Men also are more likely than women to develop oral and throat cancer and periodontal (gum) disease.

"Men may neglect their oral health for years, visiting a dentist only after a problem arises," says Dr. Cayouette. He may see some of his male patients only after a dental emergency. "I also treat more men for stress-induced tooth fractures caused by worrying about the economy."

Dr. Cayouette explains that when stressed, men will clench or grind their teeth so hard that stress fractures occur,

treatment which may require a dental visit, examination, crown and in extreme cases, extraction. Also, he treats men with tooth fractures that resulted from lifting heavy weights.

Each June, which is National Men's Health Month, the AGO encourages men to find a dentist, schedule an appointment and follow these easy (and inexpensive) tips to improve oral health:

- See a general dentist twice a year and get regular cleanings

- Stash "floss and toss" tools in cars, office drawers and backpacks

- Can't brush? Swish with water or chew sugar free gum with xylitol to stimulate saliva flow

- Floss daily

- Brush teeth with fluoridated toothpaste

Play sports? Lift heavy weights? Get a custom athletic mouth guard made by your dentist to protect teeth from trauma

- Problems with fracturing teeth related to stress? Talk to your dentist about a custom occlusal biteguard to prevent further damage to your teeth.

Cold War Recognition Certificate

In accordance with section 1084 of the Fiscal Year 1998 National Defense Authorization Act, the Secretary of Defense approved awarding Cold War Recognition Certificates to all members of the Armed Forces and qualified federal government civilian personnel who faithfully served the United States during the Cold War era, from September 2, 1945 to December 26, 1991.

Applications may be downloaded from WWW.189thahc.org/coldwarcertificate.html. All applications must have proof of service. Acceptable documents are DD Form 214, Standard Form 50 or a leave and Earnings Statement showing Social Security Number or Military Service Number or Foreign Service Number, with a date showing at least one day of service during The Cold War era. Applications must contain the following statement: "I confirm my faithful and honorable service to the nation during the Cold War era." Sign and date the application and mail to: CDR/AHRC, Cold War Recognition, Hoffman II, Attn: AHRC-CWRS, 3N45, 200 Stovall Street, Alexandria, VA 22332-0473 or fax to: 1-800-723-9262. You should receive your certificate in about two weeks. *Story by Jim Halloran.* ###

History of the Felician School for Exceptional Children

Continued from page 3

On September 8, 1971, the Felician School for Exceptional Children opened in Lodi, NJ, with Sister Mary Ramona as director. At that time, it was available for 26 exceptional children.

The first faculty members were Sister Mary Gilbert, Sister Mary Loretta, Sister Rosemarie and Mr. Francis Lucanto.

In September of 1972, due to the increase of enrollment to 48 children, additions to the teaching staff were made and it was necessary to open two

more classrooms for trainable children.

With hope for progress in view, registration for the 1973-74 school year was opened to trainable, ages 3 1/2 to 4 years.

Upon request of many parents, the facilities for residential children were made for 20 children on a five days a week basis. This became effective in September 1973, thus adding another chapter to the history of The Felician School.

After its beginning in 1971, The Felician School for Exceptional Children has been growing. ###

Take Care of Your Eyes and They will Last a Lifetime!

We sometimes overlook taking care of one of our most precious senses...our sight.

While our eyes are referred to as "windows to our heart and soul" and "pools of crystal blue water," they are precious and need some very special care, starting from the time we are small when the world is new to us.

Our eyes need special care to protect them from UVA rays that can pass through our corneas and reach the lens and the retina inside the eye.

These rays can cause some serious damage such as cataracts and may play a role in macular degeneration. There are also UVB rays that pass through the ozone layer and

cause suntans and sometimes sunburn. These can also cause damage to the eye by causing certain growths on the eye.

Also, keep in mind that these harmful rays can cause skin cancers to the delicate skin around your eyes and your eyelids.

Some medications may make your eyes more sensitive to light and therefore, extra measures have to be taken to protect them.

These drugs are belladonna, furosemide, quinine, tetracycline and doxycycline.

Keep in mind that there are drugs that make you photosensitive and can cause your skin to burn in the sun much more easily.

Remember I mentioned the delicate skin around your eyes? This is where photosensitivity comes in. Such drugs

that cause this are certain antibiotics (*ex. ciprofloxacin and sulfas*), hypoglycemic agents (*ex. glyburide and glipizide*), cholesterol agents such as the statins, NSAIDS (*ex. naproxen and ibuprofen*), and antifungals (*like terbinafine*). **

By no means is this a complete list, so please call or come in and we can answer your questions if your medication(s) can cause this to happen.

Now a bit of noteworthy information -- the vision industry can't stress enough the importance of wearing the correct type of sunglasses.

When choosing them, they should have large lenses, or are close-fitting wraparound style with protection that blocks 100% of UV rays.

A quick side note, a large brimmed hat or cap also cuts down on the amount of harmful rays that your eyes and surrounding areas are exposed to.

Children should be encouraged to wear sunglasses too since they spend a lot more time outdoors compared to adults.

Researchers find that the risk of damage to the eyes from solar UV rays is cumulative. This means that the danger continues to increase as we spend more time in the sun throughout our lifetime.

When choosing children's sunglasses, remember to choose ones that have soft, flexible frames, and that also provide 100% UV protection.

A good balanced diet of healthy foods will keep you healthy, and in turn, keep your eyes healthy. A diet of vegetables, fruits, and fish provide vitamins that are essential to eye health. These foods provide Vitamin C, Vitamin E, Zinc, Lutein, Zeaxanthin, and Omega-3 fatty acids.

Also keeping away from

processed foods has its benefits far beyond eye health. Controlling intake of these can control your blood sugar and blood pressure, which has an effect on your eyes.

So don't overlook the obvious. When choosing your dinner or a pair of sunglasses, remember to choose with the intention of protecting those "pools of crystal blue water." Hope to see you soon!

Too Much Sun is Bad for Your Skin

Understanding UVA, UVB, SPF

Basking and working in the sun, without protecting your skin can lead to wrinkles, premature aging and, worst of all, skin cancer.

Sun damage is also responsible for leathery-looking skin, broken capillaries, wrinkles and hyperpigmentation, or age spots. While people are more aware of the sun's harmful effects, many do not protect themselves or use sunscreens.

Ultraviolet (UV) radiation that affects the skin is classified as UVA and UVB. UVA is the longest of the UV. It can penetrate into the deeper layers of the skin and plays a major role in skin aging and wrinkling. UVA penetrates glass and clouds.

UVB is responsible for burning, tanning, accelerating the skin aging and also plays a key role in the development of skin cancer. UVB varies by season, location and time of day. The most intense amount of UVB hits the U.S. between 10:00 a.m. and 4:00 p.m. Try not to schedule outdoor activity between these hours and seek playgrounds where shade - from trees or awnings - is plentiful. If your child has to be outdoors during these hours, be sure they're protected from the sun with a hat, sunglasses, etc.

What is SPF? Sun Protection Factor (SPF) measures the protection provided by a sunscreen against UVB.

Higher SPF numbers are preferable, but SPF measures protection only from UVB -- not UVA rays. When choosing a sunscreen, select a product that provides "broad-spectrum" protection for both UVA and UVB. If you are going to the beach or pool, make sure it is water-resistant and doesn't wash off in the water. Use an SPF of 15 or higher.

When to apply sunscreen -- Apply sunscreen 20 minutes before going out into the sun to give it time to absorb into the skin. Be generous and regular -- about 1 ounce every 2 hours, and more often if you are swimming or perspiring.

Apply sunscreen to the top of your ears, back of hands, neck and toes.

Other protection tips:

- Use a hat to shield your face where sun damage frequently occurs.

- Be aware that the window glass in cars does not block all of the sun's harmful rays, making the driver's left side more prone to sun damage. Apply sunscreen before long car rides. ###

HHFD Annual Inspection

With personnel in full dress uniform and equipment clean and polished, The Hasbrouck Heights Fire Department conducted its Annual Inspection, at 7:00 p.m., on Saturday, May 7, 2011.

The program began with Firefighter Thomas Rubino calling the Department to attention, the presentation of the Honor Guard, and the Pledge of Allegiance.

WRFD Chaplain, Deacon Nicholas Valdez, provided the invocation. Mayor Rose Heck, Fire Commissioner John Dingeropadre and Fire Chief Kevin Todd made comments.

Area Fire Chiefs inspected the Department's equipment -- and they did a thorough job.

Local officials and the public also inspected the equipment and met with the men and women who serve.

The Hasbrouck Heights Fire Department operates with 59 volunteer members, includ-

ing EMS and Juniors.

The Hasbrouck Heights Fire Department has a Junior Squad for those between 16 and 18 years of age who offer on-scene support, but are not permitted to enter burning buildings.

Every firefighter must receive 25 weeks of basic firefighter training and every EMT receives 140 hours of basic training.

Many members continue extensive advanced training in the areas of search and rescue, vehicle operation, incident command, hazardous materials, first responder, mass decontamination, etc. The Department conducts training on a regular basis.

The Department is contracted to provide fire and ambulance service to the Borough of Teterboro, and has done so for over 60 years. In 2010, they responded to 1,481 ambulance

calls and 470 fire calls and other emergencies.

Its rolling stock includes two pumpers, 110 ft. ladder, heavy rescue truck, crash/foam truck, two ambulances and three chief SUVs. These assets are owned by the Borough of Hasbrouck Heights, but maintained by the volunteers.

The Department conducts only one fundraiser a year, with the proceeds providing training, supplies, etc.

The Department is a member of the South Bergen Fire Chiefs Mutual Aid Association, which helps to coordinate multi-departmental responses to large-scale incidents. Zone 2 includes Carlstadt, Little Ferry, Moonachie, Wallington and Wood-Ridge. These departments are also all volunteer.

The Department was established in 1896. Interested in joining? Call the Fire Chief at 201-288-0082. ###

Moonachie Fire Department's 100th Anniversary

(Editor's Note: In celebration of the Moonachie Fire Department's 100th Anniversary, **The Gazette Newspaper** is providing a multi-part series. The following is reprinted as written from the 90th Anniversary Journal.)

30 More and Still Counting

The next 30 years saw many changes and advancements. The 1960s brought more industry and growth to the Borough, putting a greater demand on the members of the Fire Department to keep abreast of the changes that were taking place.

For most of the 60s the firefighting fleet consisted of

the 1953 G.M.C. Ahrens-Fox, the 1955 Oren, and the old "Dodge."

In 1964, the Fire Officers took a major step toward modernization. A new radio communications system was purchased and put into service, placing a radio receiver (plectron) in every fireman's home. These plectrons were supplemental to the siren system that remained in service during this time period.

Around 1965-66, members of Hose Co. 2 started a remodeling program for the firehouse. Work was begun on giving a "face-lift" to the front of the building -- new brickwork and one large bay door instead of the old two-door front.

However, the work effort did not stop there. The members started renovating the inside of the building, doing most of the work themselves, and all of the materials were acquired through funds raised

by the Fire Company.

For the first time in the history of the Department, a fire chief's car was given to the Chief in 1966. The car was a 1965 Chevy, once used by the Police Department, now painted red.

Hose Co. 1 purchased a used step van in 1967, through monies they raised, and turned it over to the Department as an equipment truck. For years this piece of equipment would serve the Fire Department, both as an added asset to the fire service, but also as a shuttle for the members and the Ladies Auxiliary to parades and other activities.

Progress and expansion were happening everywhere. More and more industry was building up in town. A new two family housing development was underway on East Joseph Street.

The town was constantly on the move. As a result, a need to expand the Borough Hall and Police Headquarters became a must. Because of the building expansion, Hose Co. 1 found themselves again without a home.

So, in October of 1969, Friendship Engine and Hose Co. 1 moved into the present firehouse, along with their brother firemen from Washington Park Hose Co. 2. There,

the two fire companies have been housed up to present day, operating as one Department.

These changing times meant a need for additional resources for the Fire Department. It was necessary for the Department to be prepared for all this growth. In 1970, the Borough added a new Great Eastern 1,000 GPM pumper to the Department's fleet.

The new engine contained all of the latest features in firefighting equipment. This piece of apparatus became the "Front-line" unit throughout the 70s, and has been the major "work-horse" for Department. It was at this time, the old Engine 3 -- "The Dodge" -- was retired from the fire service and handed over to the D.P.W.

In 1971, another Chief's car was acquired. This was a 1969 police car handed over to the Department to replace the aging one in use at the time.

As the 70s moved on, the Borough again saw fit to provide the Department with some added equipment. In 1975, the Fire Department added to its fleet, an 85 ft. Pirsch aerial ladder. A welcome piece of equipment, and the first "new" Chief's car, a Plymouth wagon was put into service.

Just prior to taking delivery of the new aerial truck, the town financed the addition to the firehouse to house the new piece of fire apparatus.

As the 1970's rolled to an end, the never ending pace of

progress, changing times, and fire service technology kept beating on the firehouse door. The need was there to add to the horsepower of the Fire Department. Buildings were getting larger, chemicals were part of everyday life, and the concept of fighting fires was becoming a science.

With all this to consider, the Fire Officers approached the Borough in 1980, and requested the purchase of a new 1,500 GPM Sanford pumper. This newest addition was truly state-of-the-art.

Because of the new challenges of fighting fires, the concern of large volumes of water had to be addressed. With the arrival of this new pumper, came a whole new concept in firefighting.

The new concept introduced the use of large diameter hose. The new engine and the old Engine 3 were equipped with 5-inch hose to gain maximum water. Some people refer to it as "bring the hydrant to the fire." This is a major issue with some of today's industrial fires.

Moonachie was the first town in the entire South Bergen region to take this big step in modernization. Today, it has become a common sight at a fire scene.

If Your Oil Burner Were A Car

What would a 20-year-old Dodge Dart with over 600,000 miles look like? Would you hop in that car and drive back and forth from New York to LA (*that's 32,000 miles*) 5.5 times **next winter** without giving it a second thought?

If your oil burner were a car, it would travel 640,000 miles in 20 years. The average oil burner uses at least 800 gallons a year at 1 gallon an hour. 800 hours at 40 mph equals 32,000 miles a year -- times 20 years equals 640,000 miles.
