Spring announced itself with an explosion of color, with flowering trees bursting forth their glory, chasing away a dreary winter landscape, and brightening our lives. As we segue into the summer, let us pause and reflect on those who gave the ultimate sacrifice for our freedom. *Freedom is not free.*

Felician Community Celebrates Earth Day

The Anniversary of Earth Day was commemorated at the Felician Sisters' Peace Site on April 22, 2013. Over 100 ICHS students, resident Sisters, teachers, elected officials, and others, joined in prayer and enthusiastic singing during the half hour program. Students from the Felician College Child Care Center led everyone in animated song

directed by Sister Mary Joellen Zajac. Lector Kathy Martin, Felician College, read scripture Genesis 2: 4-10, 15, "God has entrusted us with care of all creation," followed by a Blessing Prayer by Rev. Joel Szydowski, OFM, and intercessions. Speakers included Dr. Anne Prisco, Felician College President, Joseph Azzolino, ICHS Principal and NJ State Senator Bob Gordon.

This was their Fifth Annual Earth Day Celebration. It was led by Sister Mary Virginia Tomasiak and organized by Members of the Felician Sisters' Justice and Peace Committee. The Peace Site has been in existence for over 25 years and is located at the Felician Sisters' Complex in Lodi.

All were invited to join in the spirit of St. Francis of Assisi to strive for a deeper commitment to a peaceful co-existence with the earth and all its creatures. ###

Saving Our Environment From Air Pollution One Step at a Time

Carlstadt Public School children celebrated Earth Week (April 22-26). The children and staff enjoyed many outdoor lessons and brainstormed ways they can keep the Earth clean and green. The highlight of the week was the annual Walk-to-School Day. Teachers and staff members met students at five different locations around Carlstadt and began their walk to school. Thanks to all 268 walkers who helped save our environment from air pollution one step at a time. Story by Mary Anderson. Photos by Dennis Kronyak Sr. ###

RE/MAX Marks 40 Years of Real Estate History

RE/MAX LLC marks its 40th year by celebrating extraordinary growth and success. RE/MAX continues as a leader in market share, agent productivity and international expansion.

Co-founded by Dave and Gail Liniger in January 1973, the company attained countless achievements over four decades.

"This company was built on individual entrepreneurship and innovation recognizing that we would succeed only if our

agents succeeded," said Dave Liniger. "So much has changed in 40 years, but what hasn't changed is our commitment to customer service and agent support."

- In 1987, RE/MAX achieved number one market share in Canada. A decade later, RE/MAX sold more real estate than any competitor in the US, and has held the number one market share in both countries since.
- With a strong emphasis on improvement

through education, the revolutionary RE/MAX Satellite Network broadcasts to offices across America.

- In 2013, RE/MAX continues to grow, adding 739 franchises and six countries, including mainland China. RE/MAX has a presence in over 85 countries, more than any of its competitors.
- In 2012, for the 10th time in 14 years, RE/MAX, LLC was recognized as the highest

ranking real estate company in Entrepreneur magazine's 34th annual "Franchise 500."

- RE/MAX earned the #1 real estate ranking in the Top 200 survey, as published in October 2012 Franchise Times magazine.
- RE/MAX agents continued to be the most productive in industry surveys. Both the 2012 REAL Trends 500, and the RIS Media Power Broker surveys showed RE/MAX agents clear

leaders with respect to agent productivity among the national franchise companies.

- RE/MAX launched remax.com, becoming the first real estate franchisor to provide a personal web experience.
- RE/MAX University launched a revolutionary interactive learning platform setting the standard for the industry.

RE/MAX Trading Places -- Proud to be Part of the #1 Name in Real Estate

Celebrating 40 years in any business is something to be proud of, according to owners Christine Parente and John Tamborini of RE/MAX Trading Places.

In only six years, RE/MAX Trading Places and its 11 full time professionals have garnered top market share in the

Hasbrouck Heights area.

Chris and John believe this is the direct result of recruiting top, full time, quality agents that exemplify dedication to their profession, and put their client's best interests first. Chris stated, "Our business model from day one was to recruit the best, most experienced

agents.

We were never about filling desks with mostly part-time agents," John added, "We specifically recruit full-time successful professionals dedicated to their real estate career. Our office totals 169 years of professional Real Estate experience (*averaging 15.4 per agent*).

We wanted to separate ourselves from the traditional real estate office with mostly part-time agents who do not have their finger on the pulse of our local market.

A homeowner should be very comfortable interviewing any one of our agents due to this experience factor. In most

cases, the homeowners' most valuable asset is their home and they deserve only the BEST!"

Parente added, "When you call RE/MAX Trading Places for your Real Estate needs, you can be confident you'll be working with a full time professional, dedicated to their client."

What RE/MAX Trading Places Agents Say...

Stephen Pace - "After 10 years at a former RE/MAX office, I tested the 'local Realtor waters' in 2012. Five months later I quickly returned to RE/MAX after learning the hard way that RE/MAX was truly at the top of the ladder. I became aware that my local market had no doubt that RE/MAX was the 'house' for the leaders in the Real Estate industry. You're taken

more seriously when you stand under that RE/MAX umbrella."

Audra Fontanella and Anthony Earls - "With over 30 years combined experience, and having worked for 'conventional' real estate companies, we can confidently say that RE/MAX has afforded us the opportunity to grow beyond our expectations. Their

philosophy toward Real Estate, technology and support exceeds all other real estate companies. Thank you RE/MAX Trading Places."

Judie Kefalas - "One of the reasons I left the brand 'Real Living' is I knew it didn't have the strong brand name like RE/MAX, and all that RE/MAX offers. When I mentioned 'Real Living' to my prospective clients often they asked if it was a magazine. Everyone knows RE/MAX."

Joan Sentipal - "As an experienced professional I wanted more control over my own business

and to keep more of what I earned. I love getting all my leads directly without broker involvement as well as all my sign calls and internet inquiries -- without having to sit floor time. It's just a more professional atmosphere."

Maria Grace Billings - "RE/MAX is synonymous with excellence, professionalism, and integrity. It was the right choice for me. From the start of my career, it's great to be able to work for a company that values your uniqueness and where the Broker/Owners truly want to see you succeed. I couldn't be happier with the training,

technology, support, network, and knowledge. It's no wonder, Nobody in the World Sells More Real Estate than RE/MAX."

Doreen Martens - "One of the many reasons I left Century 21 was the lack of support from the broker; she was not hands on and not readily available. At RE/MAX Trading Places, both Broker/Owners are available 24/7. Most of all...they are honest and caring professionals."

Rosemarie DiPisa - "I have been a previous RE/MAX owner and a RE/MAX agent since 2001. I worked at

a traditional office for 14 years where the concept was completely different. With RE/MAX you control your own business, to completely service your clients as you see fit -- with their best interest your first priority. There is no reason to check with your broker to see if you can better serve your sellers/buyers!"

Suzanne Alexander - "The RE/MAX University is amazing and superior for commercial agents. It provides accreditation courses and techniques to successfully list and market commercial properties resulting in client satisfaction."

AARP Members Informed about Immunization

Ms. Nancy Ellison, Coordinator of Central Healthy Living at Holy Name Hospital was scheduled to speak to the members of Central Bergen Chapter #418, AARP in January 2013; however, the snow storm postponed her presentation. She was rescheduled to May 10, 2013, and fortunately it was a day in which the temperature hit the 80s.

She is a friend of the Chapter and has addressed them in the past on such topics as "Spring into Wellness," "Have Fun and Get Healthy" and "Skin Cancer – Causes, Symptoms and Types." Her topic on this occasion was "Give it Your Best Shot – Immunization Update for Seniors."

Ms. Ellison suggested that seniors should let their primary health care provider give them an injection to prevent Shingles, a skin test for Tuberculosis and a Tetanus/Diphtheria booster shot.

Anyone who has had Chickenpox can develop Shingles because the virus remains in the nerve cells of the body

after the Chickenpox infection clears and can reappear years later causing Shingles.

Shingles is a painful localized skin rash often with blisters. It occurs in people 50 years or older, and people who have medical conditions that keep the immune system from working properly.

Tuberculosis (TB) is an infectious disease. It most commonly affects the lungs but also can involve almost any organ of the body. The TB skin test was given to students many years ago in schools.

Tetanus (also known as lockjaw) is a potentially fatal disease that is caused by bacteria found in dirt, dust, soil and manure.

Diphtheria is an acute bacterial disease that can lead to breathing problems, heart failure, paralysis and death. Tetanus/Diphtheria is the name of the vaccine that protects against these two diseases simultaneously.

ously. Once you have received this vaccine you should obtain a booster shot every 10 years.

Ms. Ellison mentioned other shots that seniors should have to protect themselves but emphasized the importance of the three she zeroed in on. Photo and story by Marie and Peter Gallo Jr. ###

Filling You In

People with Diabetes at Higher Risk for Developing Gum Disease

According to the U.S. Centers for Disease Control and Prevention, diabetes affects nearly 24 million people in the United States. The Academy of General Dentistry encourages those with diabetes to pay extra attention to their oral health.

Studies have shown that those with diabetes are more susceptible to the development of oral infections and periodontal (gum) disease than those who do not have diabetes. In addition, oral infections tend to be more severe in people with diabetes than in those who do not have the condition.

"We urge individuals with diabetes to take care of their mouths and have dental infections treated immediately," says AGO spokesperson E. Mac Edington, DDS, MAGD, ABGD. "People who receive good dental care and have good insulin control typically have a better chance at avoiding gum disease."

Because diabetes reduces the body's resistance to infection, the gums are at risk for gingivitis, an inflammation usually caused by the presence of bacteria in plaque. Plaque is the sticky film that accumulates on teeth both above and below the gum line. "Without regular dental checkups, gum disease may result if gingivitis is left untreated. Gingivitis also can cause inflammation and destruction of tissues surrounding and supporting teeth," says Dr. Edington.

To prevent problems with bacterial infections in the mouth, a dentist may prescribe antibiotics, medicated mouthrinses, and more frequent cleanings to a patient with diabetes.

The established connection between oral health and systemic health suggests that diet and exercise may be the most important changes that people with diabetes can make to improve their quality of life and oral health. People with diabetes should be sure that their medical and dental care provid-

ers are aware of their medical history and periodontal status. To keep teeth and gums strong, people with diabetes should be aware of their blood sugar levels and have their triglycerides and cholesterol levels checked on a regular basis, as these factors may have a direct correlation with their risk for gum disease.

"People with diabetes who do not have good control over their blood sugar levels tend to have more oral health problems," says Dr. Edington. "If your blood sugar is not under control, talk with both your dentist and physician about the possibility of receiving dental treatment beyond routine checkups and cleanings."

It is recommended that patients with diabetes schedule their dental appointments for the morning hours, because blood glucose levels tend to be under better control at that time of day. Patients should eat and take their medications as directed prior to a dental appointment. *Ref: 2010 Academy of General Dentistry. ###*

Relay For Life June 1-2

American Cancer Society "Relay For Life" will take place in Hasbrouck Heights at the Depken Field. It will run for 13 consecutive hours beginning at 5 p.m. on Saturday, June 1, 2013, and end at 6 a.m. on Sunday, June 2. Registration begins at 5 p.m. and the event begins at 7 p.m.

Relay For Life is an overnight community celebration where individuals and teams camp out, barbeque, dance and take turns walking or running around a track "relay" style to raise funds to fight cancer.

There will be lots of entertainment and activities with a series of ceremonies marking the journey.

Relay For Life is a celebration of survivorship – an occasion to express hope and our shared goal to end a disease that threatens the lives of so many people we love.

Your reason for participating is as unique and special as the story that motivates you.

The Opening Ceremony brings everyone together for a high-energy event kickoff to celebrate the lives of those who have battled cancer, to inspire hope by sharing recent accomplishments and progress, and to remind everyone that while we are winning this battle, fighting cancer is a year-round priority. During the Survivors Lap,

upbeat music plays as all cancer survivors at the event take the first lap around the track cheered on by the other participants who line the track, celebrating their victory.

The Luminaria Ceremony is a time to remember people we have lost to cancer, to support people who currently have cancer, and to honor people who have fought cancer in the past. The power of this ceremony lies in providing an opportunity for people to work through grief and find hope.

The Fight Back Ceremony symbolizes the emotional commitment we each make to the fight against cancer and represents what we are willing to do for ourselves, for our loved ones, and for our community to fight cancer year-round.

The Closing Ceremony is a time to remember the lives of those lost and to celebrate that each of us has committed to fight back against this disease. Volunteers are needed to set up, assist and clean up. Anyone who would like to make a contribution or become a team member should visit the Relay website www.relayforlife.org/hasbrouckheightsNJ or call 201-457-3418 ext. 2231. ###

Too Much Sun is Bad for Your Skin

Understanding UVA, UVB, SPF

Basking and working in the sun, without protecting your skin can lead to wrinkles, premature aging and, worst of all, skin cancer.

Sun damage is also responsible for leathery-looking skin, broken capillaries, wrinkles and hyperpigmentation, or age spots. While people are more aware of the sun's harmful effects, many do not protect themselves or use sunscreens.

Ultraviolet (UV) radiation that affects the skin is classified as UVA and UVB. UVA is the longest of the UV. It can penetrate into the deeper layers of the skin and plays a major role in skin aging and wrinkling. UVA penetrates glass and clouds.

UVB is responsible for burning, tanning, accelerating the skin aging and also plays a key role in the development of skin cancer. UVB varies by season, location and time of day. The most intense amount of UVB hits the U.S. between 10:00 a.m. and 4:00 p.m. Try not to schedule outdoor activity between these hours and seek playgrounds where shade - from trees or awnings - is plentiful. If your child has to be outdoors during these hours, be sure they're protected from the

sun with a hat, sunglasses, etc.

What is SPF? Sun Protection Factor (SPF) measures the protection provided by a sunscreen against UVB.

Higher SPF numbers are preferable, but SPF measures protection only from UVB -- not UVA rays. When choosing a sunscreen, select a product that provides "broad-spectrum" protection for both UVA and UVB. If you are going to the beach or pool, make sure it is water-resistant and doesn't wash off in the water. Use an SPF of 15 or higher.

When to apply sunscreen -- Apply sunscreen 20 minutes

before going out into the sun to give it time to absorb into the skin. Be generous and regular -- about 1 ounce every 2 hours, and more often if you are swimming or perspiring.

Apply sunscreen to the top of your ears, back of hands, neck and toes.

Other protection tips:

- Use a hat to shield your face where sun damage frequently occurs.

- Be aware that the window glass in cars does not block all of the sun's harmful rays, making the driver's left side more prone to sun damage. Apply sunscreen before long car rides. ###

Ragtime originated in African American music in the late 19th century, descending from the jigs and march music played by black bands.

The City Winds Trio is a distinguished music ensemble that performs concerts up and down the East Coast.

The Wood-Ridge Memorial Library held an Edible Book Contest on May 11, 2013, at the Wood-Ridge Senior Center.

Participants showcased baked creations that were a pun on a title, referred to a scene or character, or looked like a book cover.

A panel of judges will decide winners of different categories, including Best Elementary School Creation, Best Middle-High School Creation, Best Adult Creation, Most Pun-derful, and Most Beautiful; participants and attendees voted for the People's Choice Award. The event was open to BCCLS Library cardholders of all ages. Reading has never been so sweet! ###

RLC Curriculum Expo

On Wednesday, April 17, 2013, the Robert L. Craig School in Moonachie held its annual Curriculum Expo. Students in Grade Pre-K to Eighth displayed a variety of projects and work. All subjects, teachers, students and staff worked together to create an evening that celebrated the success and progress of our students. This year has been especially difficult for R.L.C. due to Sandy's devastating impact on Moonachie. The Curriculum

Expo demonstrates that we - as a community - pulled through and kept academic expectations high. Walking around the trailer halls of this little temporary school people see lots of color, exemplary work, creativity and optimism. Work ranged from dioramas, artwork, technology projects, posters, interactive exhibits and more. You get the sense that R.L.C. students have been working hard and having fun. Story provided by Lee Ten Have. ###

2013 Boys' State Delegates Attend Meetings

Two meetings were held during the month of May 2013 for the benefit of the American Legion Jersey Boys' State delegates, alternates and parents.

Six of the over 100 boys from Bergen County who attended were sponsored by the Capt. James B. Scarr American Legion Post 106 in Hasbrouck Heights.

There is expected to be more than 900 boys who will attend this year's program at Rider College, Lawrenceville, NJ. The program will run from June 16 to June 21, 2013.

Some of the important topics reviewed at the meetings were transportation to and from Rider College; what the boys should and should not bring with them; a schedule of activities; the overall goals of the program; meals, medical services; lodging arrangements; security; and staffing.

The six delegates representing Hasbrouck Heights are Benjamin Ker, Ryan Wheeler, Darien Cheng, Connor McCabe and Christopher Verdi from Hasbrouck Heights High School and Ryan Moran from Don Bosco Preparatory High School. *Story by Peter Gallo Jr.* ###

Lauren Baghdo Wins State Award

Lauren Baghdo, a senior at the Bergen County Technical High School in Teterboro, NJ and a resident of Wood-Ridge, was selected this year's winner of the student literary contest sponsored by the New Jersey Commission on Holocaust Education and the Besserman family.

The announcement was made on April 29, 2013 by Dr. Paul Winkler, Executive Director of the New Jersey Commission on Holocaust Education.

Students were shown the film "Only a Number" a true story produced by Steven and Joshua Besserman based on the diary of their respective mother and grandmother, Aranka.

It is a story of her struggle to survive, to love and to remember. It documents the horrors she endured at the hands of the Nazis and how she met her future husband in a concentration camp, separated by barbed wire, physically, and psychologically ravaged by starvation and brutality. And yet, they fell in love, giving each other the strength and will to survive.

After viewing the film, students were asked to relate Aranka's experience to current issues of prejudice, intolerance, stereotyping, and bullying, and to discuss what people could

do to reduce these social problems. Since Lauren's English teacher knew she was a poet, she encouraged Lauren to write a poem and enter the contest. Nearly 100 entries were submitted throughout New Jersey. Lauren was one of six selected in the state but the only winner chosen from Bergen County.

Lauren's poem was entitled "Repeating History?" The first half of the poem describes a Holocaust victim's experience. Throughout the second part of the poem, the same person, a Holocaust survivor, compares his/her experience to today.

Steven Besserman visited the sites of the ghettos, concentration and labor camps as they are today. He found visual remnants of the past in the present. What lies within the tangles of his mother's memory, lies beneath these locations that time may have changed, but can never erase.

The core mission of the New Jersey Commission on Holocaust Education is to promote Holocaust education in the State of New Jersey. *Story by Peter Gallo Jr.* ###

Millie and Pete Go Home

Like hundreds of Moonachie and Little Ferry families, Pete and Millie found themselves marooned upstairs in their home, as 4 feet of Superstorm Sandy floodwater ravaged the first floor below.

Sandy's devastation left their home uninhabitable and forced them to move in with their daughter, as workers gutted and boarded up the home Millie grew up in, and her husband lived for 47 years.

Hundreds of volunteers spent two months putting in new floors and walls, renovating the kitchen and bathroom, applying a fresh coat of paint, landscaping, etc.

Surrounded by volunteers, Pete and Millie Peterson were overwhelmed, watching the finishing details being completed on their home on Saturday, April 27, 2013.

Concluding the event a ceremony was held and Congressman Bill Pascrell presented Millie a flag that once flew over the nation's capital.

Pete, an Air Force Veteran and Millie Peterson stayed in their home on Saturday night for the first time in six months.

The non-profit Rebuilding Together of Bergen County helped organize volunteers that teamed up with DIY expert Ty Pennington, the Craftsman brand and the Craftsman Club, and Sears Heroes at Home.

Gretchen Viggiano, the executive director of Rebuilding Together's Bergen County chapter, said the \$40,000 grant to restore the Petersons' home came from two major sponsors: Sears and the tool manufacturer, Craftsman, which is hauling a 36-foot trailer to each stop on the tour.

This rebuild event was the first stop on the Craftsman "Make a Difference" Tour which will visit more than 20 locations nationwide this summer, renovating homes of U.S. Veterans; assisting areas affected by natural disasters; and participating in local community restoration projects.

"It is so important to give back, and I have been fortunate to be part of some truly heartwarming home renovation throughout my career," said Ty Pennington, host of the ABC reality show "Extreme Makeover: Home Edition."

He continued, "I'm excited and proud to be part of the Craftsman 'Make a Difference' Tour because, with the help of volunteers from Heros at Home and Rebuilding Together, we'll make a positive impact in the lives of those in need."

Rebuilding Together, Bergen County Chapter, plans to fix up to four damaged homes in the county each month for the next year.

Volunteers from AmeriCorps NCC, IBEW Local 164 and Jersey Cares donated their time to help complete this work.

support the recovery of storm-impacted businesses. Of this total, \$260 million will fund the Stronger NJ Business Grant program.

Get Rid of Mold

After a flood, mold will grow in your house. It can make you sick. You will need to clean your house.

Take things that were wet for 2 or more days outside.
Things that stayed wet for 2 days have mold growing on them even if you can't see it.
Take out stuff made of cloth, unless you can wash them in **hot** water. Also take out stuff that can't be cleaned easily (like leather, paper, wood, and carpet).

Use bleach to clean mold off hard things (like floors, stoves, sinks, certain toys, countertops, flatware, plates, and tools).

Follow these steps:

- Never mix bleach with ammonia or other cleaners.
- Wear rubber boots, rubber gloves, goggles, and N-95 mask.
- Open windows and doors to get fresh air when you use bleach.
- Mix no more than 1 cup of bleach in 1 gallon of water.
- Wash the item with the bleach and water mixture.
- If the surface of the item is rough, scrub the surface with a stiff brush.
- Rinse the item with clean water.
- Dry the item or leave it out to dry.

Information on credit re-

porting and counseling on how to clean up bad credit will also be available. Representatives of the Bergen County Division of Community Development Homeownership Center will als be on hand to discuss their programs to assist with down payments and home improvements.

The annual event, which is free to all, is sponsored by the Bergen County Division of Community Development,

in conjunction with Bogota Savings Bank, Clifton Savings Bank, Lakeland Bank, Mariner's Bank, NVE Bank, Oritani Bank, Spencer Savings Bank, NJ Lenders Corp. and the Fair Housing Council of Northern New Jersey.

Corpus Christi School Celebrates 85th Anniversary

Corpus Christi Church began its origin in Hasbrouck Heights in 1897 on a small tract of land located on the south side of Kipp Avenue, west of the Boulevard.

As Corpus Christi parish grew, Fr. Andrew L. Clark, Pastor, realized that a parochial school was needed, and in September of 1928 Corpus Christi R.C. Church opened a Catholic School consisting of six grades with Sisters of Charity from Convent Station, NJ. placed in charge to teach, including Sr. M. Avelline and Sr. Eleanor Maria.

The parish continued to grow and in 1938, additional

property was purchased and plans to erect a new building were completed in September 1940 with eight classrooms, offices, a library and a gymnasium, and again in 1957 when the the school was again in need of expansion, a school extension containing additional classrooms and a large chapel was built.

Over 40 Sisters of Charity and many dedicated lay teachers have taught at Corpus Christi.

In January 1997, the Sisters of Charity, after 68 years of service to the parish, announced they were withdrawing their corporate commitment to the

parish school.

In 1980, Sr. Eileen Richard, principal of Corpus Christi School until 1994, announced she was entering the Carmelite Convent in Roxbury, Mass., and was succeeded by Miss Patricia Jean Szczypien, followed by Norma Wilke and current Principal Michelle Murillo.

Corpus Christi School continues to enjoy a large enrollment of students from Pre-K through Eighth Grade and a full staff of certified teachers who are dedicated to educating the total student spiritually, academically and physically. *Photos provided by Diane Sullivan. ###*

Corpus Christi Teacher Leads School-wide MS Walk

Every May for the past six years, Amy Strafford, a pre-K teacher at Corpus Christi Elementary School in Hasbrouck Heights, organizes a school-wide fundraising event for multiple sclerosis research.

Last Friday, the school's entire student body -- even the 3- and 4-year-old pre-K students -- donned their walking shoes and participated in a symbolic "Walk for MS" through the halls of the school and through the neighborhood to raise awareness for the devastating disease.

"The children are very excited to participate in this walk, even the little ones," said Amy, who became involved in fundraising efforts after her brother-in-law, Joe Revello, was diagnosed more than 10 years ago.

"It's amazing that this small school raises the money that it does," Revello said.

This year, Corpus Christi students raised \$15,000, bringing

their six-year total to more than \$65,000 for MS research.

"It's not only about the money, but it's teaching the children that they can make a difference," Amy said. "It's all about life lessons, and the values that are part of who we are as Catholics. These are lessons we can bring to the table every day of our lives."

"The annual Walk for MS is one of the school's biggest fundraisers," said Amy, noting that the school does not keep any of the funds raised.

Multiple sclerosis is an autoimmune disease that affects the central nervous system and attacks the myelin sheath, the protective covering that surrounds nerve cells. When this covering is damaged, nerve impulses are slowed down or stopped.

Multiple sclerosis affects between 250,000 to 350,000 men and women in the U.S. every year. *Story and photo provided by Angela Daidone. ###*

When the judging was completed Eileen had two more Gold ribbons for her baby hat and sweater, a blue ribbon for her scarf and her earrings got third place. *Story by Patricia Link. ###*

Wood-Ridge Memorial Foundation Dinner A Huge Success

A record crowd of 280 people turned out in support of the Wood-Ridge Memorial Foundation's annual dinner dance, held at the **Fiesta** on Friday, April 19, 2013. Over \$13,000 was raised to fund the Foundation's annual scholarships. This year's dinner honored six outstanding members of the community.

• **Mr. Don Rodriguez**, a Foundation Trustee who recently retired from Kearny Federal Savings Bank in Wood-Ridge. Don has been in charge of the scholarship application and judging process for over 20 years. He has been involved in numerous community activities as well as an active member of Assumption Parish.

• **Mr. Raf Nazar**, a true American success story. He immigrated from Iran in 1961. He began working at the Fiesta in 1963 as a dishwasher/busboy and is now a general partner and chief operating officer. The Fiesta, under the guidance of original owner John Landy, has been a major factor in the overall growth and success of the Wood-Ridge Memorial Foundation. John passed this dedication down to his sons-in-law, grandchildren and to Raf, who have all continued the Fiesta's commitment to help and support the Memorial Foundation.

• **Mr. Joseph Biamonte Jr.**, a Wood-Ridge Police Officer and a 3 time elected member of the Wood-Ridge Board of Education. Officer Biamonte has served as the DARE Officer at Wood-Ridge High School

for 13 years. He also serves on the State PBA Board, coaches youth recreation programs and is involved with many other community programs.

• **Mr. Bob Recchione** has been a member of the Wood-Ridge teaching staff for 39 years. He has served as a teacher, head of the Child Study Team and is currently Principal at the Greta R. Ostrovsky Middle School. The community and his colleagues hold him in high esteem as a caring teacher, administrator and person.

• **Louise and Jerry Lanzerotti** were the first couple ever honored by the Foundation Trustees. Their love and commitment to the children of Wood-Ridge has been demonstrated time and time again. Virtually every youth program has benefited in some way by the Lanzerottis.

The Memorial Foundation was founded in 1962 through the initiative of the Wood-Ridge Lions Club. The Foundation has now funded over one million dollars in grants to over 800 Wood-Ridge students. The Foundation takes particular pride in the fact that it has 0% overhead, being fully staffed by volunteers.

With yearly expenses kept to a minimum, virtually all of the funds generated go directly to the scholarship fund. The Foundation expects to award over \$30,000 to high school graduating seniors residing in Wood-Ridge and attending college in the fall. For information call 201-641-2803. ###

Do Martial Arts Center, located in Hasbrouck Heights, sent thirty competitors to test their skills against opponents from all over the east coast. They competed in the sparring, forms and board breaking divisions.

Team Xcel won an unprecedented total of sixty five 1st, 2nd and 3rd Place trophies. As the result of their accomplishment, Team Xcel won the "Best School" title. This was the 6th "Best School" title for Team Xcel at this championship.

The sparring competition consists of two opponents who are matched by age, weight and skill level. The goal of the match is to attack and counter your opponent with a series of kicks and punches, trying to score points by hitting the elusive targets.

In the forms competition, athletes compete against each other by performing a lengthy choreographed pattern consisting of fluid and sharp motions that require total focus, balance, and self control. The

Hasbrouck Heights dentist Zach Orden is looking for area residents to join him on a 100-mile bike ride to raise money for The Juvenile Diabetes Research Foundation's (JDRF) "Ride to Cure" event in Burlington, VT from July 25 to 28, 2013.

Riders don't need to be "serious cyclists," Orden said; most who participate in the ride are not. Riders will need to raise between \$2,500 and \$4,500.

Orden was inspired to start fundraising for the JRDF because his own daughter was diagnosed with juvenile diabetes 12 years ago when she was 10. She and Orden's other daughter will also be joining him in the ride this year.

competitors are scored by a panel of judges and a winner is chosen at the end.

Finally, the board breaking competition consists of athletes demonstrating focus, balance and strength by striking and smashing wooden boards with either the hand or the foot. The higher the difficulty of the technique will garner higher points.

Alexander Rodriguez (7 years), Kyle Von Seidelmann (6 years), Luke Jimenez (8 years) and Kyle Espinas (11 years) had a perfect day by winning 1st Place in all three categories. There were only ten athletes that won the "Triple Crown" from the entire championship and four out of the ten were from Team Xcel!

To achieve their goal, preparation was the key to success for all the members of Team Xcel. They spent many extra hours training for this event, and the end result was evident of their exceptional hard work and discipline.

Church Honors Married Couples

Annually, at this time of the year, the Assumption Church in Wood-Ridge honors its parishioners' special wedding anniversaries. Couples who are celebrating their wedding anniversaries at five year intervals are invited to participate. They have a special Mass where they renew their marriage vows.

This year on Saturday, May 11, 2013, three couples were so honored. They were Mercedes and Paul Grundling -- twenty

years, Kathryn and Daniel McGinty -- thirty years, and Kathleen and Deacon Frank Matera -- thirty years.

Fr. Richard Mucowski, Pastor of the Assumption Church, had the three couples stand in front of the altar and receive a special blessing. The parishioners applauded the couples for their commitment to their marriages and their service to their Church. *Story by Peter Gallo Jr. ###*

Tools Of Hope

Once again the Guild of Reformed Church Women of First Reformed Church will celebrate Father's Day, Sunday June 16, 2013, by offering Tools of Hope donations as testimony to all our Dads as well as any and all men folk in our lives.

Your gifts of pride and joy in honor of, or in memory of, these special "guys" will be many-pronged.

Each \$5 donation will enable Church World Service to assist men (*and women*) around the world with proper tools and training for many skills from planting seeds to feeding a family, repairing buildings to return families to their homes, providing animals for milking and breeding, to learning to dig wells to provide clean water for many families.

Church World Service is a well known organization that works locally, nationally and internationally for the good of the common people. They often are the first to respond to natural disasters; they are also active in many famine-stricken areas, working hand-in-hand with local disaster units. For further information, check out churchworldservice.org.

Send contributions to First Reformed Church, PO Box 66, Hasbrouck Heights, NJ, 07604 by Sunday, June 9. Make checks payable to Guild RCW. For more information, call First Reformed Church at 201-288-1122 or Estella at 201-288-0378. *###*

Reflections

This Pilgrimage We Call Life

Rev. Kimberly P. Chastain

Pastor, First Presbyterian Church Moonachie

Pastor, First Presbyterian Church Wood-Ridge

This is the last time I will be writing the Reflections for the **Gazette Newspaper** as a pastor in South Bergen County.

I have served in Moonachie, Wood-Ridge, and Lyndhurst for nearly 10 years, and along the way I have had the chance to walk with many people through joy and sorrow, loss and restoration, laughter and tears. It has been a profoundly moving experience for me in many ways.

As an "Army brat" who chose (*or was chosen for*) a calling that involves making frequent moves as the Lord sends, I had never been in small towns where generations grew up and grew old together as people in these towns so often do.

When I was helping one parishioner with a move to a residential facility, she said, "I have lived my whole life in this house—and my mother was born in this house and lived her whole life here too!"

And I tried (*and failed*) to count how many houses I have lived in during my lifetime.

But I have come to find that we are all on a journey, whether we travel long distances or

short, whether we grow up in one town or many.

The world changes around us, and we change along with it: people come and go, new experiences and ideas bring us closer to some and move us farther from others.

John Bunyan got one thing right— life is a pilgrimage, a journey from birth toward the sacred.

We catch glimpses along the way of the glory that Christians call Heaven, or the presence of God, and we catch glimpses of misery that some would call Hell.

One of my favorite hymns says, "We are pilgrims on a journey, here together on the road—we are here to help each other walk the mile and share the load."

Pilgrims are more than just travelers: they have a purpose and a destination: some pilgrims go to holy sites, Mecca or Jerusalem or Lourdes... some pilgrims seek within.

But we should always be aware, as we walk the road, that others are walking with us, and that each one bears gifts—it is only when we see each other, and recognize our frailties and our strengths, that we can receive the gifts we need and offer the gifts we have.

We never walk alone, and it is often the person we are tempted to overlook that brings us what we need the most.

I am moving to Binghamton, New York, as the next step in my pilgrimage. It's an exciting move, and a scary one.

But I know that I will be taking with me all of the joy and goodness that has come to me while I was in the Larger Parish, and that I will be leaving behind a part of myself.

But I also know that those who have walked with me along the way will be with me forever, and that when we see each other again in the presence of God, we will recognize each other, and know that we are home. May God bless all of you along the way. *###*

Pastor Kimberly's emails conclude with: *Every gun that is made, every warship launched, every rocket fired, signifies in the final sense a theft from those who hunger and are not fed, those who are cold and not clothed.* -- General Dwight D. Eisenhower

Real Estate Insight

By Mary Ellen Courtney

Is "now" the right time to buy a home?

The growing rumor - via the newspapers, TV, radio, etc., - to buy a home in 2013 has now become a deafening roar.

OK, maybe that's a bit of an exaggeration, but there are definitely a lot of experts who suggest that this year is the right time to buy a house. (*Of course, you can count us Realtors in among them, obviously.*)

Realistically, though: no matter what the economic and housing market trends indicate, it only makes sense to buy a home is it meshes with your current place in life and your future plans.

For example, if you have a stable career and a job that pays enough to cover your living expenses (*with some leftover for emergencies/retirement*), and in addition you plan on being in the same place or 3 to 5 years or expect you could rent the house out if you were to move away, then you are probably in a good position to consider buying a house in 2013.

On the other hand, if you can't imagine giving up your mobility, if you can't count

on having a steady income or if you have substantial credit card debt or student loan debt (*or are struggling to pay your bills each month*) then it might not make sense for you to buy a home at this time.

Looking on the positive side, let's say you've decided that now is a good time for you personally to buy a home. The next question is whether it's the right time financially.

A big part of the answer has to do with interest rates. Lower interest rates are always better, obviously, because they save you money - even an interest rate that is 1% lower could save you \$50,000 or more over the course of a 30-year mortgage.

And if you can lock-in a low rate with a fixed-rate mortgage (*rather than an adjustable-rate mortgage*) that's even better.

So the question is, are interest rates low right now? The experts say "Yes." Rates are currently around 3.5% which is lower than at any other point in the past three decades. Clearly, this is an opportunity to lock in low interest rates. But this alone doesn't leave us with a complete picture, because we haven't looked yet at housing prices.

On March 28, 2013, the Record reported that, after a six year slide, New Jersey's housing market appeared to be at a turning point. It wrote: "This reversal was underscored by East Brunswick appraiser Jeffrey Otteau who tracks real estate statewide [statistically]. He predicted that an increase in

buyer demand and a shrinking supply of homes will work together to push up prices 3 percent this year in New Jersey."

With that said, 2013 may well be the right time for you to buy a home here in lovely south-central Bergen County.

And, if you think through your decision sensibly and prepare carefully, then you are very likely to have a really positive, life-changing experience...

Veterans Today

By Thomas Marshall

June 14th is Flag Day. This is the anniversary of when Congress established the American Flag back in 1777.

If you have an American Flag fly it. Show people you are proud to be an American.

June 6 is also the Anniversary of the landing at Normandy. It was the beginning of the end for Adolf Hitler and, his reign of misery. The sacrifices these soldiers and sailors made are unforgettable.

Adolf Hitler was a bad man. Most would say evil. I would agree. Although, Hitler could not have acted alone, and in fact he didn't.

As bad as Hitler was, Reinhard Heydrich was even worse. He joined the National Socialist German Workers Party early and proved to be exactly what Hitler wanted.

He was put in charge of intelligence and quickly made up a list of enemies to Hitler's rise in power.

Heydrich organized purges to get rid of Hitler's political enemies. Hundreds of people were arrested or killed to clear away any opposition. He gave the orders to carry out Kristallnacht, or night of broken glass, in which, the police arrested Jews and moved them into concentration camps. Jewish Synagogues and businesses were burned down. Thousands of Jewish people were sent to the camps.

Once this was done, Reinhard Heydrich became the Director of the Gestapo.

He attended the Wannsee Conference, where he and other members of the party finalized a plan for the deportation and execution of Jews, gypsies and other undesirables from Germany and eventually, all of Europe using trains and concentration camps.

He carried out the night and fog decree, in which if the Gestapo thought you were an enemy to Germany you could be arrested and disappear.

This usually happened at night and your neighbor would never know what happened to you. Thousands of people disappeared this way, and an exact count is not known. This decree was designed to spread fear among the people. This tactic worked well for the National Socialists.

The National Socialist German Workers Party enjoyed the work Heydrich did. Hitler promoted him.

In case you are wondering, they took the NA from National and the ZI from Socialist and shortened the name to the Nazi Party. I know there is no ZI in

Socialist but, there is if you are speaking German.

Czechoslovakia was taken over by Germany and Reinhard Heydrich was put in charge over it to Germanize the Czechs.

He immediately started the process of crushing the Czech culture. He shut down cultural centers. Arrested thousands of Czechs and either executed them or sent them to concentration camps. His long term goal once the war was over was to exterminate or deport most of the population.

The Czech Government in exile had enough. They didn't want to sit back and wait for liberation.

They were in London, and they came up with a plan to assassinate Heydrich. Jan Kubis and Jozef Gabcik would lead a commando team that would parachute into Czechoslovakia and try to kill Heydrich. England went along with the plan but, they warned the exiled Czech Government that this might not be a good idea.

There are two problems with an assassination of Reinhard Heydrich. Number 1 is Adolf Hitler and number 2 is Heinrich Himmler. It was well known that neither one would not think twice about murdering innocent people as a reprisal for the killing of Heydrich.

This was 1942 and there was no Allied Military Force in Occupied Europe yet. The Czechs went ahead anyway. The commando team parachuted into Czechoslovakia in December of 1941 and waited for their chance.

The assassins picked a street which Heydrich would have to use. It was well known that he rode around in a car with no top. He traveled with no guards. They chose an intersection where his car would have to slow down to make a turn.

Their chance came on May 27, 1942. His car came down the road. Jozef Gabcik took aim as the car slowed to turn and his gun jammed. Heydrich saw him and ordered the car to halt, so he could fight his attacker. Jan Kubis saw his chance and threw a bomb into the car. The bomb went off and the car was wrecked. Heydrich was badly wounded.

They then took off running and amazingly, Heydrich gave chase. He soon collapsed and was taken to a hospital.

Doctors pulled pieces of the upholstery from his body. He had many injuries but it was thought he might recover. As fate would have it, he took a turn for the worse and he went

into a coma. On June 4, 1942 Reinhard Heydrich died.

His attackers didn't fare any better. Kubis and Gabcik and some of their friends in the resistance died fighting the SS troops sent to capture them. The gun battle took place in an Orthodox Church.

Just as the English predicted, Hitler was infuriated with the assassination.

Two towns thought to have aided in the assassination were the targets of his rage. Lidice and Lezaky were burned to the ground and the ruins bulldozed.

All the males over the age of 16 were executed. The women from one of the towns were also executed. Over 13,000 people were arrested, jailed, or sent to a concentration camp. Four pregnant women received state mandated abortions before they were sent to the camp.

This is why most countries don't like to assassinate leaders, not even horribly evil ones. This story doesn't have a happy ending.

This June marks 71 years since he died. I don't think anyone will miss him. Reinhard Heydrich was a mass murderer. He used it to elevate his career. He was an absolute monster of unimaginable proportions. If anyone deserved to be assassinated it was him, but was it worth it?

The Civilians suffered for it. Hitler's Socialist Party put everyone at his mercy and, we see he had none. Adolf and his minion had a bad June in 1942, but thank God, the one he had in 1944 would be worse. ###

Veterans Plan a Vet Cemetery in North Jersey

The need for a North Jersey Veterans Cemetery was addressed at the May 2013 meeting of the Captain James B. Scarr Post 106 in Hasbrouck Heights.

Spearheading the drive and addressing the group were Mrs. Vernoy Paolini, and John Harrigan, president of Vietnam Vets of America Wallkill Valley Chapter 1002 along with fellow Vietnam Veterans Walt Hazelman and Owen Martin. The group, all from Sussex County, stated that the closest Veterans cemetery is in Gloucester County and that there are five counties all in South Jersey that have Veterans cemeteries.

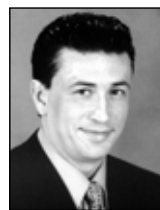

John got the idea when he and his wife were driving home from New York State and came across the Orange County Veterans Memorial Cemetery in Goshen, N.Y. He discussed

the idea with other Veterans and soon they were committed to building a cemetery in North Jersey that could service Veterans from the eleven northern counties.

The group obtained 66 acres of land in Sparta from the Sussex County Board of Freeholders to be used as the Northern New Jersey Veterans Memorial Cemetery. They are now in the process of completing all the paperwork required by the state to proceed. Most of the preliminary work needed has been provided pro bono.

They are well along with the engineering, planning, permits, licenses and architectural work needed. They presently are raising funds for the security deposit they must present to the state as well as money needed to develop the cemetery. *Story by Peter Gallo Jr. ###*

About Loyalty Day

According to the Veterans of Foreign Wars, Loyalty Day originally began as "Americanization Day" in 1921 as a counter to the Communists' May 1 celebration of the Russian Revolution.

On May 1, 1930, 10,000 VFW members staged a rally at New York's Union Square to promote patriotism. Through a resolution adopted in 1949, May 1st evolved into Loyalty Day.

Observances began in 1950 on April 28 and climaxed May 1 when more than five million people across the nation held

rallies. In New York City, more than 100,000 people rallied for America.

In 1958, Congress enacted Public Law 529 proclaiming Loyalty Day a permanent fixture on the nation's calendar. Following the passage of this law, President Dwight D. Eisenhower proclaimed May 1, 1959 the first official observance of Loyalty Day. Loyalty Day is celebrated with parades and ceremonies in several U.S. communities, although many people in the United States remain unaware of it. Although a legal holiday, it is not a federal holiday, and is not commonly observed. ###

Wood-Ridge VFW Post 3616

O'Byrne -- Second Place, and Michael Bak -- Third Place. Each then read their essays.

The Fall of Saigon Remembered

The following is a program summation presented by Tom Marshall, at VFW Post 809 in Little Ferry on April 29, 2013.

Prior to the service, a 40 minute video was played that summarized the conflict.

Honored guests, comrades, sisters and friends, the members of District 2 Veterans of Foreign Wars of the United States, and Vietnam Veterans of America (VVA) Chapter 800 were assembled here to remember comrades who served our country during the Vietnam War.

Marshall then provided remarks reviewing the conflict: "Forty years ago today,

January 27, 1973, The Paris Peace Accord was signed. This accord ended further U.S. involvement in the Vietnam War.

The Peace accord didn't end the War. Then again, most people don't even know when it began.

This program recognizes the Fall of Saigon on April 29 -- 37 years ago."

Commemorative Service

Marshall's remarks were followed by a short service:

The Vietnam Veterans of America Honor Guard marched forward presenting the Colors. The Officer of the Day prepared an Altar, followed by a salute to

our Nation's Flag.

The Chaplain delivered the opening prayer, The Pledge of Allegiance followed the invocation. The Colors were posted.

Before the dais was their Altar, with the opening of the Bible, it has become Sacred Ground. Here their Officers placed their symbolic tributes.

The President of VVA 800 lit a candle on behalf of all POWs and MIAs stating, "may it be a shining beacon of welcome to help guide them home."

A rose was placed at the altar for the 4,000 service dogs that were deployed.

Representing the colors of

the Flag, tributes of red, white and blue carnations were placed at the Altar. An evergreen tribute was placed signifying our love for our Countrymen and comrades that perished in Vietnam.

A laurel wreath was placed as a final token for Vietnam Veterans who have gone to their final reward.

An American flag was added to the Altar by Post Commander William Weber.

"Taps" was played with full

salutes.

Guest speakers included NJ Senator Robert Gordon, Sheriff Michael Saudino, Bergen County Clerk John Hogan, and Bergen County Chairman Pro Tempore John A. Felice.

The Chaplain gave the closing prayer. The National Anthem was played, the Colors were retired and the Altar was closed.

Marshall concluded: "To Vietnam Veterans everywhere I say to you *welcome home.*"

HHFD Holds Annual Inspection

With personnel in full dress uniform and equipment clean and polished, The Hasbrouck Heights Fire Department conducted its Annual Inspection, at 7:00 p.m., on Saturday, May 11, 2013.

The program began with Firefighter Thomas Rubino calling the Department to attention, the presentation of the Honor Guard, and the Pledge of Allegiance.

Commissioner David Gonzalez provided the invocation. Mayor Rose Heck and Fire Chief Richard Giarratana made comments.

Area Fire Chiefs inspected the Department's equipment -- and they did a thorough job.

Local officials and the public also inspected the equipment and met with the men and women who serve.

The Hasbrouck Heights Fire Department operates with approximately 35 volunteer members, including EMS and

Juniors.

The Hasbrouck Heights Fire Department has a Junior Squad for those between 16 and 18 years of age who offer on-scene support, but are not permitted to enter burning buildings.

Every firefighter must receive 25 weeks of basic firefighter training and every EMT receives 140 hours of basic training.

Many members continue extensive advanced training in the areas of search and rescue, vehicle operation, incident command, hazardous materials, first responder, mass decontamination, etc. The Department conducts training on a regular basis.

The Department is contracted to provide fire and ambulance service to the Borough of Teterboro, and has done so for over 60 years. In 2012, they responded to 1,400 ambulance

calls and 470 fire calls and other emergencies.

Its rolling stock includes two pumpers, 110 ft. ladder, heavy rescue truck, two ambulances and three chief vehicles. These assets are owned by the Borough of Hasbrouck Heights, but maintained by the volunteers.

The Department conducts only one fundraiser a year, with the proceeds providing training, supplies, etc.

The Department is a member of the South Bergen Fire Chiefs Mutual Aid Association, which helps to coordinate multi-departmental responses to large-scale incidents. Zone 2 includes Carlstadt, Little Ferry, Moonachie, Wallington and Wood-Ridge. These departments are also all volunteer.

The Department was established in 1896. Interested in joining? Call the Fire Chief at 201-288-0082. ###

Members of the Lodi Police Department shaved their heads as a token of support and to foster Breast Cancer Awareness for Alicia Veri-Rodriguez of Lodi. Alicia is the cousin to PO Dominic Miller who vowed to shave his head as soon as Alicia lost her hair. When Miller mentioned this to his co-workers, they voluntarily decided to shave their heads as well. Pictured from left to right: PO Christopher Irizarry, Capt. Joseph Quatrone, PO Eric Castillo, Alicia Veri-Rodriguez, PO Dominic Miller, PO Ricardo Rodrigues and Chief Vincent Caruso. The haircuts were donated by Alicia's best friend, Kristen Pinto, from Hair's Anthony Salon in Garfield. ###

At the April 23, 2013 Council meeting The Hasbrouck Heights Fire Department honored local resident Michael Cutruzzula with a distinguished service award for his actions on April 5th. On April 5, while playing games in his room, Michael smelled smoke. When he looked out his window he saw his neighbors' rear yard and deck on fire. He quickly told his father about the fire and called 911. Michael's quick action led to the proper response by the Hasbrouck Heights Fire Department. Due to his quick thinking and action the fire was extinguished and contained to the rear of the house. *Story and photo by Rob Knobloch.* ###

On April 22, 2013, two black, 2013 Mazda CX5s collided at Lawrence and Oak Grove in Hasbrouck Heights, resulting in a roll-over. Vehicle #1 was traveling north on Oak Grove when it was struck by vehicle #2 traveling east on Lawrence -- causing vehicle #1 to overturn. Driver #1 said vehicle #2 was speeding and vehicle #2 said vehicle #1 did not stop at the stop sign. Both victims were taken to HUMC by HHFD EMS and Lodi EMS. HHFD responded with Rescue and a fire engine and Lodi FD responded with an engine. Both vehicles were towed from the scene. ###

WRFD Gets \$538,650 Grant to Upgrade Communications

The Department of Homeland Security (DHS) has awarded a new federal FIRE Assistance to Firefighters Grants (AFG) to the Wood-Ridge Fire Department in the amount of \$538,650.

The current communications system shared by Hasbrouck Heights and Wood-Ridge is over 20 years old, requires the use of telephone lines between repeater sites and is technologically obsolete.

As demonstrated during the last two major storms, the fire department communications were overwhelmed.

This upgraded communications system should address these issues by using radio signals on its own frequency.

Communication among mutual aid departments will not be affected.

The equipment will include a new base station with six repeater sites to bounce communications across the system. A battery and generator back-up system is included. The price includes all installation, cabling, and other necessary parts.

The Wood-Ridge grant application to DHS began in June 2012. It is expected the new system will be operational in March 2014.

As the WRFD had to update its communications, this grant is a direct savings to Wood-Ridge taxpayers. ###

Carlstadt House Fire Displaces Two Families

On May 1, 2013, at about 8 a.m., the Carlstadt Fire Department responded to a fast moving house fire on Hoboken Road that displaced two families and a first floor law

practice.

The four-alarm blaze started in the basement of a three-story wood-frame structure with flames shooting up the walls, through the windows, forcing smoke through the roof.

Residents returning heard "popping noises" from the basement and saw fire through a window. They tried to go upstairs to rescue two pets, but were forced back by thick smoke in the hallway. Police managed to rescue one.

It took more than two hours for firefighters from Carlstadt, East Rutherford, Garfield, Hasbrouck Heights, Lodi, Moonachie, Passaic, Wallington and Wood-Ridge to bring the fire under control.

A Carlstadt firefighter suffered a knee injury and a Passaic firefighter suffered a back injury.

The cause of the fire is under investigation, but not considered suspicious. Officials believe it was electrical and started near a dryer in the laundry room.

Donations of gift cards, checks and cash (*no clothing*) can be mailed or delivered in person to First Presbyterian Church, 457 Division St., Carlstadt, NJ 07072. *Photos by Dennis Krontak Sr. ###*

On May 13, 2013, at about 3:30 p.m., the Wood-Ridge Fire Department responded to a three vehicle accident on Route 17 South in Wood-Ridge. One person was transported to the hospital. *Photo by Dennis Krontak Sr. ###*

On May 14, 2013, at approximately 1:17 p.m., the Hasbrouck Heights Fire Department responded to a smoke condition at the Getty gas station on Route 17 South, near Henry Street.

Upon arrival, firefighters cut power to the building housing a water treatment facility and suffocated the small fire apparently from an overheated pump, with smoke from a burning charcoal filter. Cause of the fire is under investigation. No injuries were reported.

Bergen County Police, Hazmat, and the Wood-Ridge Fire Department were on scene. The DEP was notified. *Photo by Dennis Krontak Sr. ###*
