Good Neighbor Day Benefits Food Pantry

Bill O'Shea's Florist promoted Good Neighbor Day on Wednesday, September 14, 2016. Owners, John and Linda Kosakowski, said that they gave out about 150 bunches of roses with the stipulation recipients keep one rose and pass along the others. During the event, food donations were collected for the Hasbrouck Heights Food Bank, netting about 80 bags of food.

It is believed that the first Good Neighbor Day was started by the late Brook Jacobs, owner of Greenbrook Flowers in Jackson, MS, in 1994. It was adopted and promoted by FTD nationally, with Bill O'Shea's Florist joining the program and continuously participating since 1995. ###

Moonachie Breaks Ground

U.S. Representative Bill Pascrell, Jr. (D-NJ) joined local, state, and county officials on Monday, September 12, 2016 for a ground-breaking ceremony for the new Moonachie Borough Hall, replacing the one that was destroyed in Superstorm Sandy, nearly four years ago.

Attendees also included: Chris Hartnett, Head of Public Assistance at FEMA Region 2, Moonachie Mayor Dennis Vaccaro, State Senator Paul Sarlo (D-Wood-Ridge), Assemblyman Gary Schaefer (D-Passaic), Assemblywoman Marlene Caride (D-Ridgefield).

Bergen County government representatives, Moonachie Council members and employees, and State and County Office of Emergency Management personnel.

Hurricane Sandy caused a devastating tidal surge from the Hackensack River that inundated Moonachie.

This surge caused Moonachie's Borough Hall and the Police Department (housed inside Borough Hall) to sustain significant damage and forced municipal officials and police officers to be temporarily relocated to mobile offices.

FEMA provided an original estimate of only \$68,000 for the damage to Borough Hall, significantly less than the costs required to repair the destroyed structure.

In March 2012, Rep. Pascrell helped negotiate an initial agreement between FEMA and the Borough on a replacement cost of \$1.1 million for the municipal building, still far less than the actual cost.

Moonachie appealed FEMA's decision and, with Rep. Pascrell's assistance, were able to get FEMA's approval for \$4.58 million to repair and elevate Borough Hall. ###

Little Ferry Police Awarded Accreditation

On September 13, 2016, during a Mayor and Council meeting, Harry J. Delgado, Accreditation Program Manager, NJ State Association of Chiefs of Police, presented the Little Ferry Police Department a Certificate of Accreditation from the NJ State Association of Chiefs of Police.

Accreditation is a symbol of professionalism, representing a significant professional achievement. Having fulfilled all of the accreditation standards as established by the NJ

State Association of Chiefs of Police, and independent reviewing authority, LFPD was hereby awarded a three year certificate of accreditation that runs through June 2019.

Only 162 out of 470 law enforcement agencies are accredited. Accreditation is a process that takes about 2 years. Twenty-nine states have an accreditation program. New Jersey started their program in 2002. Accreditation is voluntary and available to police, sheriff and prosecutors' depart-

ments.

Accreditation standards give the Chief a proven management system of written directives, sound training, clearly defined lines of authority and routine reports that support decision making and resource allocation.

Accreditation represents a significant professional achievement. Accreditation is a progressive and time-proven way of helping law enforcement agencies calculate and improve their overall performance. ###

The week of August 8, 2016, Bible Baptist Church in Hasbrouck Heights, opened its doors for its annual VBS Summer Program titled "Ocean Commotion."

More than 85 kids from 1st to 6th Grade attended daily. They learned about how Noah learned to stand for God, obey him and trust him when God warned Noah about the flood and what Noah had to do to prepare.

Kids brought in items like toothpaste, mouth wash, soap and shampoo that will be handed out to those who are less fortunate by Wrapped In Hope. *For more information about what Wrapped In Hope is about or how you can support them -- email Wrappedinhope347@gmail.com*

On the last day, parents and kids came together for some fun while enjoying an ice cream sundae bar. ###

A hint of the treasure trove of memorabilia, the **Assumption Parish 90th Anniversary Exhibit** is in the final stages of completion. A tapestry of beloved images and memorabilia of both the parish and beloved school, the exhibit will be on display in Father Patrick Morris Hall until June of 2017.

The lights are shining bright in Assumption. Literally. With the new lighting system installed, the Church interior is brightened not only in visual clarity but in a vibrant Franciscan spirit. In addition, the elevator installation, the renovation of handicap accessible bathrooms, new industrial kitchen and the completed prayer garden will set the

stage for a new chapter in the Church's future.

As the Assumption Parish renovation project is in the final stages, the parish community is set to have a wonderful year of treasuring the past and celebrating the future, while implementing a new era in accessibility and community outreach. *Provided by Rose Lepore. ###*

Seniors Meet and are Entertained

Eighty members of the Hasbrouck Heights Leisure Club attended the September 13, 2016 meeting. This was the first meeting held after the long hot summer break. The group was treated to the music and comedy of Artie and Jack, better known as 'Two for the Road'.

Despite having problems with their equipment, they carried on to entertain the members. Artie and Jack are like the colors red and green or like the spices salt and pepper. They work well together. There are times the duo could be compared to the team of Martin and

Lewis -- fun loving and warm.

During the meeting portion of the afternoon, members signed up for the Halloween Party, the Thanksgiving Luncheon and the Christmas Party. They also received information about the Flu Shots and the Wellness Luncheon.

Linda Cross from the Division of Senior Services in Bergen County will be the guest speaker at the next meeting of the Leisure Club scheduled for October 12, 2016, at 12:30 p.m. Ms. Cross is an expert on all current information related to Medicare. *Photo and story by Marie and Peter Gallo Jr. ###*

Knights Thank Residents

The St. Anthony Council #11585, Knights of Columbus located in Wood-Ridge, want to thank all who helped make their Annual Community Blood Drive a success.

The drive was held on Friday, September 9, 2016, instead of the usual September 11th date. This was due to a conflict in obtaining a Bloodmobile on that date.

The Community Bloodmobile was stationed on Valley Boulevard at Veterans Park (Valley Boulevard between Highland Avenue and Marlboro Road). Knights Chairman John Johansen also thanked all Knights who assisted the personnel from the county. PG ###

Hunter’s Moon

The October full moon appears on Sunday, October 16, 2016, at 12:23 a.m. It is called the “Full Hunter’s Moon.”

According to “The Farmer’s Almanac,” with the leaves falling and the deer fattened, it is time to hunt.

Since the fields have been reaped, hunters could easily see fox and other animals which have come out to glean.

Other names for this moon include “Full Travel Moon,” and “Full Dying Grass Moon.”

The Native American Indians of the northern and eastern United States kept track of the seasons by giving a name to each recurring full moon. European settlers followed the custom. ###

A unique collection of some of the very best that MWWU has to offer from their private Grand Reserve collection, will be offered for tastings and for purchase. This will be a great way to supplement your wine collection with some great tasting wines, at a fraction of the retail cost.

This event is like going to a vineyard and having them offer some of their private collection to the public. The wines will be introduced and discussed by Diane and John, owners of MWWU.

As you know MWWU always makes wine only using the very best grapes that are available during a growing season, and this group has reaped the benefits of that dedication to details over the last three wine seasons producing several award winning vintages for us.

What fun it will be to put your unique labels on these wines to make them your own. We are very excited to be part of this special event.

Smile for Halloween

As children, we can all remember the advice from our parents, “don’t take candy from strangers.” Except, the reality is that on one day a year children are encouraged and permitted to seek and ask for as much candy from others regardless if they know them.

Parents can help ensure the safety of their little costumed trick or treaters by celebrating within their costumes at a party or other group function. A controlled environment may mitigate some of the risk when trick or treating to strangers.

Another risk from the Halloween treats is the effect on the teeth. Sugary treats can cause cavities in teeth and result in pain, infections, and tooth loss. Proper brushing and flossing can reduce the affects of sugar on teeth. Some treats are better and some are worse as listed below.

Better

1. Sugar-free lollipops and hard candies: These treats stimulate saliva, which prevents dry mouth. A dry mouth allows plaque to build up on teeth faster, leading to an increased risk of cavities.

2. Sugar-free gum: Chewing gum can actually prevent cavities, not only because it helps to dislodge food particles from the teeth, but also because it increases saliva. Saliva works to neutralize the acids of the mouth and prevent tooth decay.

3. Dark Chocolates:

Worse

1. Sugary snacks: Candy corn, cookies, and cake all contain a high amount of sugar which can cause tooth decay.

2. Chewy/sticky sweets: Gummy candies, taffy, and even dried fruit can be difficult for children and adults to resist, but they are a serious source of tooth decay, particularly when they get stuck in the crevices between teeth and make it nearly impossible for saliva to wash away.

3. Sour candies: High acid levels in these treats can break down tooth enamel quickly. Saliva slowly restores the natural balance of the acid in the mouth.

Be certain to brush and floss after consuming any of the sugary treats. Your dentist may offer other strategies to reduce the risk of tooth decay.

**Operation Take Back
October 22**

Hasbrouck Heights Police Chief Michael J. Colaneri announced that on Saturday, October 22, 2016, between 10 a.m. and 2 p.m., the Hasbrouck Heights Police Department, 248 Hamilton Avenue, will be participating with the DEA as well as the Bergen County Prosecutor’s Office in “Operation Take Back New Jersey.”

“Operation Take Back New Jersey” is a program to provide the citizens with a safe and legal method to dispose of their unwanted, unused, and expired medications. Please be advised that if an individual wishes to surrender obvious, non-pharmaceutical, illicit drugs, they may do so at that time. This program is anonymous and all efforts will be made to protect the anonymity of individuals disposing of medications.

Each year a growing number of teenagers quietly turn to a seemingly unlikely source to score drugs—their parents and family members’ medicine cabinets.

The goal of the program is to allow the citizens of NJ to deliver all of their unused, unwanted, or expired medications to law enforcement officials who can in turn dispose of these controlled substances in a safe and non-hazardous manner, preventing these pills from falling into the hands of juveniles or into the illicit market in our communities.

Syringes and other sharp instruments will not be accepted. ###

The lone score of the game came early in the 1st quarter, on a pass to Corey Simmons. Quinn Weber threw the screen pass to his tight end (Simmons) who raced down the right sideline for a forty-yard touchdown.

The remainder of the game was a defensive stalemate. Offensively, the White team found little running room. Quarterback Myles Balchan was under pressure all day, and running backs Joey Philp and Russ Snyder found little daylight.

co Mearizo and Giancarlo Glass.

The Blue team's defense was relentless and was led by two strong corners, Rudy Garofalo and Matthew Bonagora, sealing up the outside. The inside was just as stingy, led by tackles Troy Waddell, AJ Nunziato, Anthony Montanez, Nicholas Gremanis and linebackers Damian Gregory and Emmett Carney. Joseph Marullo had 3 carries for 22 yards for the Blue team.

Both teams will be going on the road this week to battle division rivals. The Rutherford Pee Wee Bulldogs (8-9 year olds) defeated the Wallington Panthers 27-0 in the 2016 season opener. The Bulldog defense, Nick Scalley, Marchello Fernandez, David Rojas, Ryan Hayes, Laudan Henry, Jimmy Queli, Antonio DeCarlo, Devon Burgos, and George Brewton set the tone by not allowing the Panthers into Bulldog territory.

The Bulldogs rushing attack was off to a good start with Antonio (Animal) DeCarlo scoring the first of two touchdowns on the Bulldogs first offensive play. Laudan Henry also contributed with two touchdowns and an extra point behind the solid blocking of Cuya Khan, Joe DeMayo, Nick Scalley, David Rojas, Devon Burgos, Ryan Hayes, and Andrew Moeller. Jake Torre led the offense at quarterback, James Queli carried for an extra point, and Andrew Moeller sealed the victory by pinning back the Panthers with an excellent deep kick off in the third quarter.

The second half was just as dominant with Chris Kasperan leading the offense; and the Bulldog defense Declan Manning, Vincent DeNunzio, Jaycub Decarlo, Johnny Amatucci, Edward Chmura, Kai Doyle, Angelo Pizza, and Nick Lora completing the Bulldog shut-out.

The Rutherford Junior Bulldogs (10-11 year olds) began the season with an incredible last minute win over the visiting Bridgewater Panthers.

The game turned into a defensive battle as both teams kept the opposing offenses off of the scoreboard.

The Bulldog offense led by quarterback Van Weber, Anthony Bonogura, Danny Francisco, Danny Carr, and Ryan Ward moved the ball well throughout the game but could not punch in the needed touchdown.

This was due in large part to the kicking game of the Panthers who continuously pinned the Bulldogs back in their own territory. The defense played solid in the shutout letting up only one first down during the entire game.

Linebackers Zach Herninko, Cole Goumas, Luke Cerulli, TJ Sing, and Van Weber were relentless as they filled holes. Cornerback Anthony Bonogura and Danny Francisco shut down the outside and the defensive line led by Danny Carr, Owen Fernandez, Christopher Lora, and Ryan Ward dominated in the trenches.

With a few minutes left and the game tied 0-0, the Bulldogs put together a solid drive moving the ball to the Panther 2 yard line.

The line of Luke Cerruli, Steve Pisciotta, Sal Fernandez, Arthur Costan, Alejandro Garcia, and Owen Fernandez opened up big holes. But again, the Bulldogs could not punch it in, as they were stopped at the goal line on fourth down.

The defense which took the field with a minute to play forced a fumble. On the ensuing play, Anthony Bonogura swept around the right end and the Bulldogs took the lead in incredible fashion. The extra point pass from Van Weber to Dan Carr sealed the win at 7-0.

The Rutherford Bulldog Senior team (11-12 yr olds) blasted their way to a 30-14 victory over the Wallington Panthers. The Panthers won the toss and took the field on offense.

The Bulldog defensive unit saw Wallington try and run either side but Alex DiMaulo, Erik Goumas, Rich Lugo and JJ Herninko protected the edges

while John Fernandez, Robbie Cartwright and Anthony Doren stuffed the middle.

After a long completed pass by the Panthers, the Bulldogs stiffened and stopped the Panthers on downs.

The offense took the field and started blasting off tackle. Doren, Cerulli, Christian Montefusco and Jake Rangel took turns carrying the rock off tackle on both sides.

The offensive line of Evan Ward, Lugo, Justin Sarnowski, Fernandez, Christian Goumas, Cevallos and Erik Goumas continued to push when Doren broke for a 70 yard TD run. The PAT by Montefusco was good making it 8-0 Rutherford.

The Wallington Panthers responded with a TD of their own making it 8-7 Bulldogs. The Senior Bulldogs were stopped on the next series but the defense stepped up as cornerback Cevallos intercepted a pass giving the Bulldogs possession.

The Bulldogs blasted their way down the field again with Cerulli punching it into the end zone. Montefuscos' PAT was good again, leaving the Bulldogs with a 16-7 lead at the half.

The second half saw much of the same as the Senior Bulldogs kept blasting their way off tackle. Anthony Doren broke for another 70 yard TD run but Wallington came back with another deep pass.

With the score 22-14, the Bulldogs started digging deep. A combination of the heat and physical game saw the "Dogs" come together in true teamwork fashion. Players including Connor Finan, James Earnst, Brendan Ahearn and Michael Ferrara all took turns rotating through multiple positions to finish the game strong. Cerulli, Doren, DiMaulo, Rangel, Herninko and Ward all rotated in the backfield as Doren found the end zone one more time from 20 yards out. Erik Goumas sealed the game on a Panthers fumble recovery.

Artful Thinking

By Artie Maglionico • Lodi Historian

There was a full moon that night if I recall. If there wasn't there should have been because it was Halloween and since this is my story I'm sticking with a full moon...any objections? Okay then let's continue.

The year was 1959 and the streets up on the Lodi Hill... Lodi, New Jersey, that is...were filled with creatures of the night who were out in force going from house to house collecting their due bounty or else.

I, along with the kids from Westervelt Place, was among them. The Hill was so busy with ghouls and goblins that it was normal to have a dozen or more of them showing up at a doorstep at the same time vying for position doomed to repeating that exhausting phrase "trick or treat."

In those days even the shy-

est kid was bound to collect more than his or her share of goodies. There was everything from Clark Bars and Three Musketeers to jelly apples and those notorious tooth decay promoters known as "Candy Corn." Those sugar coated little kernels were a parent's worst nightmare and a dentist's best friend.

Now folks you have to take into consideration that a parent didn't have to examine each treat individually before allowing it to be consumed by their child. Jelly apples? Are you kidding? Not today my friend in fact if it doesn't come in a tightly sealed wrapper it is not finding its way into a kid's treat bag let alone past a mother's watchful eye.

Anyway...wait, what was I saying? Oh yeah trick or treat-

ing, under a full moon, with the kids from Westervelt Place.

Many of the costumes were homemade of course ... you know... hobos, rag dolls, clowns, witches and the occasional Frankenstein mask which a kid couldn't keep on for more than a few minutes at a time due to the lack of oxygen.

Our pal, Johnny Rannou, took the easy way out and donned the traditional ghost costume. It was simply a bed sheet with two holes cut out of it to see through.

Unfortunately, for Rannou, the costume was made out of his mom's brand new, yet unused, bed sheet.

The next thing we saw was a panic stricken Rannou darting out of his front door freeing himself from under the bed sheet as he ran down the steps. He didn't stop running until he was sure that his mom had given up the chase.

To go trick or treating without a costume was deeply frowned upon by the Keepers of Halloween lore and for the kid who fit that description it could mean only one thing... No Candy!

Now Johnny Rannou was first at many things but being the first kid in history without a costume on Halloween was one distinction he wanted no part of. I gave him an old cowboy hat of mine that was left over from my Hop Along Cassidy want to be days and a black mask with a long rod attached to the side of it so that you had to hold it over your eyes instead of actually wearing it.

I don't recall where that mask came from but it had to belong to somebody's aunt. Anyway, Rannou's costume dilemma was solved. He looked like The Lone Ranger at a masquerade ball.

Now I'm going to back. It was getting late...for a 9 or 10 year old 7 p.m. was pushing it but since this Halloween fell on a Friday we didn't have to worry about school the next day...Yes folks it was a Friday night and there was a full moon...get it?!

We had made our way up Westervelt Place to the homes

by Columbus School. On the side of the street, across from the school, there was a ditch that the DPW had been working on all that week. It had barriers on each side upon which hung round kerosene lanterns that gave off enough light to ward off an oncoming vehicle or hob goblins like us.

Tired and feeling the effects of all that candy we decided to sit down on the curb near that dimly lit hole in the ground.

By the way for those of you who are interested in the exact location of that ditch it was in front of a white brick house with a long walkway that leads to the front door.

Anyway there we sat comparing our treats to see who got more Milky Way bars and if a tradeoff was the next order of business.

Suddenly in the heftiness of the night air we heard what sounded like a muffled groan coming from out of nowhere.

We looked at one another, shrugged our shoulders, then continued to rummage through our treat bags...stuffing ourselves in the process.

Moments later we heard it again only this time it was loud enough so that it caught our attention and caused us to gulp down the wad of candy that had just found its way into our mouths. It was a deep, agonizing sound that sent chills through our young bones and creased the night air in its passing.

Immediately, Halloween took on a different meaning, at least it did to us. A mud caked hand reached from out of that ditch and grabbed my cousin Anthony's foot. My frightened cousin jumped completely out of his shoe and fell backward onto the sidewalk. We turned to Anthony who was pointing frantically in the direction of the ditch.

There before our panic stricken eyes was none other than "Hank" struggling to climb out of the abyss, coated with dirt and with the look of death on his battered face.

He looked at us and reached out his hand as if he wanted us to help him out of the hole. Did he want us to pull him out or did he want to pull us in? We didn't stick around to find out instead we grabbed our treat bags (*hey, we were scared but not hysterical*) and hightailed it out of there at a frenzied pace.

My cousin Anthony led the way minus a shoe which didn't slow him down at all in fact, he didn't realize it was missing until we made it safely back to the corner store.

We barely caught our collective breath when we saw Anthony's father, my uncle Armando, standing in front of

his house whistling for his son to come home. Going home with only one shoe did not bode well for my cousin Anthony since it was a school shoe and a new one at that and still months away from a visit to Benny the shoe maker.

The next thing we knew the family car was backing out of the driveway and headed in our direction. It stopped at the corner as my cousin rolled down the window and told us to climb in the back seat.

We were headed back to that dreaded ditch where, as far as we knew, Horrible Hank was lying in wait. On the way we told my uncle about our frightening encounter and how it scared the shoe out of his son...or was it the other way around?

We got out of the car and hid behind my uncle as we approached the ditch. We were still shaky but with my 6'2, 220 pound uncle with shoulders as wide as a Cadillac Fleetwood running interference for us we had gained a new found sense of bravado. There, at the edge of the hole, slightly muddled but no worse for wear, was Anthony's shoe.

As my uncle bent down to pick it up we heard that horrific groan again. Armando turned, looked down into the ditch reached into it and pulled out none other than the gruesome one himself. By then we had all run back to the car which was parked in front of Columbus School.

We watched in total amazement as my Uncle Armando dusted Hank off, made sure that he wasn't hurt, then handed him what appeared to us to be money. He then sent Hank off on his way until he vanished into that moonlit Halloween Night.

It had turned out, according to my uncle, that poor Hank, after experiencing a "stupefied" "loss of equilibrium, had fallen into the very ditch he'd been digging and was knocked unconscious when he hit bottom. Maybe old Hank was unconscious before he fell in...who's to say?

"It's a good thing you lost your shoe." Said my uncle to his son as we drove home. "They might have filled that ditch up with Hank still in it. They'd have buried him alive."

Buried alive? A ghastly image to ponder in our young, sugar coated minds. Yet in the end it was my cousin Anthony's lone Buster Brown that gave this otherwise macabre Halloween story a happy ending.

Happy Halloween from the kids from Westervelt Place Thank you Mary "Candy" Petrisin. ###

Halloween In The Park

Woodland Park will be invaded by ghosts, goblins, aliens and assorted scary characters on the evening of Tuesday, October 18, 2016 (rain date Wednesday, October 19).

Last year, over 600 participated in this event.

Halloween in the Park will begin at 6:15 p.m. and conclude at 9:30 p.m.

Every 15 minutes, two hayride trailers will take turns collecting riders at the Harrison Avenue end of the pavilion and go around to the back section of the park where they will be frightened by a variety of terrifying citizens of the night.

Youngsters should sign up for the earlier time slots as the

fright station tableaux will be less scary.

After the horrific experience ride, they can escape at the Roosevelt Avenue end of the pavilion — where they will be treated to cider and cookies.

The pavilion fireplace will be warm and glowing. Al DeAngelo and Pantophobia Haunted Attractions will assist in this event.

Organizations are invited to “set-up” and operate a fright station. Call Rob Brady at 201-288-4143 for details.

The event is sponsored by the Hasbrouck Heights Recreation Department. Tickets are \$5. Children under 10 must be accompanied by an adult. For tickets email hhrec@aol.com. For more information call 201-288-4143. ###

Fun Halloween Facts

• Halloween is the second highest grossing commercial holiday after Christmas.

• According to Irish legend, Jack O’Lanterns are named after a stingy man named Jack, who, because he tricked the devil several times, was forbidden entrance into both heaven and hell. He was condemned to wander the Earth, waving his lantern to lead people away from their paths.

• The first Jack O’Lanterns were actually made from turnips.

Public Safety Officials wish you a safe, fun Halloween!

Halloween Safety

Halloween is a cherished tradition, but the excitement of the night can cause children to forget to be careful.

There is no real “trick” to making Halloween a real “treat” for the entire family.

The major dangers are not from witches or spirits but rather from falls and pedestrian/car crashes.

Both children and adults need to think about safety on this annual day of make-believe.

The Wood-Ridge Fire Department passes along these safety suggestions for a safe Halloween.

Parental Tips

- Make sure that an adult or an older responsible youth will be supervising the outing.
- Do not use open flame candles in jack-o-lanterns. Commercially available battery lights are much safer and do not pose a fire hazard.
- Parents should never let their children carve a pumpkin unsupervised.
- Do not hand out homemade or unwrapped candies to children.
- Parents should plan a route for their child to use while trick-or-treating and set an early return time for them.
- To welcome trick-or-treaters, switch on your porch lights or any exterior lights.

Trick or Treat Tips

- Do not go inside anyone’s house. Remain on the stoop or porch at all times.
- Do not go into a stranger’s

automobile.

- Walk, do not run, from house to house. Do not cross yards and lawns where unseen objects or the uneven terrain can present tripping hazards.
- Do not take shortcuts through backyards, alleys, or parks.
- When crossing the street look both ways. Do not cross between cars.
- Always use the sidewalk.
- Trick-or-treat on well-lit streets within your neighborhood.
- Children should always travel in a group.
- Use the buddy system, and make sure you have at least one buddy with you the entire evening.
- When you return home, have an adult examine and discard all candies that are not factory sealed or wrapped by the candy manufacturer. Never eat homemade or unwrapped treats.
- Children should carry spare change or cell phone in case of an emergency or if they need to call home.

Costume Tips

- Only purchase and use flame retardant costumes.
- Children should wear white, reflective clothing, or use reflective tape and carry either a flashlight or glow stick.
- Costumes should fit properly; avoid loose or baggy costumes.
- Costumes should not be so long that they are a tripping hazard. *(Falls are the leading cause of injuries on Halloween.)*
- If children are allowed out after dark, outfits should be made with light colored materials. Strips of retro-reflective tape should be used to make children visible.
- Avoid any type of open flame while wearing a costume.
- Encourage children to wear face paint as opposed to a mask. Face paint should be non-toxic and meet FDA standards.
- If a mask is worn, make sure that the eye, mouth and

nose openings are large enough to ensure adequate breathing and full range of vision.

• Materials made of 100% polyester or modacrylics are best for making homemade costumes. They are less flammable. 100% polyester and modacrylics may be purchased at most local fabric stores.

• **REMEMBER** – A flame-retardant costume does not mean that it is fire proof. Always keep your costume away from any type of open flame or other heat sources.

Accessories

- Knives, swords and other accessories should be made from cardboard or flexible materials. Do not allow children to carry sharp objects.
- Bags or sacks carried by youngsters should be light-colored or trimmed with retro-reflective tape if children are allowed out after dark.
- Carrying flashlights will help children see better and be seen more clearly.

Motorists

The Hasbrouck Heights Police Department Traffic Bureau urges motorists to be especially alert on Halloween.

- Watch for children darting out from between parked cars.
- Watch for children walking on roadways, medians and curbs.
- Enter and exit driveways and alleys carefully.
- At twilight and later in the evening, watch for children in dark clothing. ###

HHFD Fund Drive

The Hasbrouck Heights Fire Department begins their annual fund drive by delivering their appeal letters to each household starting Sunday, September 25, 2016, and for up to 3 days afterwards. Please mail your donation by sending a check in the enclosed return envelope. Residents not receiving an appeal letter may send their contribution to HHFD, P. O. Box 492, Hasbrouck Heights, NJ 07604. This is the Department’s only fund drive. ###

Don’t Wait: Check the Date

Fire Prevention Week October 9 - 15

The National Fire Protection Association (NFPA) announced “Don’t Wait: Check the Date! Replace Smoke Alarms Every 10 Years” as the official theme for this year’s Fire Prevention Week campaign, October 9-15, 2016.

Hasbrouck Heights Fire Chief Pat Hayes said, “The focus on smoke alarm replacement comes as the result of a recent survey conducted by NFPA, which showed that only a small percentage of people know how old their smoke alarms are or how often they need to be replaced.”

NFPA 72, National Fire Alarm Code®, requires smoke alarms be replaced at least every 10 years, but because the public is generally unaware of this requirement, many homes likely have smoke alarms past their expiration date, putting people at increased risk in the event of a home fire, according to South Hackensack Fire Chief Jerry D’Amico

Wood-Ridge Fire Chief Ronald Phillips Jr. said, “Smoke alarms play an essential role in home fire safety, but they have to be working properly in order to protect people.”

Moonachie Fire Chief Justin Derevyanyk noted that “This year’s Fire Prevention Week campaign represents the final year of a three-year effort

to better educate the public about the importance of smoke alarms, and what it takes to make sure they’re in working order.”

Lodi Fire Chief Mike Varrecchia stated that according to an NFPA report, in one-fifth (20 percent) of all U.S. homes with smoke alarms, the smoke alarms aren’t working; three out of five home fire deaths result from fires in properties without smoke alarms (38 percent) or with no working smoke alarms (21 percent).

Carlstadt Fire Chief Tony D’Amico said, “People tend to assume that simply having smoke alarms in their home ensures adequate protection from fires, but it takes regular testing and maintenance to ensure that that’s the case.” According to

Little Ferry Fire Chief Michael Mickendrow Jr. said, “Part of that effort is making sure you know how old the smoke alarms in your home are, and that they’re replaced every 10 years.”

East Rutherford Fire Chief Michael Felten noted that the age of a smoke alarm can be determined by looking for the date of manufacture on the back or side of the alarm, and to replace the units 10 years from that date.

Rutherford Fire Chief Kelcey Keeler concluded with, “To learn more about smoke alarms and Working Smoke Alarms Saves Lives,” visit NFPA’s website at www.fireprevention-week.org” ###

HHFD Open House Oct. 23

This event is open to the public and will feature Fire Prevention demonstrations, sign-ups for the carbon monoxide/smoke detector program and fire equipment demonstrations. ###

WRFD Inspection

The Wood-Ridge Fire Department will hold their Annual Inspection, 5:30 p.m., on Saturday, October 1, 2016.

The Department will be in full dress uniform. The equipment and Fire Headquarters will be presented for inspection. Department personnel will be available to answer any questions. The event is attended by local officials as well as Fire Chiefs from area towns. The public is invited to attend. ###

Since 1977, the Chore Volunteer Handyman Service of the Volunteer Center of Bergen County has been helping elderly and/or disabled people, by performing minor household repairs that clients cannot perform themselves.

The Chore Service assists in improving the quality of life of older people who are living independently.

Chore’s services include installing grab bars and railings, smoke and carbon monoxide detectors; repairing leaky faucets or toilets, replacing broken door locks, installing weather-stripping, changing screens and storms, replacing light bulbs, fixing broken lamps and switches, installing simple electrical fixtures or replacing existing electric outlets and switches.

There are some jobs that are beyond Chore’s capacity. Chore cannot service emergencies, and does not do outdoor

work, painting, work requiring high ladders, tiling, door or window replacements, heavy lifting, new wiring or appliance repairs, cosmetic repairs or interior decorating.

Chore serves Bergen County residents who are at least age sixty (60) or who are permanently disabled of any age. Chore operates three vans which are staffed by 45 volunteers. Crews, comprised of a driver and two to three volunteers, are on the road every business day year round.

Each year, Chore volunteers make approximately 2,000 home visits, complete over 5,000 repairs, and log in over 10,000 hours of service.

Chore volunteers are also needed. A Chore Handyperson volunteer goes on service calls one day a week from 9 am to 2 pm. Volunteers enjoy being part of a crew of one or two other volunteers plus a driver. Each crew is assigned 4 to 5

service calls each weekday.

Back-up volunteer handy-men and women are also welcome.

Prospective volunteers should be able to perform minor household repairs such as those that able-bodied homeowners must do. Ideally, volunteers will be available on a regular basis so Chore can schedule a regular day with the same crew.

Chore provides service without charge; the only cost to the client is for parts necessary to complete the repair. To schedule a repair, or become a Chore Service volunteer, call 201- 489-7790. For info: <http://bergenvolunteers.org/> / ###

October has come. Wow, how fast a year can go. This is Halloween season. It's the time for monsters and ghosts and goblins to come out trick or treating.

Also time for some kid to egg houses and destroy personal property, but that's not this article. Horror movies on the TV, candy and all the fun stuff that comes with the spooky holiday, all a good time.

Witchcraft, black magic, curses, hexes, and evil are all brought to mind with the Halloween movies. Dracula and werewolves and demons all take to the big screen to scare the audience. As every movie fan knows Dracula is repulsed by garlic and the Cross. Werewolves can be killed by silver bullets.

Halloween is all complete nonsense but a lot of fun. This month I tell the tale of the silver bullet. Not a bullet for werewolves, but another kind.

During the Revolution, both the Americans and the British used spies. Not really news of course. Spies have been used and are still used to gain every advantage over an opponent in war and peace. It's a dangerous business. To get caught means death.

So spies used many methods to hide their secrets. Invisible ink, coded messages, hidden compartments have all been used to hide messages from the eyes of the enemy.

General John Burgoyne and his army are in New York State in the year 1777. They are trying to fight their way to Albany. They ran into stiff resistance and need help.

So he sent messengers to New York City to ask Sir Henry Clinton for help. Burgoyne wants Clinton to send a force north to put pressure on the American Army blocking his way. Sir Henry does move a force to do just that.

They advance up to Bear Mountain and take two small forts, Fort Montgomery and Fort Clinton. He sends out a messenger with a secret message for John Burgoyne.

As history shows, Clinton's move up to Bear Mountain and Kingston, New York was too little too late. The Americans in front of Burgoyne's army were not affected. After the Battle of Saratoga, Burgoyne was forced to surrender anyway, but what of the messenger Clinton sent out? What happened to him?

The book I read didn't give me his name. So I don't know if history records it anywhere or not but he hid his message from Clinton to Burgoyne in a small capsule. The capsule was round and the same size of a musket ball. It was silver and popped open to reveal the message inside.

To get a message to fit inside it was written on tissue paper. Tissue is thin and light and it has the ability to be compacted more than paper or parchment to fit such a small space as provided with a silver musket ball. Now all he had to do was get it to Burgoyne.

For some reason he waited two days before leaving to travel north to see Burgoyne.

On October 10, 1777, he goes north to New Windsor and is stopped by a group of men on guard duty. He told them he must get through. When they questioned him he said he was a friend and demanded to see General Clinton. They took him to General Clinton. Once in front of General Clinton he realized in horror that he was standing in the wrong camp.

How can this be? A trick, a curse, black magic, an evil spell or witchcraft might all explain what happened to him that day in a long gone October, but I'm going with old fashioned bad luck.

You see what he didn't realize is that the British had General Henry Clinton and the Americans had General George Clinton. George Clinton and his men just lost Fort Montgomery and Fort Clinton (*named after George, not Henry*) and they were regrouping at New Windsor.

The unlucky British agent took the silver musket ball out of his pocket and promptly swallowed it. The sentry saw him do it. They poured some concoction down his throat to induce vomiting.

On the ground he puked up the musket ball but, ever faithful to his cause or more likely to his life, he scooped it up and swallowed it down again.

General Clinton lost patience and told him to cough it up or we can tie you to a tree and cut it out. Again the concoction went down.

Again the ball came up, this time in two halves. The ball opened in his stomach and the message was now irretrievable. The message now gone, the silver bullet was enough proof. He was a spy.

The British sacked Kingstown and the spy was hung in a nearby apple tree. Yes, October is the month of crazy scary stories. Certainly tall tales are told. Is this a fake story? Did this happen? Could someone be that unlucky?

Go to Fort Ticonderoga when you get a chance. It's a long car ride from Northern New Jersey but should you want proof of the truth of this story stroll the Fort and check behind the doors. Behind one of them is a glass display case.

What's in it? The Silver Bullet of course. Take a look at it. It was the last meal of a spy that left him bobbing for apples. Happy Halloween. ###

The Jerseymen at Gettysburg

Part 3 of 7 Cavalry

An infantry company, when formed, was to have one hundred men. Ten companies, lettered A to K (the letter J was not used), formed a regiment. Four to six regiments formed a brigade. Two to four brigades made up a division. Two or more divisions made up a corps.

At Gettysburg, The Army of the Potomac had seven infantry corps and one cavalry Corps. In the Union Army, Corps were designated by Roman Numerals.

The 1st Brigade, 1st Division, VI Corps, was known as the "FIRST NEW JERSEY BRIGADE."

The brigade was made up of the 1st New Jersey Volunteer Infantry, Lt. Col. William Henry Jr., Commanding. The 2nd NJ Vol. Inf., Lt. Col. Charles Wiebecke, Commanding. The 3rd NJ Vol. Inf., Col. Henry W. Brown, Commanding.

The 4th NJ Vol. Inf., Major Charles Ewing, Commanding, and the 15th NJ Vol. Inf., Col. William H. Penrose, Commanding. The brigade was led by Brig. Gen. A.T.A. Torbert.

The brigade was one of the best and most experienced in the Union Army. It was formed in 1861, trained and led by General Phillip Kearny. Kearny led the brigade until his death at the Battle of Chantilly, Virginia, in 1862. The men of the brigade so loved their fallen leader, they had a town named after him in Hudson County.

The VI Corps was a hard-marching outfit. From June, 28-30, they averaged 21 miles a day. At this time, 13 to 15 miles a day was the norm for most Union Corps.

On July 1, 1863, the brigade was at Manchester, Maryland. At 10 p.m. they were ordered to march to Gettysburg. They arrived at 4 p.m. on July 2. The brigade covered 35 miles in just 18 hours.

Seven companies of the 4th NJ were assigned to guard the Artillery Reserve supply train. The other three acted as Provost guard of the brigade. The VI Corps was placed in Army Reserve and was not actively engaged during the battle.

The 4th NJ, at the height of the Confederate bombardment on July 3, were deployed along the Baltimore Pike, in the rear of the Union line, to stop and hold those men who felt it was not safe in the front lines.

These men were turned over to the Army Provost Marshal. The brigade had a total

of eleven men wounded, one was mortal, from Confederate artillery fire. On July, 5, the VI Corps would lead the Army in the pursuit of the retreating Confederates.

Another well-traveled regiment was the 13th NJ Vol. Inf., of the XII Corps, under the command of Col. Ezra Carman.

During the battle, the 13th was transferred to various locations around the battlefield. They arrived about 4 p.m., on July 1, near Rock Creek and formed a line here to protect the right flank of the Army. At 9 a.m., the regiment was moved to Culp's Hill. In the afternoon, they again shifted their location to a hill near where their monument is now located. At around 6 p.m., the 13th was sent to support the III and V Corps on the Army's left wing. After the line had stabilized, they were ordered back to Culp's Hill. Arriving about 10 p.m., they found that their old position was now held by Confederate troops. At 4 a.m., the XII Corps attempted to take back their lost position.

The 13th supported attacks by the 2nd Massachusetts and 27th Indiana. This unsuccessful attack inspired the Confederates to launch a counterattack. This was directed against the left flank of the 13th.

It was during this attack that the regiment saw its heaviest casualties. One killed, one mortally wounded and one wounded, at that time.

At 6 p.m., the regiment was shifted right and, at 7:30 p.m., they were sent four miles east to support the cavalry. By the time they arrived, the cavalry battle was over. Here they spent the night.

After arriving back, the next morning, on Culp's Hill, they were sent on a reconnaissance to check the area around Culp's Hill. They confirmed that the Confederates had pulled back. In all, the 13th had marched about 23 miles during the battle. During the three days, they suffered a total of 21 casualties.

POW/MIA Recognition Service

On September 11, 2016, following a service to commemorate the 15th Anniversary of 9-11, Little Ferry Post 806 Veterans of Foreign Wars, their Auxiliary, and the Vietnam Veterans of America Chapter 800, held a POW/MIA service.

The third Friday in September has been reserved by Congress for the Recognition of our POW's and those that are Missing in Action.

Here are excerpts of the program:

VFW Post Commander Joseph Wisneski stated: "We must not forget the sacrifices these comrades are still making and the suffering they are still enduring for us and our way of life.

They must remain alive in our minds and hearts until we know they have returned home to their loved ones or have been called to the bosom of Our Heavenly Father.

We must continue to give moral support to their families who continue to suffer along with them. Join with me now as we all remember their sacrifice to our Glorious Republic.

Since the birth of our Nation during the Revolutionary War we have always known the risks of war.

Men enlist and die in service fighting our enemies. There is no way around the fact that war means death. So too is the fact that many of our service men have been taken prisoner. To be a prisoner of war means that you are now at the mercy of our enemies. History has shown that most of

them had no mercy at all.

World War II gives us many examples of the horror that life for a prisoner of war was and is today.

Germany took 95,500 of our men as prisoners during the War. Men were hoarded into overcrowded camps suffering food shortages and unsanitary conditions. There are many cases where men surrendered and were just executed.

Japan took 27,465 U.S. Army and Air Corps personnel as prisoners.

The Japanese viewed surrendering as dishonorable, because of this, the treatment these prisoners were given was horrible in every way. They were subjected to murder, beatings, forced labor, medical experimentation, starvation and poor medical treatment.

33% of them would die in captivity. Japan even went so far as to issue an order in March of 1943 that the Imperial Navy was not be allowed to take a prisoner at sea.

In the Korean War it would be more of the same. Men that were captured were subjected to torture and executions. They suffered malnutrition and diseases. Unlike the past wars, when the Korean War ended in 1953, it was reported that 900 of our men were never given back to the United States.

In Vietnam like all the past wars, our POW's were subjected to torture, starvation, beatings and murder.

To hide all this from the U.S. press, they would dress prisoners up in clean clothes

and order them to tell the press they were receiving good treatment.

If they refused, they would be beaten. These beatings would sometimes lead to the prisoners' death. Like the Korean War, the Vietnam War would also lead to speculation as to whether we received all of our men back when the War ended.

The War in Afghanistan and Iraq brought new horror to anyone taken prisoner. Without reason or compassion they execute prisoners, civilian and military, and put the execution on the Internet for the entire world to see. They have hung our countrymen from bridges and have thrown their bodies into rivers. Their actions resemble more of the conduct of barbarians than honorable enemy combatants.

To be a prisoner is certainly something no one plans on being when they go overseas.

Possibly the only thing worse is to go missing in action. Missing in action is the term applied to anyone that has disappeared while on military service.

In the chaos of combat where thousands of men are fighting for their lives and the lives of their comrades, it is all too common to lose track of soldiers and not be sure of what happened to them when the fighting is over.

Some no doubt, were blown to pieces by artillery shells or landmines, some captured by the enemy, others crash landed on the battlefield and in

jungles. The canopy of a jungle can cover a downed plane in a week. With no confirmation of what happened to these servicemen, they get listed as missing in action.

The hardest part is that the military has no answer for the family when they ask what happened to my son, my husband my father? Who can tell me where my daughter's plane went down? Did my aunt survive the crash? Thousands of times over the years these questions have been asked. Their families are tortured by the unknown fate of their loved ones.

Over 400,000 Americans lost their lives in World War II. What most people forget is that 73,000 went missing in action. They remain unaccounted for to this day.

In Korea 53,000 lost their lives and another 7,500 remain missing from the War.

In Vietnam 58,000 Americans gave their all by laying their lives down for our way of life and another 1,600 never returned, their where-a-bouts unknown but to God.

126 Men remain missing in action during the Cold War and 7 are missing in action from the wars in the Middle East.

Those that are missing are not considered dead. We have the hope and wish that they may all still be returned to us alive. Search teams have been sent to every country Americans have ever fought in.

These teams dig at crash sites and battlefields looking for a trace of the men missing

from a long ago mission, in a war most people forgot.

Many times they have found the remains of one of our Countrymen and repatriated them back into the United States.

They close a mystery for their families and give America a chance to bury a serviceman with full Military Honors. The search continues and will never cease until each one of our service personnel has been accounted for. "

Auxiliary President Roseann Nemec then made the following presentations:

- George Latko and Maureen DeHaven, in honor of the sacrifice your father, Chester Latko, made for his country as a POW captured during the Battle of the Bulge in WWII, I present you with this POW/MIA flag.
- Comrade Raymond Kooman in honor of the sacrifice you made as a POW captured during the Battle of the Bulge in WWII, I present you with this POW/MIA flag.

Master of Ceremonies Thomas Marshall concluded the program, "To the thousands of Veteran POWs' that have survived captivity, we can never repay you for your suffering. We are forever grateful for your service. To our Missing Comrades still out there. Know now that we continue our search to account for each one of you. We will never stop our search, until we can welcome all of our Comrades Home." ###
